THE HYMN: "God of Wisdom" HYMN OF JOY

God of wisdom, truth, and beauty, God of spirit, fire, and soul,
God of order, love, and duty, God of purpose, plan, and goal:
Grant us visions ever growing, breath of life, eternal strength,
Mystic spirit, moving, flowing, filling height and depth and length.

God of drama, music, dancing, God of story, sculpture, art,
God of wit, all life enhancing, God of every yearning heart:
Challenge us with quests of spirit, truth revealed in myriad ways,
Word or song for hearts that hear it, sketch and model – forms of praise.

God of atom's smallest feature, God of galaxies in space,
God of every living creature, God of all the human race:
May our knowledge be extended, for the whole creation's good,
Hunger banished, warfare ended, all the earth a neighborhood.

God of science, history, teaching, God of futures yet unknown,
God of holding, God of reaching, God of power beyond each throne:
Take the fragments of our living, fit us to your finest scheme,
Now forgiven and forgiving, make us free to dare and dream.

HONORARY DEGREE RECIPIENTS

WALTER A. ORENSTEIN, M.D.

Dr. Walter Orenstein is a professor of medicine and pediatrics at Emory University, where he serves as the director of the Program for Vaccine Policy and Development and associate director of the Vaccine Center. Previously, he was director of the National Immunization Program for the Centers for Disease Control and Prevention. During his twenty-six years at the CDC, he led the global effort to eliminate many of the world's most common vaccine-preventable diseases. He is credited with attaining the highest immunization levels ever in U.S. children, eliminating indigenous transmission of measles, introducing several new vaccinations, and involving the CDC in the global polio eradication initiative. He currently chairs the World Health Organization's Technical Consultative Group on the Global Eradication of Poliomyelitis. He received his bachelor's degree from the City College of New York and his medical degree from Albert Einstein College of Medicine.

BARBARA BROWN TAYLOR

Barbara Brown Taylor is a gifted author, storyteller, and preacher, who initially shared her gifts through her writing before being ordained in 1983. She spent fifteen years in parish ministry, first at All Saints' Church in Atlanta and then at Grace-Calvary Church in Clarkesville, Georgia, before turning to education full-time. Today, she holds the Harry R. Butman Chair in Religion and Philosophy at Piedmont Bible College in rural northeast Georgia. She is also an adjunct professor of Christian spirituality at Columbia Theological Seminary in Decatur, Georgia. In recent years, she has lectured at Yale, Princeton, and Duke universities, and has preached at churches across the country. In 1995, Baylor University listed her among the twelve most effective preachers in the English language. She is the author of eleven books, including *When God is Silent* and *Leaving Church: A Memoir of Faith*, published earlier this year.

MARK WARNER

Former Virginia Governor Mark Warner left office in January as one of the most popular governors in Virginia history. He was described recently in *The New York Times Magazine* as "the bright new star in the constellation of would-be candidates" for the 2008 presidential race. A native of Indiana, he graduated from George Washington University—the first member of his family to graduate from college—and received his law degree from Harvard. He was a leading figure in the telecommunications industry in the 1980s and co-founded Nextel Communications. He began his political career in 1993 as chairman of the Democratic Party of Virginia and was elected governor in 2001. He was recognized by *Time* magazine as one of the "Five Best Governors" in 2005, and by *Governing* magazine as one of its "Public Officials of the Year" in 2004.

ELIAS A. ZERHOUNI, M.D.

Since being named director of the National Institutes of Health in 2002, Dr. Elias Zerhouni has doubled the NIH budget, leading to a record number of research grants awarded and increased support for clinical trials. He oversees twenty-seven institutes and centers with more than 17,000 employees and a budget of \$28 billion. A native of Algeria, he earned his medical degree at the University of Algiers School of Medicine in 1975. He came to the United States at the age of 24 and completed his residency in diagnostic radiology at Johns Hopkins in 1978. His research in imaging has led to numerous advances in technology, resulting in eight patents. He served on the National Cancer Institute's Board of Scientific Advisors from 1998 to 2002 and has been a member of the National Academy of Sciences' Institute of Medicine since 2000.

THE WAKE FOREST UNIVERSITY MACE

The Wake Forest University mace, a handsome staff decorated with scenes and symbols of the University, was first used at the inauguration of President James Ralph Scales in April, 1968. It is a traditional symbol of authority and is carried at the head of the academic processions at Commencement and convocations. The mace is shaped from a single sheet of silver covered with gold. It has an ebony handle. Etchings of Wait Chapel, Reynolda Hall, an arch at an entrance to the campus, and the cupola on the Z. Smith Reynolds Library are on the largest, or middle, section. Pictures of the Old Campus are on the top section. On the bottom are panoramas of the medical school, Carswell Hall, and the skyline of Winston-Salem. Each section is separated by raised drawings of magnolias. A double-cast seal of the University is at the top of the mace. The mace was given by Tom Davis of Winston-Salem in honor of his father, Egbert Lawrence Davis (L.L.B. 1904).

THE PRESIDENTIAL CHAIN OF OFFICE

The Presidential Chain of Office is part of the academic regalia worn by the president at Commencement and convocations. It is a gold-plated necklace of medallions linked by onyx-centered magnolia blossoms. On each medallion is the name of a former Wake Forest president and the years of his tenure. The Chain of Office was a gift to the University in 1991 from Weston P. Hatfield ('41), a life trustee and former chairman of the Board of Trustees.

COMMENCEMENT NOTES:

- Wake Forest respectfully requests that all cell phones and beepers be turned off during the ceremony.
- Restrooms are available in Benson University Center, Reynolda and Wingate Halls, and Efird and Huffman Residence Halls. The Benson Center facilities are handicapped accessible.
- Assisted-listening devices for the hearing-impaired, provided by TASCI Assistive Systems, are available in front of Taylor Residence Hall.
- This ceremony is being interpreted for the hearing-impaired by Elaine Montgomery and Martha Edwards of Communication Access Partners.
- The Commencement address will be broadcast in its entirety at 7 p.m. on WFDD, 88.5 FM.
- Full coverage of Commencement, including a photo gallery, is available at www.wfu.edu/wowf.

ACADEMIC REGALIA

Academic regalia apparently originated at Oxford and Cambridge more than 600 years ago. The apparel is little changed in design, colors, and symbolism. In no other sector are the ancient usages of the university so unchanging. In 1895 an intercollegiate commission drafted a uniform code for the use of academic caps, gowns, and hoods in the United States. Over the years there have been only minor revisions to the code, which is followed by 95 percent of the colleges and universities in America, including Wake Forest.

Gowns, which according to the tradition, are all black (Harvard, Princeton, and Yale are exceptions), are of three kinds. The bachelor's gown is a comparatively simple kind that falls in straight lines from an elaborate yoke. The master's gown is similar to the bachelor's except for its peculiar arrangement of the long sleeves with square ends that hang below the elbow. The doctor's gown is an elaborate, full-cut, flowing costume distinguished by velvet panels down the front and around the neck and by three bars of velvet on the bell-shaped sleeves.

The academic hood was literally a garment to protect the wearer from foul weather. It is the identifying symbol of the degree. The length indicates which degree it represents: three feet for the bachelor's, three and a half for the master's, and four for the doctoral. The lining indicates the college or university which awarded the degree. Those who receive degrees from Wake Forest wear hoods lined in old gold and black. The color of the trimming identifies the major field of learning: white for arts and letters, copper for journalism, purple for law, green for medicine, drab for business, pink for music, silver-gray for speech, dark blue for philosophy, light blue for education, sage green for physical education, golden yellow for science, cream for social science, and scarlet for theology.

The Wake Forest University trustees wear black robes with old gold and black on the front panels and the bars on the sleeves. The shield from the University seal is embroidered on the front panels.

Some universities have duplicated colors, but generally a glance at the lining, which is worn exposed, will identify the awarding institution. Some of the university colors worn today are:
