

Optional Practical Training: Confirmation of Program Completion

To Be Completed By Student & Academic Advisor: Optional Practical Training (OPT) is a benefit of the F-1 visa status. OPT provides students with 12 months to pursue full-time employment in their field of academic study. An offer of employment is not required. In order for International Student & Scholar Services (ISSS) to determine each student's eligibility for OPT, we must assess the student's progress towards their degree program. As such, we seek input from the student's primary academic advisor (or equivalent official) to help us determine the student's academic progress and date of degree completion. The student should complete the student information below, and the advisor should complete the academic information and confirm the expected degree completion date for the student. Please return the completed form to the student. We appreciate your assistance in providing evidence to support this student's eligibility for OPT.

STUDENT INFORMATION

Student Name: _____
Last *First*

Student Email: _____
@wfu.edu

Student ID#: _____

Expected Graduation Date: _____
Month and Year

Major/Field of Study: _____
