

## **Report to the Senate of the April 14, 2016 Student Life Committee Meeting of the Board of Trustees**

Submitted by *Christian Miller, Professor of Philosophy, Chair of the College Student Life Committee, and Faculty Representative to the Board.*

This meeting consisted of two panel presentations by WF students to the Board members, followed by a brief presentation by Andy Chan:

- 1) Three students shared their experiences with the Wake the Vote program, and answered questions from those present.
- 2) Four students shared their experiences volunteering as student EMTs, and answered questions from those present. This was a particularly impressive presentation. Most board members had no idea of the tremendous work these students are doing.
- 3) Andy Chan gave a brief overview of a newly launched website for students to use in job seeking, the OPCD's Marketplace Web Resource.

My sense was that the goal of this meeting was primarily to educate this part of the board about what is happening on these various fronts. It was a very enjoyable meeting, and the board members were very positive about all three of these presentations. The meeting adjourned at 3:25pm.
