

Dean's Office Digest

November 18, 2019

Last week, the Supreme Court began reviewing whether the Trump administration can legally shut down the Deferred Action for Childhood Arrivals (DACA) program, which protects some 700,000 young undocumented immigrants from deportation and has allowed many to receive federal financial aid through college work study programs. It will be a long eight months before the Supreme Court renders its decision, most likely in June 2020; this waiting game will only exacerbate the high levels of anxiety and fear DACA students and their families already face.

Many staff, faculty, administrators, and students recognize how unsafe undocumented students on our campus feel given this ongoing political uncertainty and have asked how they can better support them in these worrisome times. Please review the resources available on the Office of Diversity and Inclusion's website, under the heading Undocumented Student Support. The Office of Civic and Community Engagement (OCCE) also offers a training workshop titled UndocuPeers that explores the particular challenges undocumented students face in the U.S. Moreover, the ODI and ODOC stand ready, as we have since 2016, to provide our undocumented students with the critical support they need — including assisting with attorney consultations — in this especially challenging time.

While national political vicissitudes wreak havoc on some of our students' lives, other students manage to wreak havoc on themselves through their own poor decision making. Please actively discourage your seniors from participating in the "Senior Fifth." This unfortunate tradition is characterized by participating seniors setting out to drink a fifth of liquor during the tailgate of the last home football game of the season; this year, this will be the WF vs. Duke game on Saturday, Nov. 23. Calling out this event and personally discouraging your students from participating is one of the most effective ways to ensure their safety. Faculty expressions of caring are among the strongest proven antidotes to these kinds of self-destructive behaviors.

Thank you for your commitment to "the whole student" at Wake Forest. This is one of the most important reasons why the Wake Forest education we offer is indeed transformative.

Professor of Philosophy University of California, Riverside

"Aiming for Moral Mediocrity"

Most people aim to be about as morally good as their peers—not especially better, not especially worse. We do not aim to be good, or non-bad, or to act permissibly rather than impermissibly, by fixed moral standards. Rather, we notice the typical behavior of our peers, then calibrate toward so-so. This is a somewhat bad way to be, but it's not a terribly bad way to be. We are somewhat morally criticizable for having low moral ambitions. Typical arguments defending the moral acceptability of low moral ambitions—the So-What-If-I'm-Not-a-Saint Excuse, the Fairness Objection, the Happy Coincidence Defense, and the claim that you're already in The-Most-You-Can-Do Sweet Spot—do not survive critical scrutiny.

FACULTY'S NOMINATIONS FOR SENIOR ORATIONS SOUGHT

Nominations due today

Faculty: Please nominate students to prepare orations for the 2020 Senior Colloquium competition, which will take place on Wednesday, February 5.

Nominated students will have demonstrated substance, depth, clarity, and style in their oral presentations. These students must be eligible for graduation in May 2020 or have graduated in August or December 2019.

To nominate, please send the full name of your nominee(s); we need no other reference information. We will contact nominated students and invite them to submit manuscripts. All nominations must be submitted to **Sarah Frederick** in the Office of the Dean of the College by end of Monday, November 18.

For more history on this long-standing tradition, and examples of past orations, please visit the Senior Orations webpage.

A READING BY AUTHOR ABBEY MEI OTIS

Thursday, Nov. 21, at 6 p.m., ZSR Auditorium

The Dillon Johnston Writers Reading Series in the Department of English presents a reading by author Abbey Mei Otis at 6 p.m. on Thursday, November 21, in ZSR Auditorium. A reception and book signing will follow.

Abbey Mei Otis is a writer, a teaching artist, a storyteller, and a firestarter raised in the woods of North Carolina. She loves people and art forms on the margins. Her story collection, Alien Virus Love Disaster, (Small Beer Press) was a finalist for the 2019 Philip K. Dick Award and the Neukom Literary Arts Award for Speculative Fiction. For more information, contact Joanna Ruocco and visit english.wfu.edu.

DR. KENNETH RIBET TO GIVE DUAL TALKS

Wednesday, Nov. 20, at 5:30 p.m., Porter Byrum Welcome Center; Thursday, Nov. 21, at 11 a.m., Carswell 101. Click image for full-size poster.

2019 Gentry Lectures

Dr. Kenneth A. Ribet
University of California - Berkeley
November 20 & 21, 2019

Kenneth Ribet is Professor of Mathematics at the University of California, Berke

Ribet studied at Brown University and Harvard University. He received his PhD in 1973 from Harvard, where his advisor was John Tate. After three years of teaching in Princeton and two years of research in Paris, Ribet joined the Berkeley faculty in 1978.

Ribet works in number theory and algebraic geometry. He is best known for his proof that Fermat's Last Theorem would follow logically from the modularity conjecture, then a well-known unproved conjecture about elliptic curves. When Andrew Wiles obtained cases of this conjecture in 1995, Wiles obtained Fermat's Last Theorem as a corollary because of Ribet's prior work.

Ribet is a member of the editorial boards of numerous book series and research journals. He was elected to the American Academy of Arts and Sciences in 1997 Prize in 1989 and received an honorary PhD from Brown University in 1998. He received the Browner medal from the Royal Dutch Mathematical Society (KWG) in 2017.

Ribet was inducted as a Vigneron d'honneur by the Jurade de Saint Emilion in 1988. He received his department's Distinguished Teaching Award in 1985 and again in 2013.

November 20, 2019 Kulynych Auditorium Porter Byrum Welcome Center - 5:30pm

"What did Sophie Do?"

I will speak about Sophie Germain, a mathematician who was born on April Fools' Day, 1776, and Fermat's Last Theorem, a statement about powers of positive integers that was formulated in the 17th century and proved almost exactly 25 years ago. Although Sophie Germain is known primarily for a single result that she proved in the direction of Fermat's Last Theorem, it has become increasingly clear that her contributions to mathematicians have been systematically underestimated. The mathematical argument that I will sketch use only basic algebra and the fundamental fact that numbers can be factored uniquely into products of prime numbers.

Reception immediately following the talk in the Conservatory

November 21, 2019 Carswell Hall—Room 101 11:00am

"Fermat's Last Theorem, 25 Years Later"

Fermat's Last Theorem is the statement that the sum of two perfect $\eta^{(h)}$ powers of positive integers is never a perfect $\eta^{(h)}$ power, when η is an integer bigger than 2. It was formulated in the 17th century and proved almost exactly 25 years ago. I will explain some of the recent history of the theorem and outline the sequence of steps that led up to the proof in 1993 and 1994. The proof was presented in two articles from the 1990s, one by Andrew Wiles and the other by Richard Taylor and Wiles. Both articles led to an enormous number of follow up articles by powerful mathematicians. Despite these recent advances, it is unclear whether the proof from 1994 has been simplified in any substantial way.

DR. TINA BOYER PRESENTS LECTURE ON 15TH CENTURY DOOMSDAY BLOCK BOOK

Tuesday, Nov. 26, at 4 p.m., DeTamble Auditorium in Tribble Hall

Dr. Tina Boyer

presents

The Antichrist and the Fifteen Signs of Doomsday

The Antichrist and the Fifteen Signs of Doomsday was a popular block book of the fifteenth century. Not only does it outline the countdown to the end of the world but also shows the Antichrist performing wonderful miracles. The miracles do not happen through divine help, but through magic and alchemy that the Antichrist learned from evil magicians. What were these miracles and why do they not appear anywhere but in this book? The exploration of this question leads to a search for how apocalyptic texts were used in the fifteenth century and the origins of the Antichrist's miracles.

TIP: VoiceThread is integrated with Canvas!

Rick Matthews, Director of Academic and Instructional Technology. Watch this space in each Dean's Digest for handy tech tips. This tech tip comes from instructional technologist Suzanne Thompson.

You can create a VoiceThread assignment in

Canvas, asking students to:
Create a VoiceThread
Comment on a VoiceThread
Watch a VoiceThread

As you grade the VoiceThread assignments, the grades go into the Canvas grade book. Learn more about VoiceThread and how to create a graded VoiceThread assignment in Canvas: https://itg.wfu.edu/blog/canvas-voicethread/

ADVISING SENIORS INTENDING TO GRADUATE IN MAY

Please review DegreeWorks for each senior you advise. The requirement block and individual course requirements should have green check marks beside them or a squiggly line (if they are enrolled in but have not completed the course requirement). If any students have unmet requirements (empty red check boxes), please reach out to them immediately because their May graduation could be in jeopardy.

CALL FOR FIRST-YEAR SEMINARS

Deadline for proposals: Friday, Jan. 17, 2020, Noon

The Committee on First-Year Seminars is accepting proposals for new seminar courses to be taught during the Fall 2020 semester or thereafter. Click on the following links for proposal guidelines and submission form.

STUDENT ADVISER NOMINATIONS

Deadline: Friday, Dec. 6

The Office of Academic Advising is seeking nominations for 2020 student advisers. If you would like to recommend students as student adviser candidates, please complete and submit this form: https://forms.gle/z5b48XTUfmgoG8ne9. A recommendation does not guarantee the student a position as a student adviser. He/she must apply, interview, and be selected for the position.

JOHN JAMES JOINS OAA AS ACADEMIC COUNSELOR

Welcome to John James, the new Academic Counselor in the Office of Academic Advising! John, originally from Cary, North Carolina, graduated from Wake Forest College in 2014. From there, he went on to Union Theological Seminary of NYC to pursue his Master of Divinity. While completing his degree, he began working with Columbia University's Disability Services as a proctor. The office brought him on full time as Student Services Coordinator, following his graduation from Union, where he organized intake and registration for the DS office. After two years, John decided he was ready to return closer to the family, friends, and mountains waiting for him in North Carolina and looks forward to reuniting with the Wake Forest community in his new capacity.

LETTERS SO DEAR

Orientation and Lower Division Programming has launched a new initiative called the Letters So Dear campaign, which infuses encouraging and authentic messaging to our first-year and transfer students. Letters So Dear are sent out each Monday and provide advice, messages of support, and details about programming occurring on campus. You can see the Letters So Dear archive here or join our mailing list on the same webpage. If you know upperclass students who could write a letter, please encourage them to send their submissions via email to Cherise James.

POST-REGISTRATION ADVISING ANNOUNCEMENTS

The Open Course Report is an easy-to-read listing of Spring 2020 courses with open seats, updated weekly from the end of registration through the last day to add. Tell your advisees who are looking for course openings that they should view the <u>Open Course Report on the</u> Office of Academic Advising website.

FINAL EXAM POLICIES

There should be no departure from the final exam policy unless prior arrangement has been made through the Committee on Academic Affairs. If you have any questions about this policy, please consult your chair or Associate Dean of Academic Advising Ashley Hairston.

The policy states: Students should have no more than two final exams in a 24hour period. If they do, they should be permitted to reschedule one.

Alternative exam times can be scheduled in addition to the regularly scheduled exams, provided the additional times fall within the allotted time period for exams. Evenings could be used for scheduling.

No exams should be given in lieu of final exams before the beginning of the regularly scheduled exam period.

Tests counting one-fourth or more of a student's grade are not to be given during the last week of classes. If such tests are deemed necessary at the end of the semester, they should be given during the scheduled final exam period.

INCOMPLETE GRADE POLICY

Faculty must adhere to the policy of awarding "Incomplete" grades as described **here** in the Academic Bulletin.

NATIVE AMERICAN AWARENESS MONTH KEYNOTE SPEAKER:

DR. SHONDA BUCHANAN

FINDING THE MISSING PIECES: USING BLACK AND NATIVE WOMEN'S BODIES AS ACTS OF GENOCIDE

Author of five books, award—winning poet and educator Shonda Buchanan was born in Kalamazoo, Michigan, a daughter of Mixed Bloods, tri—racial and tri—ethnic African American, American Indian and European—descendant families who migrated from North Carolina and Virginia in the mid—1700 to 1800s to Southwestern Michigan. Black Indian, her memoir, begins the saga of these migration stories of Free People of Color communities exploring identity, ethnicity, landscape and loss. Books are available for purchase through the University Bookstore. Book signing to follow event.

Sponsored by: Intercultural Center, Native American Student Association, Student Activity Fee and Women's Center

NATIVE AMERICAN AWARENESS MONTH INCLUDES DR. SHONDA BUCHANAN EVENT

Wednesday, Nov. 20, at 5 p.m., ZSR Auditorium

The Intercultural Center and the Native American Student Association have partnered for the Native American Awareness Month. The 2019 theme is Genocide. Keynote speaker Dr. Shonda Buchanan will give an address on "Finding the Missing Pieces: Using Black and Native Women's Bodies as Acts of Genocide" on Wednesday, November 20, at 5 p.m. in ZSR Auditorium. In coordination with Native American Awareness Month, there is a display in Benson featuring beads and red dresses. The beads represent the magnitude and uncountability of Native deaths because of genocide; and the red dresses attempt to honor Native women who have been murdered, kidnapped, and violated under duress of genocide. There is a sister display at the entrance of ZSR Library. Click on the poster for a full-size image.

INTELLECTUAL WELLBEING MONTH

Today at 11:30 a.m., Benson Food Court

An upcoming wellbeing event is open to faculty, staff, and students. "Herbal Teas and Traditional Remedies" is planned from 11:30 a.m. to 2:30 p.m. today at the Benson Food Court.

EDUCATING THE WHOLE STUDENT

Wednesday, Nov. 20, at 3:30 p.m., ZSR 665

Ten years ago, Wake Forest produced a series of white papers as part of its Strategic Plan. One of those white papers, "Educating the Whole Person," highlighted the institution's commitment to helping students "find their place in the world" by educating their "mind, body, and spirit." In this workshop, CAT Executive Director Betsy Barre will facilitate a conversation about the significance of this commitment, and what it might mean for our work with students inside and outside the classroom. Register here.

FINISHING WITH A FLOURISH: ACTIVITIES FOR THE LAST DAYS OF CLASS

Thursday, Nov. 21, at 3:30 p.m., ZSR 665

Join us to discuss practical and easy-to-implement activities that will help your students integrate their learning across the semester. You will leave this workshop with a plan for making your last day more engaging and meaningful for both you and your students. Register here.

DH@Wake Workshop Series Tuesday, Nov. 19, at 2:30 p.m., ZSR 665

HELP US PREVENT HARM FROM "SENIOR FIFTH" THIS WEEKEND

What a fall it has been for our Demon Deacon Football team! As the season is nearing an end, so too is the time for our seniors to attend their last home football game on Nov. 23rd vs Duke. Unfortunately, some students may also be planning to participate in "Senior Fifth."

"Senior Fifth" is extremely dangerous! Over the past few years, the WFU Alcohol and Other Drug Coalition, campus partners, and student leaders have worked hard to reduce and prevent harm surrounding "Senior Fifth." This effort has included outreach by faculty to undergraduate senior students. We encourage you to talk with your senior students about good judgment at their last home football game, thereby ensuring the safety and care of each student and the broader Wake Forest community before, during, and following the game. We are also reaching out to ask you to consider sending a personal email to seniors with whom you have a relationship, encouraging them not to take part in "Senior Fifth" and to take care of themselves and others during this dangerous activity. (Find our letter template HERE. Feel free to add your personalization. Please list the names of the seniors to whom you'll be sending an email HERE to avoid duplication.

With your support and assistance, we are hopeful that our final home football game will be a cherished memory for everyone, especially the Class of 2020. The Spirit of Wake Forest lives in all of us. Thank you for your leadership and commitment to continuing a legacy of greatness at Wake Forest!

Thank you and Go Deacs!
