## FACILITIES & CAMPUS SERVICES

### All Hands On Deck

On June 7th, Facilities staff gathered, masks on and socially distanced for the first All Hands meeting since COVID-19 pandemic restrictions have prevented gatherings in person. Departmental updates along with staff recognition and announcements followed an introduction by John Shenette.

### 2021 Champions of Change

Congratulations to Mike Draughn and the Maintenance & Utilities Teams for earning this year's Resource Conservation Award from the Office of Sustainability, presented by Provost Rogan Kersh. Our group's dedication and hard work toward the goal of climate neutrality continued through COVID-19 restrictions, saving resources during a largely anxious and uncertain time for campus.

Sophie Wimberley received the Bright Ideas award for her efforts in introducing accessible textile recycling and reuse to campus through the Green Zone pilot program. More information about the program can be found on our website.

Karl Darr was recognized as an Everyday Champion of Change. Karl is the foreperson for the Reynolda Village landscaping team. He has demonstrated leadership through several landscaping practices to enhance ecosystem health, including adding native plants in Reynolda Village and along the Reynolda trails.

## Events

### Commencement 2021

This year's Commencement Weekend celebrated the accomplishments of the Class of 2021 and reflected on the challenges of the last year and how our graduates rose above them.

With the events and festivities shifting location from Hearn Plaza to the LJVM Coliseum and Triust Field, Facilities staff supported the event from a whole new perspective this year.

## NCAPPA

The NCAPPA Conference was hosted virtually this year with a special capstone presentation by Facilities & Campus Services on our 2019 Performance of From the Ground Up. The "Making Of" Documentary followed by a Q&A with select performers nicely wrapped up the conference this year, which was postponed from being hosted by Wake Forest on campus last year due to Covid.
