THE HYMN: “Praise the Source of Faith and Learning” AUSTRIA
Led by Concert Choir

1. Praise the Source of faith and learning
who has sparked and stoked the mind
with a passion for discerning
how the world has been designed.
Let the sense of wonder flowing
from the wonders we survey
keep our faith forever growing
and renew our need to pray:

2. God of wisdom, we acknowledge
that our science and our art
and the breadth of human knowledge
only partial truth impart.
Far beyond our calculation
lies a depth we cannot sound
where your purpose for creation
and the pulse of life are found.

3. May our faith redeem the blunder
of believing that our thought
has displaced the grounds for wonder
which the ancient prophets taught.
May our learning curb the error
which unthinking faith can breed
and together seek to better
all humankind of every creed.

4. As two currents in a river
fight each other’s undertow
till converging they deliver
one coherent steady flow,
blend, O God, our faith and learning
till they carve a single course,
till they join as one, returning
praise and thanks to you, their Source.

Words: Thomas H. Troeger, 1987, 1989, adapt 2008

CATHERINE D. DEANGELIS, Doctor of Science

Sponsor: Steven Block, M.B., B.Ch., *Senior Associate Dean, School of Medicine*

Dr. Catherine DeAngelis has changed the face of medicine in her role as the first female editor-in-chief of the *Journal of the American Medical Association*. Under her leadership, the journal has published articles on women's health issues that have brought important new research to light and led to fundamental changes in treatment, including the landmark 2002 study questioning the benefits of hormone replacement therapy.

Dr. DeAngelis is professor of pediatrics at Johns Hopkins School of Medicine. Born and raised in a coal-mining town in northeastern Pennsylvania, she attended nursing school at Wilkes University, received her medical degree from the University of Pittsburgh School of Medicine, her master's in public health from the Harvard Graduate School of Public Health, and her pediatric specialty training at Johns Hopkins.

She has authored or edited multiple books on pediatrics and medical education, published more than 200 articles, chapters, editorials, and abstracts, and served on numerous journal editorial boards. She joined Johns Hopkins University in 1978, and was appointed vice dean for academic affairs and faculty in 1994. When she was made a full professor in 1984, she was only the twelfth woman in Johns Hopkins' 94-year history to receive that rank.

She continues to break new medical ground and challenge convention. In a recent address at the American Medical Student Association she addressed the influence of pharmaceutical representatives on physicians, the ethical responsibilities of physicians towards their patients, and her own experiences with drug companies as editor-in-chief of *JAMA*.

For her leadership, courage, and dedication to the health of men, women, and children, Dr. Catherine DeAngelis is recommended for the degree of Doctor of Science.

THE WAKE FOREST UNIVERSITY MACE

The Wake Forest University mace, a handsome staff decorated with scenes and symbols of the University, was first used at the inauguration of President James Ralph Scales in April, 1968. It is a traditional symbol of authority and is carried at the head of the academic processions at Commencement and convocations. The mace is shaped from a single sheet of silver covered with gold. It has an ebony handle. Etchings of Wait Chapel, Reynolda Hall, an arch at an entrance to the campus, and the cupola on the Z. Smith Reynolds Library are on the largest, or middle, section. Pictures of the Old Campus are on the top section. On the bottom are panoramas of the medical school, Carswell Hall, and the skyline of Winston-Salem. Each section is separated by raised drawings of magnolias. A double-cast seal of the University is at the top of the mace. The mace was given by Tom Davis of Winston-Salem in honor of his father, Egbert Lawrence Davis (LLB 1904).

THE PRESIDENTIAL CHAIN OF OFFICE

The Presidential Chain of Office is part of the academic regalia worn by the President at Commencement and convocations. It is a goldplated necklace of medallions linked by onyx-centered magnolia blossoms. On each medallion is the name of a former Wake Forest president and the years of his tenure. The Chain of Office was a gift to the University in 1991 from Weston P. Hatfield ('41), a life trustee and former chairman of the Board of Trustees.

ACADEMIC REGALIA

Academic regalia apparently originated at Oxford and Cambridge more than 600 years ago. The apparel is little changed in design, colors, and symbolism. In no other sector are the ancient usages of the university so unchanging. In 1895 an intercollegiate commission drafted a uniform code for the use of academic caps, gowns, and hoods in the United States. Over the years there have been only minor revisions to the code, which is followed by 95 percent of the colleges and universities in America, including Wake Forest.

Gowns, which according to the tradition, are all black (Harvard, Princeton, and Yale are exceptions), are of three kinds. The bachelor's gown is a comparatively simple kind that falls in straight lines from an elaborate yoke. The master's gown is similar to the bachelor's except for its peculiar arrangement of the long sleeves with square ends that hang below the elbow. The doctor's gown is an elaborate, full-cut, flowing costume distinguished by velvet panels down the front and around the neck and by three bars of velvet on the bell-shaped sleeves.

The academic hood was literally a garment to protect the wearer from foul weather. It is the identifying symbol of the degree. The length indicates which degree it represents: three feet for the bachelor's, three and a half for the master's, and four for the doctoral. The lining indicates the college or university which awarded the degree. Those who receive degrees from Wake Forest wear hoods lined in old gold and black. The color of the trimming identifies the major field of learning: white for arts and letters, copper for journalism, purple for law, green for medicine, drab for business, pink for music, silver-gray for speech, dark blue for philosophy, light blue for education, sage green for physical education, golden yellow for science, cream for social science, and scarlet for theology.

The Wake Forest University trustees wear black robes with old gold and black on the front panels and the bars on the sleeves. The shield from the University seal is embroidered on the front panels.

Some universities have duplicated colors, but generally a glance at the lining, which is worn exposed, will identify the awarding institution. Some of the university colors worn today are:
