

From the Desk of Guest Editor Associate Dean Eric Stottlemeyer:

The Engaged Liberal Arts

If you're like me, you may never have heard of something called the Engaged Liberal Arts when you first started teaching at Wake Forest. My pedagogical foray into the ELA began when I developed a summer field studies course in the Alaska wilderness. Designing the course forced me to think about, and conduct research on, the mechanics of human learning, particularly in a field course where the nearest classroom walls are hundreds of miles away. I witnessed first-hand the monumental impact that a student's direct experience can have on retention, critical analysis, and, especially, creative thinking and problem solving. This is old news, of course, to anyone who has led a study abroad or study away program, or for those of you who regularly teach field courses. I have to admit, though, that the experiential component of the course helped my students achieve a kind of learning that I had never previously been able to provide.

In my role as Associate Dean for the Engaged Liberal Arts, I've sought to develop a more concrete definition for this kind of work. The definition is a work in progress, to be sure, but here's where I've landed so far: Drawing upon the strengths of Wake Forest's education, the Engaged Liberal Arts emphasizes flexibility, creativity, problem solving, communication, empathy, inclusion, critical thinking, and analysis in experiential contexts. At the intersection of disciplinary and interdisciplinary knowledge and public life, the Engaged Liberal Arts recognizes that experiences outside the walls of the classroom empower students to create personal and interpersonal transformational change rooted in traditional academic knowledge. As such, the Engaged Liberal Arts invites students to explore themselves and their worlds as both local and global citizens committed to discovering their passions and talents and leading lives of *pro humanitate*.

What does this mean where the rubber meets the road, so to speak? Across the College, students have ample opportunities for structured learning beyond the classroom. Every year, [the URECA Center](#) provides multiple funding streams for students pursuing mentored research, and the Center helps administer the [Richter Scholarship Award](#), which sends students abroad during the summer to complete their own research projects. [The 2018 Mellon Foundation Grant](#) provides resources to combine traditional classroom learning with real world experiences in communities across Forsyth County. [The Office of Civic and Community Engagement](#) develops partnerships with community organizations that involve students in volunteer projects, service-learning courses, internship programs, and community-engaged research. [The Office of Sustainability's](#) Campus as Lab program connects faculty, students, and staff to work on campus sustainability projects, often leading to collaborative solutions. And [the Center for the Advancement of Teaching](#) helps faculty members carefully consider all the dimensions and rewards of project-based learning and problem-based courses.

Engaging our students in experiential learning doesn't mean that we have to redesign an entire course. If we think of the ELA as a spectrum, we might put a short classroom exercise on one end, an entire project-based course on the other, and varying levels of engagement in between. If you have any ideas for ways the College might further develop the Engaged Liberal Arts, please feel free to reach out to me at stottlem@wfu.edu, or pick up the phone and call x4169.

- Eric Stottlemeyer, Associate Dean for the Engaged Liberal Arts

HARDCASTLE ANNOUNCED AS NEW ASSOCIATE DEAN OF ACADEMIC PLANNING

The Office of the Dean of the College is excited to announce that Anne Hardcastle, Chair and Associate Professor of Spanish and Italian, will be

taking over the role of Associate Dean for Academic Planning in the Office of the Dean of the College effective July 1, 2020.

Anne has served as a talented department chair since 2016, having joined the Romance Languages Department at Wake Forest in 2002. She has demonstrated strong faculty leadership across her Wake Forest career beyond her department. Her exemplary service to the College has included Chair of Chairs, the Dean's Task Force on the College Curriculum Review, the Search Committee for the Associate Dean for Academic Advising, the Honor and Ethics Council, and multiple program reviews and interdisciplinary searches.

Associate Dean Christa Colyer, who has excelled in this critical role for four years, will be returning full time to teaching and scholarship in the Chemistry Department. Christa always sets a very high standard for academic excellence in the College, even as she generously supports every faculty and staff member seeking her wise counsel and tremendous expertise. All of us will want to send Christa our gratitude and wish her the very best when she returns to Chemistry this summer.

Research by Sandeep Mazumder, Associate Professor of Economics, was cited in the article "ECB Researchers Say Inflation Isn't So Puzzling After All" in *Bloomberg* on Jan. 7, 2020.

Natalie Valdes, a senior in the Politics department and a Wake Forest Research Fellow, has co-authored a paper "Unbiased, Reliable, and Valid Student Evaluations Can Still Be Unfair" accepted for publication in *Assessment & Evaluation in Higher Education*.

SAFE OFFICE UPDATES

The UCC is pleased to announce that Dr. Emily Palmieri, PhD, LPC-S has been promoted to Assistant Director of Specialized Services. In this role, Dr. Palmieri will continue to provide eating disorder services to campus and provide strategic leadership regarding services with high needs for on-campus interdisciplinary care, which includes the Safe Office. Dr. Palmieri brings 11 years of clinical experience working with clinical mental health, families, trauma, substance use, and eating disorder work into this role in addition to a passion for supervision and systems leadership.

Additionally, we are excited to announce the arrival of two new Safe Office Counselor/Advocates, Stephanie Duisterhof, M.Ed, Ed.S, LPCA; and Bethany Miller, MSW, LCSWA. Stephanie Duisterhof brings five years of clinical experience from various levels of care, including most recently serving as a victim advocate with the Marine Corps in Okinawa, Japan. Bethany Miller is a WFU alumnus ('15) who has been working as a Safe Office On-Call Responder alongside her work in inpatient mental health and volunteer work with Family Services of Forsyth County.

Eastern University"The Terrible Covenant of Sloth:
Acedia and the Hatred of Being"

Can *acedia*, often translated as sloth, be understood not simply as a personal vice but as deeply informing our cultural moment? Sloth is a lack of magnanimity, a failure to desire and will the fullness of our good, a perverted humility which rejects the good as making too many claims on our freedom. Rather than being magnanimous or great-souled, we'd rather be free. Oddly, sloth is less about laziness than we might think, and even our addiction to work reveals our sloth, our impatience with limits, our odd lust for power, and our addiction to autonomy and freedom.

NOMINATIONS FOR SCHOONMAKER FACULTY AND STUDENT PRIZES FOR COMMUNITY SERVICE

Deadline: Friday, Feb. 7, 2020

Nominations are being accepted for the 2020 recipients of the Schoonmaker Faculty and Student Prizes for Community Service. A committee composed of faculty, administrators, and alumni will meet later this month to determine this year's recipients. Please send your nominations to [Kelly McConico](#) by Friday, February 7, 2020.

Through this award, the Alumni Council seeks to honor faculty members whose records for community service are exemplary. Community service for this award is defined as service to the greater community, the University community or a combination of the two. In the summer of 1993, the award was named in memory of the late Don Schoonmaker ('60), Professor of Politics and the 1993 recipient of the Faculty Prize for Community Service.

The student award was established in 2007 by the family and friends of Professor Schoonmaker. With the student award, the university also recognizes those students with outstanding community service records.

Please include specific information about how your nominee has served the Wake Forest community and/or the community at large. Selection will be based on the following criteria: amount of involvement, actions taken, achievements, and impact on the community. Please limit the information submitted for each candidate to no more than two pages. You may re-nominate any candidate from a previous year whom

you would like to have considered again by simply updating your letter. Please keep in mind that nominees typically are not selected on the first attempt and we encourage you to submit the name again.

Past recipients of The Schoonmaker Faculty Award include Melissa Jenkins, Simone Caron, Christina Soriano, David Levy, Mary Dalton, Ulrike Wiethaus, Anne Boyle, Herman Eure, Jack Fleer, Susan H. Borwick, Ellen Kirkman, Paul Ribisl, Katy Harriger, Stephen Boyd, Charles Richman, Thomas Taylor, Andrew Ettin, and Richard Sears.

The recipients of the 2020 awards will be announced to members of the Wake Forest community during Founders' Day Convocation. Cash awards will also accompany both honors.

Please feel free to contact [Rene Bailey](#) if you have questions concerning the nomination process. Thank you for your support of the Schoonmaker Faculty and Student Prizes for Community Service.

GLOBAL VILLAGE INVITES FACULTY APPLICATIONS
Applications accepted until program fills

The Center for Global Programs & Studies is seeking an interested faculty member to teach the companion course to the Global Village Living & Learning Community cohort of 24 students during Fall Semester 2020 or Spring 2021. The selected faculty member will develop a curriculum aligned with the INS 130 (1.5 hr) course description, the Global Village student learning outcomes, and the goals of the Living & Learning Community. INS 130 (1.5 hr) will not be a part of the faculty member's course load; instead, compensation will be in the form of a \$3,500 stipend, subject to university policy.

For more information and application instructions, click [here](#) or contact [Kara Rothberg](#), Program Coordinator for Global Campus Programs.

FACULTY FUNDING OPPORTUNITIES FROM OFFICE OF THE ASSOCIATE PROVOST FOR RESEARCH AND SCHOLARLY INQUIRY

Deadline for PRG: Feb. 28, 2020

Deadline for CPG: Mar. 6, 2020

Pilot Research Grants (PRG)

provide seed funds to develop new proposals deemed likely to attract external funding. They primarily support recently appointed faculty; those entering a new research area in which they do not have significant external funding; and scholarly work in disciplines in which external support is limited. In all cases, the goal is to submit a proposal for external funding. Spring deadline: February 28, 2020.

The Collaborative Pilot Grants (CPG) program

aims to stimulate research projects between Wake Forest University Reynolda Campus faculty and another institution, including Wake Forest University Health Sciences, that will lead to extramural funding for both institutions. Up to \$20,000 will be awarded for each project. The number of awards is contingent on availability of funds. Deadline: March 6, 2020.

STUDENT TRUSTEE POSITION TAKING APPLICATIONS

Nomination deadline: Feb. 3; Application deadline: Feb. 10

The Student Trustee position on the University's Board of Trustees is open to all rising, full-time junior and senior students (i.e. current sophomores and juniors) at Wake Forest University who are not on academic or social probation. The selection process will take place during this spring semester. The new Student Trustee will be finalized during the Board of Trustees' April meeting and will begin their term during Summer 2020, at the summer meeting, or at the first meeting of Fall 2020.

When identifying candidates, the Student Life Committee considers many factors including:

- A nominee's experience and success in and outside of the classroom
- A clear vision of what constitutes the Wake Forest University community
- A desire to make positive change within the Wake Forest University community

Student Trustee Nominations: The Student Life committee encourages all members of the University community to nominate students for the role of Student Trustee on the 2020 – 2021 Board of Trustees. Nomination forms [are available here](#). All nominees will be informed of their nomination and asked to consider submitting an application. Nominations must be received by 5 p.m. on Monday, February 3, 2020.

April 22 and April 23

The Center for the Advancement of Teaching, with the support of numerous University academic and administrative departments, will facilitate Wake Forest University's first annual Inclusive Teaching Conference beginning the evening of Wednesday, April 22, and continuing all day Thursday, April 23. Featuring prominent scholars with expertise on various aspects of inclusive teaching, this conference will allow for multiple, simultaneous sessions that faculty can participate in based on their particular academic and pedagogical interests. Devoting a day, rather than asking faculty to fit a series of workshops into their already overbooked schedules, will allow for community-building and focused attention on these critical issues. For additional information about the scholars who will lead the workshops, and to pre-register for the conference if you have not already done so, please see the [conference website](#).
