Functional Area: Office of the Chaplain	Date Issued: February 22, 2022
Applies To: All Faculty, Staff, and Contract Workers	Page(s): 5
Policy Reference(s): N/A	Governance Body: CEF Operations Committee

1. **Responsible Person**

The University Chaplain is responsible for maintenance of this policy, and for responding to questions posed regarding this policy.

2. **Purpose/Rationale**

The purpose of the Chaplain's Emergency Fund is to provide limited financial assistance to eligible Wake Forest University faculty, staff, and contract workers in times of disaster, personal emergencies, and/or hardships.

3. **Eligibility**

- Eligibility is limited to active students, faculty, staff, or contract workers.
- Participants must demonstrate a temporary financial hardship because of an emergent situation. A *temporary* financial hardship is one caused by a defined, time-limited, specific event such as fire, family crisis, natural disaster (flood, tornado, etc.), serious illness or injury, disability, or death in immediate family. "*Temporary*" means that the person was able to manage their finances before but as a result of extenuating circumstances are unable to do so at this time. Individuals with long-term financial problems that do not meet the temporary hardship requirement may also be referred to the Employee Assistance Program

(EAP). The Office of the Chaplain may work with off campus partners to identify additional resources.

- All current Wake Forest University employees who have completed a minimum of 90 days of service may apply and will be eligible if there are sufficient funds available.
- Immediate family for the purpose of the fund will be defined as legal spouse, domestic partner, or legally dependent child (minor or full-time student up to 23 years old).
- Only essential expenses will be considered for payment. These include, but are not limited to: utilities, rent, other lodging cost, mortgage, food, transportation to work, school supplies, uninsured medical expenses, uninsured losses for damage to an individual's primary residence caused by fire, crime, flood or other disaster, etc. Non-essential bills such as cable TV, gifts for others, charge accounts, bills associated with unexpected divorce or abandonment, taxes, child support, legal/attorney's fees, fines or any assessment by a court of law or government entity, elective surgery, etc. will NOT be considered for payment. Exceptions may be made at the discretion of the Chaplain's Emergency Fund Operations Committee. Payment will be made directly to the vendor, unless it is impossible to do so.

4. Limits

- No more than \$500 may be awarded to a faculty, staff, or contract worker during any 12 month period unless otherwise determined by the CEF Operations Committee.
- No more than one application per faculty, staff, or contract worker per crisis can be accepted.
- Only one application per household can be accepted. Household is defined as all individuals residing at an address, whether related or not, who draw their physical support from a common financial pool, or who present themselves as a family.
- An incomplete application expires six weeks after the date of its submittal if not completed as requested and/or required documents are not submitted. After six weeks the applicant must resubmit a complete application for funding
- Given the limited amount of funds, all requests cannot be approved even though there may be a clear need for assistance. This fund may be insufficient in the case of widespread disasters, community crises, or war/terrorism.

- Once verified, an email will be sent to the CEF Operations Committee with the information and request for each applicant for review. The committee receives the request and information about the life altering event in a narrative format without information specific to the identity of the person making the request.
