CHAPTER 2
HOUSING ASSIGNMENTS AND MEAL PLANS

RESIDENCY REQUIREMENT AND GUARANTEE

Wake Forest has a six-semester (typically three-year) residency requirement and is one of the few universities in the country that guarantee housing to students in good standing for eight semesters.

Students are required to live in campus housing their first three years unless they live with a parent or guardian in the Winston-Salem area. Students who study abroad during the fall or spring semesters are given credit for that time toward their residency requirement; summer sessions do NOT count toward residency requirements.

Transfer students are expected to fulfill the six-semester residency requirement. However, transfer students who have lived on campus at another institution are given credit for that time toward their residency requirement.

Eight semesters of on-campus housing are guaranteed for residential students who pay their tuition deposit by the published deadline each semester. Students who lose housing eligibility due to disciplinary or academic deficiency are no longer eligible for the housing guarantee. Additionally, students who successfully petition to live off-campus or have fulfilled their residency requirement and do not select housing during the room selection process are also no longer guaranteed housing on campus.

Release from Residency Requirement

Requests being to be released from the University's residency requirement must petition for approval to reside off-campus. Additionally, students who wish to change their residency status (on-campus to off-campus day) to live with parents at their permanent residence in the Winston-Salem area may petition to be released.

Exceptions to the residency requirement for reasons other than living at home in the Winston-Salem area are typically very rare and only granted for individually compelling circumstances. If your petition to move off-campus is granted, you are reclassified as a non-resident student and will no longer be eligible for any part of guaranteed campus housing (including Greek Block housing). All students who are released and remain enrolled as full-time students must register their off-campus address with the Office of Residence Life and Housing.

For more information on the petition process, and other policies related to living off-campus, please visit https://rlh.wfu.edu/housing/off-campus-living/

HOUSING FOR MINOR STUDENTS

Campus housing for students who are not eighteen (18) at the time of matriculation is subject to the approval of both the Dean of Residence Life and Housing and the Director of Admissions. All students, including minors, will be held accountable for the policies and procedures outlined in this guide as well as the University’s Student Code of Conduct, the University’s Student Sexual Misconduct Policy, and other published policies or procedures. Any violations of these policies and procedures are subject to referral to the Office of Student Conduct for adjudication.

NON-RESIDENT STUDENTS

Housing status is determined at the time of admission by the Office of Admissions. While undergraduate students who are admitted with residential status are guaranteed eight semesters of on-campus housing, non-resident students are not guaranteed campus housing.

Non-resident students wishing to live on-campus may not participate in Housing and Dining Selection, instead they may request housing by contacting the Office of Residence Life and Housing. Non-resident students requesting housing are placed on a waiting list in the order of the date of application and are offered housing upon availability.

A person does not change their status from non-resident to resident merely by moving on-campus. To request a change in status from non-resident to resident, a student must apply for a change to the Office of Residence Life and Housing. Students interested in having their residency status changed should submit a written request, outlining their rationale for the change to the Office of Residence Life and Housing at housing@wfu.edu. This request must be submitted by February 1 of the current academic year.

A minimum of a 3.0 Wake Forest GPA** is required to be considered for on-campus housing. In addition, evidence of good disciplinary and financial standing are the minimum standards which must be achieved by the student before a change of status will be considered. The availability of space in campus housing after residential students are housed is the final deciding factor in all situations, regardless of a student’s eligibility.

**Non-resident students are students who are dependents of Wake Forest staff and faculty who are not accepted as resident students may apply for status change after one year of attendance with a 2.0 GPA, as long as the other expectations stated above are fulfilled.

Housing and Dining Selection processes, along with the variety of housing options available to students, is designed to give students flexibility in where they will live.

Incoming Students: During the summer, incoming students are expected to complete their Housing and Dining Application. As a part of this process, students will:

1. Complete their housing application, including acceptance of the Housing and Dining Agreement (see below)
2. During your first year, you will be in one of the seven communities on South Campus.
   a. Students are assigned to the various communities at random. As such, students are not assigned or able to designate preferences.
   b. First-year roommates are assigned by the Office of Residence Life and Housing based upon a number of factors that include compatibility and common interests. Roommate and roommate assignments are made without regard to race, religion, sexual orientation or national origin, and we do not assign siblings or friends as roommates. Historically, we have had a low percentage of room change requests from first-year students.
   i. This roommate pairing process is reflective of the University’s commitment to helping incoming students get to know individuals different than themselves. As a returning student, you will be able to select your community and choose your own roommate.
3. Choose their meal plan. Each meal plan consists of Meal Swipes, Old Gold Swipes and Food Dollars. Choose the one that best matches your dining lifestyle. For more information on plans and pricing, please visit https://rlh.wfu.edu/meal-plans.
   a. All residential students are required to have a meal plan. Failure to select one will result in the respective minimum being assigned to the student.
4. Returning from Continuous Enrollment Status (CES)
   1. Complete their housing application, including acceptance of the Housing and Dining Agreement (see below)
   2. Select their housing or agree to be pulled into a group for selection by another student
   3. Choose their meal plan. There are several meal plan options available to you.
5. Returning from Spring Admission
   1. Complete their housing application, including acceptance of the Housing and Dining Agreement (see below)
   2. Select their housing or agree to be pulled into a group for selection by another student
   3. Choose their meal plan. There are several meal plan options available to you.
   4. All residential students are required to have a meal plan. Failure to select one will result in the respective minimum being assigned to the student.

Housing Assignments and Meal Plans

HOUSING AND DINING AGREEMENT
Wake Forest University views living on campus as integral to a liberal arts education and the Wake Forest experience. As such, the University has a six-semester resident requirement. In support of students with disabilities, the Office of Residence Life and Housing has a wide variety of housing and dining options on-campus which can accommodate the vast majority of disability needs.

1. The student will:
   - Be notified in writing at least 45 days prior to the end of the spring term, or prior to the end of the fall term, as specified in section A.5, of the University's right to reallocate housing.
   - Vacate the room or suite on or before the day that the University's right to reallocate is exercised.
   - Pay charges for both semesters in a timely manner in the amounts prescribed by the schedule of payments as issued by Wake Forest University for the type of room assigned.

2. The student grants permission for the entry and inspection of the assigned room by any authorized University personnel or agent according to policies in the current Student Handbook or Residence Life and Housing publications. Said purposes include, but are not limited to, checking compliance with University policies and regulations, the application of health and safety and other regulations, and the enforcement of the Housing and Dining Agreement.

Additionally, any student whose actions are found by the University or its designee to be detrimental to the welfare of a student living group or in violation of University rules and regulations as set forth in the current Student Code of Conduct and Judicial Handbook or Residence Life and Housing publications, may be required to withdraw from the housing assigned without further University obligation.

2. If a student is assigned a room for the next academic year and is academically ineligible to continue at the end of the first summer session immediately preceding, the room assignment will be canceled. If the student attends the second summer session and is permitted to return in the fall, the student may request placement on a waiting list, but housing is not guaranteed.

3. If a student's relationship with the University and/or Office of Residence Life and Housing is severed as part of a judicial sanction, policy violation, or other incident, that student will not be eligible to participate in any phase of the housing assignments process until the University has granted readmit status and that the student is otherwise in good standing with the University.

4. In the event this agreement is used for assignments after the fall semester has begun, it will be effective for the remainder of the academic year.

5. The University is not responsible for the loss or damage to items of personal property of the student in residence halls or on its grounds before, during, or subsequent to the period of the agreement.

6. The student grants permission for the entry and inspection of the assigned room by any authorized University personnel or agent according to policies in the current Student Handbook or Residence Life and Housing publications. Students who are scheduled to study abroad during the spring semester, to complete a spring semester internship, or graduate in December must still be released from their Housing and Dining Agreement. During the fall semester, these students should notify the Office of Residence Life and Housing of their intent to study abroad by visiting WIN > Virtual Campus > Residence Life and Housing > Room Change and selecting the appropriate reason.

Spring Semester Internships
Students participating in spring semester internships have two options for housing.
1. Students holding local internships may continue in their fall semester assignment without penalty. There is no proration for housing or dining charges.
2. Students wishing to complete internships at a distance may petition to be released from their spring semester assignment.

REVOCATION OF STUDENT HOUSING

If your housing is revoked during the academic year, you must make an appointment with the Office of Residence Life and Housing in 001 Angelou Hall, within 24 hours of being notified of the housing revocation. A staff member will provide, in detail, the appropriate procedures to follow for checking out of campus housing, the necessary forms to complete to checkout appropriately, assist in scheduling a checkout appointment with your Graduate Hall Director, and relay information to you in regards to future campus housing.

Failure to follow proper checkout procedures may result in an improper checkout fee and lock core. Generally, room rent refunds are not available for students who have had their housing revoked.

2018-2019 ROOM RATES

An official listing of the room rates is provided in this document. The rates and billing information are also communicated to all students when they select their room. Any discrepancies in billing for room rent should be brought to the attention of Student Financial Services.

A student who moves from their original room assignment into a room with a different rate will be charged a prorated amount for their room rent based on the number of weeks the student lives in each room. The Office of Residence Life and Housing will determine this amount and notify Student Financial Services of the change in status to update the student account.

Any student who leaves the University is liable for the entire room rent until he/she has officially checked out of the building with the hall staff and

Wake Forest University is committed to supporting the needs of its students. In order to be successful, a comprehensive approach is necessary to assist students in reaching their full potential and to encourage their holistic development. The Office of Residence Life and Housing supports the University’s mission by fostering learning communities where students are supported to:

- Find an authentic sense of belonging;
- Successfully navigate citizenship within diverse communities;
- Develop the skills, knowledge, and perspective to maintain a healthy, balanced life;
- Exhibit responsibility for self, others, property, and the environment

The residential experience facilitated by the Office of Residence Life and Housing is central to campus life at Wake Forest. A student’s sense of belonging to the Wake Forest community is often rooted in their residential community.

**CHECK-IN, MOVE-IN, AND GETTING SETTLED**

**Fall Move-In**

The process for moving in for the fall semester simply requires that you familiarize yourself with information on the Office of Residence Life and Housing website regarding move-in day and follow the instructions that pertain to checking in to your community.

Generally, checking in includes meeting the staff in your community, picking up your keys and reviewing your room condition report. Please note that if you have an outstanding balance on your student account, you will be asked to address your account with Student Financial Services prior to being allowed to check-in.

After that, you’re free to move-in! Please pay careful attention to the Office of Residence Life and Housing website or Chapter 4 in this publication for items that are not allowed in our communities.

**Spring Move-In**

While students are not allowed to reside in our communities over the winter break, they do not have to move out of their assignments. Thus, students returning to their fall assignment for the spring semester may return to campus once the buildings open in January. Be sure to follow the instructions of their community staff regarding “checking in” for the spring semester.

For students moving into new assignments—regardless of whether you are a transfer, spring admittance or returning from abroad—you will need to check in at your community and pick up your key, review your room condition report, etc. Dates, times, and instructions for check-in will be available on the Office of the Residence Life and Housing website.

Students returning in January for Sorority Recruitment will receive additional information from the Office of Residence Life and Housing and approved/denied based on availability of space.

Roommate Bill of Rights and Responsibilities

As a member of Wake Forest’s residential community, the following are the rights you can expect and have a responsibility to maintain:

- To study free from undue interference in one’s room.
- To not suffer undue disturbances in one’s room.
- To expect that a roommate/student/apartment-mate/etc. will respect one’s personal belongings.
- To a clean environment in which to live.
- To freely access to one’s room and living space without pressure from those whom the living space is shared with.
- To personal privacy.
- To host guests as long as guests do not infringe on the rights of others or violate the University’s policies.
- To be free of fear of intimidation, physical, and/or emotional harm, and racial, sexual, or other prejudicial harassment.
- To share grievances with residence hall staff who are available for assistance in settling conflicts.

Getting Assistance

The Office of Residence Life and Housing provides on-duty coverage to assist students and/or visitors at all times while classes are in session.

**For assistance during business hours (M-F, 8:30 a.m. - 5 p.m.), please contact the Office of Residence Life and Housing at 336.758.5185, housing@wfu.edu, or stop by our office located in Angell Hall Suite 101.**

**For assistance between 5 p.m. and 8:30 a.m. nightly, and during daytime hours over weekends and University holidays, contact the Resident Adviser (RA) on duty in the respective community. To identify the RA on duty, please visit your community office.**

**Should you assistance but are unable to reach staff with the Office of Residence Life and Housing, contact University Police at 336.758.5591 to be connected with our staff on duty.**

If at any time there is an emergency, please contact University Police by dialing 336.758.5911.

In addition to the contacts above, the Resident Advisers staff each community office during the following times:

- **Sunday thru Thursday from 10 p.m. to midnight**
- **Friday and Saturday from 10 p.m. to 2 a.m.**

Please stop by your community office at the beginning of the year to meet the RAs in your community and learn about the services provided to residents on the staff in your respective building/area. Typical services provided during office hours include checking out a vacuum cleaner, lockouts, crisis situations, borrowing recreational equipment and supplies, or simply having a conversation with the RA or GHD.

**CHANGING ROOMS**

**Open Room Change**

Early in each semester, there will be a period of open room change. Details and dates for this process can be found on the Office of Residence Life and Housing website at go.wfu.edu/roomchange. During this period, students are allowed to request room changes based on availability. Request must submitted online through WIN (WIN<Virtual Campus<Residence Life and Housing) and students may not make any changes prior to receiving written approval from the Office of Residence Life and Housing.

**Mid-Semester**

Mid-Semester changes are based on available space on campus and must be approved by the Residence Life Coordinator for your area of campus. Typically, students will be required to go through a mediation process with their Resident Adviser and/or Graduate Hall Director prior to being allowed to request a room change during the semester.

**Mid-Year**

Students will receive communication during the fall semester regarding how to request a room change at the semester break. For students studying abroad, please see the information regarding study abroad in this publication. All requests for room changes will be reviewed by the Office of Residence Life and Housing and approved/denied based on availability of space.

**ROOMMATES**

You may have come to campus having never shared a room with someone else. Being a good roommate and enjoying living with a roommate will depend upon your ability to listen, communicate, and compromise. Obviously, you and your roommate are individuals with unique interests, hobbies, likes, and dislikes. It is not essential that you are similar in every aspect of life in order to be good roommates. As with any relationship, conflicts will arise. How you choose to handle those conflicts will determine your success.

Roommates who respect each other’s rights and privacy and allow reasonable socialization tend to have positive experiences. As a result, all first-year students are required to develop a roommate agreement during the first weeks of school in order to prevent potential conflicts. Your Resident Adviser will guide you through this agreement in August. Returning students are strongly encouraged to complete a roommate agreement, particularly if this is the students have lived together.

If you and your roommate experience difficulties living together, first try referring back to your agreement and have a conversation with each other. If that is not successful, or if you want to talk through your conversation first, feel free to reach out to your RA who can help mediate the conflict. In the end, sometimes no matter how hard you try, it just does not seem to be working out with you and your roommate. It is possible to change rooms during the open room change period if space is available on campus.
Communication regarding the decision and specific instructions will be sent to the student via email prior to the end of fall semester. If you are approved to move, you must make arrangements to checkout of your fall assignment and remove your personal belongings prior to vacating the space for winter break. If you cannot check into your spring assignment before you leave for break, you must take your belongings home or arrange for off-campus storage and are still expected to check out of your fall assignment.

CHECKING OUT

Mid-Semester
Please see your Graduate Hall Director to arrange an official checkout time and room inspection. You must return your room key(s) and remove all of your personal belongings from the room. Failure to follow proper mid-year checkout procedures may result in an improper checkout fee and lock recore/key replacement. Generally, room rent refunds are not available unless an exemption is covered by the Housing and Dining Agreement.

Moving Out
Upon a status change that results in the need to move-out of University housing, students must move and properly check-out within 72 hours of their status change. Failure to follow proper checkout procedures may result in an improper checkout fee and lock recore/key replacement and/or additional charges.

Refunds
Refunds of paid room rent will be made in accordance with the University refund policy. Refunds will not be processed until the Office of Residence Life and Housing has received official notification of withdrawal and all personal belongings have been removed from the assigned room and key(s) have been returned.

Mid-Year
Students who know they are not returning to school for spring semester should arrange an official checkout time and room inspection with the Graduate Hall Director of their community before winter break. Students should not wait until they are ready to leave to contact their Graduate Hall Director. Please remove all of your personal items and return your key(s). Failure to follow proper mid-year checkout procedures may result in an improper checkout fee and lock recore/key replacement.

If you decide that you will not be returning to the University after leaving for winter break, you must contact the Office of Residence Life and Housing as soon as possible at housing@wfu.edu or 336.758.5185 to arrange removal of your belongings. Additionally, students are encouraged to inform their roommate(s) of their decision to not return.

End of Year
Students will receive communications concerning checkout procedures at the end of the academic year and are expected to follow those procedures. Generally speaking, students are expected to remove all personal belongings, return their spaces to the condition they were at move-in, lock all the doors, and check out with a Residence Life and Housing staff member at which time they will turn in their key(s). Failure to follow the outlined procedures may result in charges of improper checkout, lock recores/key replacement, and/or additional charges. If students are unable to clean their room prior to moving out,紀錄 it and key(s) have been returned.

Break Housing

All residence halls are closed during Winter Break. Information about preparing for the various University breaks and the status of housing during those breaks is provided to students well in advance of the break period. Please carefully read this material so that you are aware of the policies/processes related to each break period.

It is vital to your personal security that you observe common sense safety precautions if you find a need to stay during a low occupancy housing period over one of the breaks. Avoid isolated areas of your building at all times. Laundry rooms, study or recreation lounges, and basements which are not heavily traveled by others should be avoided. Know the location of the nearest telephone. Immediately report to the Office of Residence Life and Housing or University Police all broken doors, locks, alarm stations, telephones, lights, or other repairs that are necessary to prevent a breach of safety and/or security.

COMMUNITY RESPONSIBILITIES

The purpose of the residential community at Wake Forest is to enhance the academic environment and provide students with a secure, comfortable, inclusive, and engaging learning community. You have the right to expect an environment that helps you thrive by allowing space and time for you to sleep, study, and live.

Students should make every effort to develop friendly and respectful relationships with all members of the Wake Forest community, especially those with whom they share a living space. Adjusting to life with others is a part of the shared living experience. If you are unable to resolve an issue with others on your own, the matter should be brought to the attention of your RA or Graduate Hall Director.

Because our residential community is made up of many individuals, it is important that the University has policies in place that serve as standards for resident behavior. These policies are designed to protect the experience and rights of both individual residents and the community as a whole.

While the policies and procedures noted in this document pertain primarily to the residential community, students will be held accountable for the policies and procedures outlined in this guide as well as the University’s Student Code of Conduct, the University’s Student Sexual Misconduct Policy, and other published policies or procedures.

Any violations of these policies and procedures are subject to an administrative response from the Office of Residence Life and Housing and/or referral to the Office of Student Conduct for adjudication via the University’s student conduct process. Information about the University’s policies and procedures related to Student Conduct can be found on the Office of Student Conduct website.

Though the damage to University property may have been done by accident, there is usually a charge associated with the repair that may be assessed to the responsible individual(s). If no individual accepts responsibility, the community as a whole may be charged. As a reminder, students are responsible for the behavior of their guests in the residence halls and may be charged for any property damage or extra clean-up required or caused by that guest’s behavior.

UNFORESEEN ISSUES

The residence halls are properly maintained throughout the year, unforeseen facility issues (i.e. broken water pipe) do arise from time to time. In the event of an unforeseen facilities issue, staff will respond to correct the problem as quickly as possible and return the affected area(s) back to its original condition.

The University is not responsible for the loss of or damage to student’s personal property. Additionally, in the event of mechanical difficulty (air conditioning, heat, hot water and other equipment) or interruptions of electrical service or water service, the University will make reasonable efforts to restore service; however, there will be no refund of resident hall charges because of such failure.

LAUNDRY MACHINES

Should you experience a problem with a washer or dryer, it is important to notify our laundry provider, Caldwell & Gregory, so that the machine can be repaired. There are three ways you can do this:

1. **Use your Smart Phone to scan the QR Code decal on the machine with a problem, and simply follow a brief prompt and hit SUBMIT.** Any QR code scanner app can be used to do this.

2. **Call Caldwell & Gregory at 800.927.9274 (24 hrs. a day, 7 days a week).**

3. **Email Caldwell & Gregory at service@caldwellandgregory.com**

AIR CONDITIONING AND HEATING SYSTEMS

Students in the following facilities may use heat and/or air conditioning at any time of the year.

- Angelou, Dogwood, Magnolia, Martin, Palmer, Piccolo, Polo, South, Dogwood and Magnolia Halls, and the houses along Polo Road and Rosedale Circle.

All other facilities use a system that heats or cools an area depending on the outside temperature.

- When the outside temperature exceeds 60°F, the heat will not come on and the HVAC unit or vent will operate in air conditioning mode and circulate cool air.

- When the outside temperature falls below 59°, the heat will automatically come on and the HVAC unit or vent will operate in heat mode and circulate warm air.

- When the outside temperature is in the 55-60°F range, neither warm nor cool air blow from the HVAC unit or vent—the unit will recirculate room temperature air.

If your room HVAC unit seems to be producing air that is opposite from what the unit should be producing, contact Facilities and Campus Services. For HVAC units to operate properly, the unit should not be blocked with personal items or furniture. Filters to all HVAC units are changed twice per year—prior to the opening of the residence halls for the fall semester and during winter break.

Prior to leaving for winter break, residents should set their thermostat to ON and temperature set at 70°F. This process helps to prevent pipes from freezing during the cooler months and winter break period.
BED BUGS

The University responds actively when concerns are raised related to the potential for bed bugs in our facilities. Should you suspect that you have bed bugs, please visit or contact Student Health Service for an evaluation. Student Health Service will then contact the Office of Residence Life and Housing, should an inspection be warranted.

While traveling, please be aware of your surroundings and take these extra steps prior to unpacking while in locations unfamiliar to you:

1. Roll luggage to hard surface areas (such as a bathroom or hardwood floor).
2. Check the mattress, including the box springs, for evidence of bed bugs.
3. Check the upholstered furniture and bed frame for evidence of bed bugs.
4. Always place your luggage on luggage racks or up on dressers, not on the floor or on another bed.
5. If you find evidence of bed bugs, request another room, location, or pest treatment for the space to which you have been assigned.
6. When returning to campus, prior to unpacking your belongings:
7. Ensure that you do not see evidence of bed bugs in and around your items, including in your suitcase(s).
8. If you do find evidence of bed bugs, please contact the University immediately so that arrangements can be made to inspect and address any issues.

If you are returning to a location other than Wake Forest, contact a local pest management company in your area to assist with treatment upon your return.

MEDICAL ISSUES

Students with a medical need to use needles, syringes, etc. are expected to properly dispose of used items in a sharps container unit and not in trash receptacles. Sharps containers can be obtained from the Student Health Service.

Students who discover bodily fluids should not attempt to clean up the fluid. Facilities and Campus Services staff have been properly trained in bodily fluid clean up and disinfection, and should be contacted immediately at ext. 4255 (HALL) or 336.758.4255 for proper clean up. Please be sure to make a Residence Life and Housing staff member aware of the issue after notifying Facilities and Campus Services.

Recycling containers are dispersed throughout campus and in all of the residence halls. To learn more about recycling and waste reduction, please visit sustainability.wfu.edu/programs/waste-reduction-and-recycling.

Energy Conservation

Facilities and Campus Services works to monitor and reduce energy consumption on campus. During break periods, utilities may be adjusted to save energy from unoccupied residential spaces. Students can help conserve energy and reduce utility charges by turning off all lights and electrical devices when not in use. To learn more about energy conservation on campus, please visit sustainability.wfu.edu/programs/energy-conservation-and-climate-change.
In return, you are asked to take time to think about your own safety by reading this section of the guide. Remember to report all suspicious behavior to both University Police and your community staff.

SECURING YOUR ROOM

All Residence Life and Housing facilities are equipped with doors and locks. Most are also secured by a key-card access system. In order to help ensure the safety and security of yourself and others, as well as your belongings, please be sure to adhere to the following practices:

1. Never lend your keys or ID card to anyone.
2. Never prop open or otherwise tamper with doors.
3. Always lock the door to your room.
4. Never open a locked exterior door for anyone except your guests.

OPERATION ID

In the event that you become a victim of theft, Operation ID is the best way to ensure the recovery of your belongings. Operation ID is a nationwide network set up to identify stolen property. To participate:

1. Borrow an engraver from University Police (located in Alumni Hall).
2. Engrave your driver’s license number and state abbreviation on your belongings.
3. Remember to lock your door.

If any of your engraved items are stolen, they will be traced back to you if recovered.

Three Tips To Help You Recover Stolen Goods

1. Review your family’s homeowner’s insurance policy. If your possessions are not covered by the policy, consider taking out renter’s insurance.
2. Make two lists of your valuables. Include each item’s serial number, model number, and approximate value. Leave one list at home and the other with you in a safe place. The lists will come in handy if you have to file a claim with your insurance company.
3. Report any lost or stolen items to University Police and your community staff as soon as possible. Even if the items are not recovered immediately, you may be helping officers to establish a pattern of crime.

BUILDING ACCESS

All Residence Life and Housing facility main entrances are locked 24 hours a day. If you see someone you do not know unaccompanied in your community, call University Police at 336.758.5911.

Undergraduate students have access to the residence halls based on the following schedule:

1. Midnigh - 7 a.m. - All Wake Forest undergraduate students have access to every residence hall main entrance and Quad building (Taylor, Kitchen, Davis, Peterson) suite door entrances.
2. Midnight - 7 a.m. - Only assigned residents of the particular building or suite have access to the building.
3. Only residents of road houses are able to access their house 24 hours a day.

FIRE DRILLS AND PREVENTION

In an effort to ensure safety and to prevent fire damage, each residence hall and apartment has sprinklers and smoke detectors. Twice per semester, University Police is notified automatically when a fire alarm is activated and will dispatch first responders accordingly.

FIRE MARSHAL INSPECTIONS

Throughout the year, the city fire marshal visits Wake Forest to ensure the campus is in compliance with city, county, and state fire codes and regulations. The fire marshal tours all campus buildings, including residence halls, and is given access to all areas.

When touring in the residence halls, the marshal will occasionally ask to enter a student’s room or, if no one is present, he/she will use a key to enter the room to perform an inspection. Any violations are documented by the fire marshal and a Residence Life and Housing staff member; students are required to comply with the fire marshal’s directives. Any documented situation and/or failure to comply may lead to disciplinary action(s).

1. Bikes may be registered for free with University Police.
2. During break periods, bikes may be secured in residence hall rooms to prevent theft; bikes may not be stored in common areas of residence halls.
3. Bikes should not be secured in the same location for extended periods of time. Bikes which appear abandoned or are unregistered may be removed by Facilities and Campus Service.
4. If your bike is missing, please contact University Police at ext. 5591 or 336.758.5591.

GETTING ONTO AND AROUND CAMPUS

Day and evening shuttle service is available through Transportation and Parking Services’ Ride the Wake program while classes are in session. Additional information and a shuttle schedule is available at parking.wfu.edu/ride-the-wake/.

Safety escort services are provided by University Police for students traveling alone after dark when the shuttle service is not in operation. To request a safety escort, contact University Police at ext. 5591 or 336.758.5591.

GATE PROTOCOLS

In order to monitor vehicular traffic entering campus at night, gates are located at the three main entrances to campus (Reynolda Road, University Parkway, and Polo Road). Traffic is monitored at the Reynolds Road (West Gate) and the University Parkway (East Gate) gates between 10:00 p.m. and 6:00 a.m. seven days a week. The Polo Road gate is closed to vehicular traffic nightly during those hours. The purpose of the gates is to serve as a deterrent to criminal activity on campus and to assist the public and University visitors with campus information and parking.

Residents who want to enter campus without being stopped must display a decal, visitor pass, or hang tag on/in their vehicle. Vehicles without such Wake Forest identification will be stopped and operators will be asked their name, destination or for a Wake Forest Identification card.

Students, faculty, and staff may find more information about gate access, policies and pre-register guests online at police.wfu.edu/information/campus-access/.
The Deacon OneCard is the official Wake Forest University identification card. While primarily used for identification, the Deacon OneCard is also used for on-campus financial transactions, library privileges, event admission, and building access.

The Deacon OneCard Office is located in Suite 001, Angelou Hall, within Residence Life and Housing.

HOW TO USE YOUR DEACON ONECARD

If a card reader’s light is solid red, you will need to use your Deacon OneCard for access. After placing your Deacon OneCard on the reader, the light indicator will turn green and unlock the door briefly, if access is allowed to that area. If the card reader light is green, the door is unlocked. If the light flashes red, access is not allowed. If the light flashes red and access to the area should be allowed or if the light continues to flash red, please contact the Deacon OneCard Office at 336.758.1949 during business hours or University Police at 336.758.5591 after hours for assistance.

CARD REPLACEMENT

- Deacon OneCard replacements may be obtained from the Deacon OneCard Office, located in Angelou Hall, Suite 001. The office hours are 8:30 am until 5:00 pm, Monday through Friday. The office is closed during University Holidays.
- If you lose or break your card any time after hours or on weekends, please report to University Police Communications in Alumni Hall to receive a temporary replacement until our office is open again. This will accomplish three things: (1) you will have a way to use your meal plan; (2) you will have access to your residence hall and, (3) it will deactivate your lost card so that it will reduce the possibility of it being used improperly for access to our buildings and your meal plan.
- Costs:
  - All enrolled students will obtain a new card. If this card is lost or broken, the replacement fee will be waived once for the duration of their enrollment.
  - After the waiver has been used, a charge of $35.00 will be billed to the student’s account for any replacements.

IMPORTANT INFORMATION
