

No Fear Alumni Newsletter Spring 2025

RECENT NEWS IN NO FEAR!

SFAB TRAINING

This semester we were fortunate enough to have a group from SFAB (Security Force Assistance Brigade) come to No Fear for a training exercise. SFAB led the cadets through an intense tactical workout including a run and a litter carry exercise to simulate moving a fallen soldier. After a breakfast Q & A session, the training continued as the SFAB instructors taught Call for Fires (calling for mortar or artillery rounds) and Battle Drill 6 (Enter and Clearing a room). We ended the day with another Q & A session where SFAB shared advice for future officers.

COMBAT MEDICS FROM THE 2ND SFAB VISIT

Each year the No Fear Battalion conducts a TCCC or Tactical Combat Casualty Care lab. This year, this lab was led by a group of combat medics from SFAB. This was a two part training exercise including classroom instruction and hands on training during our Thursday lab. The cadets learned about Care under Fire, Tactical Field Care, Administering Self-Aid, Administering Buddy-Aid, and how to call up a 9-Line MEDEVAC Request. During lab, the cadets learned to apply CAT Tourniquets and ran practical exercises where a buddy was injured and they had to perform buddy-aid, carry their partner to safety, perform an assessment on their injury, and call up a MEDEVAC request to get their partner to safety. These are skills that are important for any future soldier to know and the training opportunity was incredibly valuable for cadets in developing their individual soldier skills.

A Note from the PMS: Lt. Colonel Flach

Hello, No Fear Alumni, Families, and Supporters! Thank you so much for all you do to support our program and stay engaged with our cadets. We've had an incredible Spring thus far, and can't wait to commission the class of 2025 on May 9th (WSSU) and May 16th (WFU). I hope you'll consider joining us on those days to celebrate the Army's newest 2LTs. Special thanks to those of you who have supported the BN either through our branch mentorship program, financial gifts, or as guest speakers at an event. It means so much to know that you are behind us. I hope we see you at the Mil Ball on 24 April or commissioning so we can thank you in person! The class of 2029 is already starting to take shape and it looks like it will be another strong year for the No Fear BN!

Upcoming Events

Superlab

March 29-30th

This event is held annually to prepare our MS 3 cadets for Advanced Camp. It is a weekend long training exercise which includes: Marksmanship training, Land Navigation, and instruction from the MS 4 cadets who attended camp the previous summer.

JFTX

April 4-6th

JFTX or Joint Field Training Exercise is our annual field training conducted in conjunction with North Carolina A&T and Appalachian State University. During this weekend long event cadets from all three schools combine to train on tactics by running through tactics lanes.

Mountain Man Memorial March

Saturday, April 12th

The Mountain Man Memorial March (MMMM) is a yearly event that honors fallen service members and their families. The march began in 2008 as a way to honor 1LT Frank B. Walkup, IV, a University of Tennessee ROTC graduate who died in Iraq in 2007.

Impact of Supporting No Fear

Thank you for considering a donation to the No Fear Battalion. Below are examples of how your contribution may be used to help support cadet training, development, and events!

\$10

Supports a cadet meal after a training exercise or a battalion polo.

\$25

Helps to fund battalion events like Military Ball and Branch Night which celebrates our cadets and their success

\$50

Supports a cadet to attend our annual Military Ball!

\$75

Supports registration for a cadet to attend Mountain Man Memorial March!

\$100

Supports registration for a cadet to attend the Army-10 Miler!

\$200

Supports training events for cadets and allows us to buy more advanced training aids like medical equipment.

Thank you to Wake Forest University and Winston-Salem State University for supporting the remodeling of our cadet classrooms and buildings!
