**\* Note:** In the rare case that a request is denied, you **will not** be able to submit another request via the grade change application, please email Shemeka Penn ([pennsc@wfu.edu](mailto:pennsc@wfu.edu)).

**Other messages you may receive when making a request to change a grade:**

This student is not eligible for a grade change because the degree has been awarded.

- (If student has already graduated, the grade cannot be changed.)

The requested grade change is being submitted after the 60 day deadline and requires special approval. Please provide a detailed explanation below as to why this grade needs to be changed.

- (Grade changes have a 60-day deadline. If you request to change a grade after 60 days, you will receive this message. The WIN application, however, will still send the request to the evaluator (Dean). It is then the evaluators' or committees' decision to approve/deny a request.)

The grade can not be changed to the current grade.

- (You will receive this message if you are trying to change a grade to the same grade that was originally reported. Please select another grade from the drop down menu.)
