WHAT IS A QEP?

QEP stands for Quality Enhancement Plan and presents an opportunity for us to enhance student experiences at WFU. It is a multi-year investment in an initiative that arises from our Strategic Framework and aims to improve student learning and/or success. The QEP is a requirement for SACSCOC accreditation, and provides an effective structure to bring a project to fruition and make it sustainable as a long-term gain for our students. We hope you will take part in the QEP topic selection this year.

WHO IS INVOLVED IN QEP SELECTION?

Students, faculty, and staff can all play a role, from contributing a topic idea in the student learning and support ideas survey or submitting a proposal to participating in feedback on the top proposals later this year.

WHAT WAS OUR PREVIOUS QEP?

Wake Forest's 2016 QEP Transcending Boundaries: Building a Global Campus Community established four key initiatives: Arrive@Wake (Connect@Wake) for incoming international students to facilitate their transition across cultures; Global AWAKEnings, a first-year abroad program; Global Villages as living/learning communities focused on global mindedness; and the Global Laureates Academy, a network of faculty and staff exploring topics and challenges in global learning.
