WAKE FOREST UNIVERSITY

2019 Annual Crime and Fire Report

INTRODUCTION

Working with our community to provide a safe place to learn and grow.

This report is prepared to fulfill the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (a.k.a. the “Clery Act”), The Report is prepared by staff members of Wake Forest University. This report may be found at the University Police web site: www.wfu.edu/police and the Wake Forest Baptist Medical Center (WFBMC) Security Services Department’s web site: <http://www.wakehealth.edu/Security/>. The report will be mailed to anyone requesting a paper copy. Anyone may obtain a paper copy at the administrative office of the University Police in Alumni Hall on the Reynolda Campus. Copies can also be obtained at the WFBMC Security Services Department Administration office located on the WFBMC main campus adjoining Reynolds Tower, Main Floor.

Crime statistics in this publication are for the Reynolda Campus referred to in this report as “WFU Reynolda campus” which is located at 1834 Wake Forest Road and the Wake Forest Baptist Medical Center main campus referred to in the report as “WFBMC main campus”. Separate campus locations associated with these main campuses are also included in this report. Prior to this 2019 Report, both campuses published separate Annual Security and Fire Safety Reports. Statistical data was submitted to the U. S. Department of Education as one university listing data for every location. One location reported by WFBMC was Innovation Quarter. In 2018 two additional locations were opened in Innovation Quarter. Two buildings were renovated and opened for use. These two buildings are connected by a lobby entrance and access doors between floors 1 to 4 in each building. One building is the Bowman Gray Center for Medical Education (Medical School students) 475 Vine St. and the other is Wake Downtown 455 Vine St. (WFU Undergraduate and Graduate students). Security in Innovation Quarter up to 2018 had been provided by Sunstates Security LLC under contract with WFBMC. Security at the two new locations is provided by the WFU Police who report crime statistics to WFBMC for inclusion in the Innovation Quarter campus crime statistics. Crime statistics for other locations

in Innovation Quarter leased or owned by WFBMC is provided by Sunstates Security and local law enforcement agencies other than WFU Police.

Statistics in this report are obtained from the incident reports of the WFU Police, WFBMC Security Services, Sunstates Security, statistics from incident reports of other local law enforcement agencies (including overseas) and information from other campus officials identified as Campus Security Authorities.

For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities and to all University Deans, Directors, and Department Heads.

All statistics are gathered, compiled, and reported to the University community via this report, which is published by the WFU Police Department. The WFU Police Department submits the annual crime statistics published in this report to the U.S. Department of Education (ED). The statistical information gathered by the U.S. Department of Education is available to the public through the ED website.

Campus Security Authorities include but are not limited to: faculty/staff advisors to registered student organizations, coaches for Intercollegiate Athletics and Intramural Sports, Directors of Residence Life and staff who directly monitor student residences, Deans, Vice Presidents for Campus Life, Directors of Student Development, Director and Advisors for International Studies, and Directors of the Benson Center. Campus Security Authorities (CSA) can report statistical information for this report via the CSA input page located on the Wake Forest University Police web page <https://police.wfu.edu/clery/campus-security-authority/> or the WFBMC web site at: <http://www.wakehealth.edu/Security/>.

Pastoral and Professional Counselors

When acting in their roles as pastoral and professional counselors, such counselors are not considered Campus Security Authorities and therefore are exempt from disclosing reported offenses. It is the policy of Wake Forest University to encourage pastoral and professional counselors, if and when they deem it appropriate, to inform the person they are counseling of the University's voluntary, confidential reporting options. These options include reporting information through Silent Witness located on the University Police web page (and are described in the "Voluntary, Confidential Reporting" section of this report).

Pastors and counselors are located on the Wake Forest University, Reynolda Campus and the Bowman Gray Center for Medical Education.

Pastors and counselors should encourage victims to submit a confidential report (that will not include the name of the victim) to the University Police or Wake Forest Baptist Medical Center

Security Services when there could be a danger to the community. Pastors are available for confidential reporting at the WFU Chaplains office 336-758-5017 and the Innovation Quarter (IQ) Chaplain: 3rd floor: Bowman Gray Center for Medical Education 1213, Wake Forest School of Medicine, 475 Vine Street, Winston-Salem, NC 27101. Contact: Michelle Nicolle, IQ Chaplain, 336-713-9766, mnicolle@wakehealth.edu. Counselors are available for confidential counseling at University Counseling Center 336-758-5273 and Student Counseling and Wellness Services, Waiting Room: Bowman Gray Center for Medical Education 1213, Wake Forest School of Medicine, 475 Vine Street, Winston-Salem, NC 27101. Contact: studentwellness@wakehealth.edu (confidential email) or Dr. Paige Greason, pgreason@wakehealth.edu, 336.713.3357 or Ryan MacLeod, rmacleod@wakehealth.edu, 336.713.6302.

The University Police works closely with the Winston-Salem Crime Stoppers program that allows person to provide anonymous information about crime activity. The phone number is 336-727-2800. Crime Stoppers allows a person to provide crime solving assistance to the authorities without being directly involved in the investigation process. This program can be used to report previous crimes that have not been reported. Crime Stoppers should not be used to report crimes in progress or emergencies. Call 911.

WFU Police also provides Silent Witness. Silent Witness is a web-based program that allows anonymous reporting to the police department. The senders return address is blocked so the report is completely anonymous. Silent Witness can be accessed from the University Police web page at www.wfu.edu/police.

The following steps are how you can contribute to a safe and healthy Community.

1. **BE ALERT.** Your safety depends mostly upon your own attitude and actions. Use common sense and do not place yourself in a location or situation to become a victim of crime.
2. **IF YOU OBSERVE ANY SUSPICIOUS ACTIVITY OR WISH TO REPORT ANY CRIMINAL ACT, CALL THE POLICE IMMEDIATELY.** For police, fire or medical emergencies on the Reynolda campus, you may contact University Police by calling 911 from any campus phone or 336-758-5591 from an off-campus phone or cell phone. You may contact Medical Center Security by calling 6- 9111 from any house phone or 336-716-9111 from an off-campus phone or cell phone. You may also use any of the emergency call boxes throughout the campus. Simply push the button, or follow the instructions on the phone, to be in direct contact with University Police or Medical Center Security. The campus community is encouraged to accurately and promptly report all crimes and safety related incidents to the University Police or Medical Center Security. At Charlotte, Wake Washington, or Brookstown dial 911. In England dial 999, in Italy and Spain dial 112, and in Austria dial 133.
3. **IF YOU BECOME AWARE OF A CRIME, OBSERVE A SUSPICIOUS PERSON OR SITUATION, OR ARE A VICTIM YOURSELF, PROMPTLY REPORT IT TO THE POLICE.**

Timely reports increase the likelihood that critical evidence will be obtained, stolen property will be recovered, and the offender will be successfully prosecuted. This is especially important in cases involving sex offenses. A prompt report to the police will also ensure that you are made aware of all available victim support services.

4. AVOID WALKING ALONE AT NIGHT. Make arrangements to walk in groups and, whenever possible. In Winston-Salem, use the University Shuttle or use the Medical Center Van Service. Hours of operation for the Reynolda Campus Shuttle can be found at:

<https://parking.wfu.edu/ride-the-wake/>. Hours of operation for the Medical Center Van Services can be found at <http://intranet.wakehealth.edu/Departments/Van-Services/>. At Innovation Quarter campus, you may also contact Sunstates Security at 336-713-1568 for a security escort. If you must travel alone at night, stay on well-lit paths and sidewalks.

5. KEEP YOUR ROOM DOOR LOCKED AT ALL TIMES. Locking your door with your key, wherever you reside, is an effective way to reduce theft and enhance personal safety. **The vast majority of thefts occur from unlocked rooms when the occupant is gone only briefly.** Do not prop open exterior doors and close any doors you find propped open. Propped doors are a high risk and greatly increase chances of your victimization. University Police Communications monitors doors with key card readers and door alarms. WFBMC (at WFBMC main campus) and Sunstates (at Innovation Quarter campus) monitor doors with card access readers and door alarms. Other campuses do not have monitored card readers. Police or Security Officers are dispatched immediately to investigate any propped doors. Do not open your door to someone you do not know.

6. DO NOT LEND YOUR KEY OR KEY CARD TO ANYONE. Your action could result in both you and/or an innocent victim being referred to the campus Conduct system. Report a lost or stolen key to the local Police and your R.A. immediately. On the WFBMC main campus report a lost or stolen key to WFBMC Security Services or at Innovation Quarter to Sunstates Security.

7. REPORT OBSCENE, ANNOYING, OR HARASSING PHONE CALLS OR E-MAIL MESSAGES IMMEDIATELY. University Police or WFBMC Security Services will investigate, and as patterns develop, will work closely with telecommunications and Information Technology Services to help identify offenders. At other campuses report to the local police.

8. REPORT ALL SECURITY-RELATED MAINTENANCE PROBLEMS. Locks, doors, windows, exterior lights in need of replacement, shrubbery in need of trimming or other unsafe conditions should be reported immediately to Facilities or Engineering by calling the Service Response Center at 336-716-0007 at WFBMC campus, on the Reynolda Campus contact the Facilities Management Service Line at 336-758-HALL (x4255), or Sunstates at 336-713-1568 at the Innovation Quarter campus. Campus facilities and landscaping are maintained in a manner to minimize hazardous conditions. WFBMC Security Services, University Police and Sunstates

routinely check for malfunctioning lights and other unsafe physical conditions. Any conditions found are reported to the appropriate department. At other campuses report maintenance issues to the branch administrator.

9. **IDENTIFY YOUR VALUABLES USING OPERATION ID** (Reynolda Campus only). Use engravers available from your R.A. or University Police to mark your valuables. Then fill out an Operation I D form at <http://police.wfu.edu/forms-pubs/operation.ID/#form>

10. **PARK YOUR CAR IN WELL-LIT AREAS AND KEEP IT LOCKED.** Lock all valuables in your trunk.

11. **REGISTER YOUR BICYCLE WITH UNIVERSITY PARKING MANAGEMENT** (Reynolda Campus only). They will issue a registration sticker to affix to your bicycle to deter theft and aid in recovery if it is stolen. Bicycle registration is mandatory. University Police strongly recommends a U-style lock. A registered and properly locked bicycle is much less likely to be stolen. Registration is fast and free.

12. **PARTICIPATE IN PERSONAL SAFETY AND SECURITY AWARENESS PROGRAMS.** The University Police frequently conduct programs that promote crime resistance skills that are also available for students at the Medical Center and Innovation Quarter campuses. Rape Aggression Defense (RAD) is a personal defense course offered to women at the Reynolda Campus. For information on RAD or other programs, please call University Police at 336-758-5591 or the Title IX Coordinator at 336-758-7258.

13. **BE AWARE OF CAMPUS CRIME TRENDS.** A Police Beat column can be read in The Old Gold and Black or on the University Police web site. More information on campus crime is available from the University Police. University Police maintain a daily Crime/Fire Log which can be found online at: <https://police.wfu.edu/clery/daily-crime-fire-log/>. A printed copy can be obtained at the University Police Office in Alumni Hall. The Crime/Fire log for the Medical Center and Innovation Quarter campuses can be found at: <http://www.wakehealth.edu/Security/Daily-Crime-Log.htm>. A printed copy can be obtained at the WFBMC Center Security Services Department Administration office. Crime logs are not maintained for the other campuses because there is no campus police or security officers at those locations.

14. **PROTECT YOUR LAPTOP.** Always have your Laptop secured, whether in your room or in study areas, as it is a high value, targeted item for theft. Neither WFU nor WFBMC cover property loss or damage due to unforeseeable incidents that may occur. Many property insurance policies will cover the loss or theft of your belongings.

Confidential reports are included among crime statistics for the WFBMC and Innovation Quarter campuses but do not provide identifying information.

Voluntary and Confidential Reporting

There are procedures that allow victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. Should a student or employee become the victim of a crime and choose not to pursue action or is unable to do so under the applicable campus judicial or employee process or through the public criminal justice system, students and employees may still want to consider making a confidential report. In addition to the Silent Witness Form <https://police.wfu.edu/forms/silent-witness-form/>, students and employees may request that the WFBMC Security Services and/or the WFU PD personnel file a report on behalf of the victim with the details of the incident. This may be done without revealing the student’s or employee’s identity (except to the Title IX Coordinator in the event of a reported sex offense or sexual harassment and the student’s or employee’s identity is known to WFBMC Security Services and/or the WFU PD). This confidential report will protect the student’s or employee’s identity while assisting with notification to other students and employees of potential risk. With such information, Wake Forest University can keep an accurate record of

the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential danger. At BGCME the Chaplains office, who are not counselors, can be contacted at 336-713-9766 and Student Counseling and Wellness Services can be contacted at 336-713-3357.

FIRE SAFETY REPORT – Reynolda Campus

(Fire safety policies for the Reynolda Campus will apply to all campuses unless specifically noted in each of the respective campus fire safety reports)

One hundred and forty-four fire drills were conducted in campus residence halls during 2018.

Procedures for Student Housing Evacuation in the case of a fire:

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 911 and the WFU Police. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, University policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building

1. Individual student responsibilities:
 - a. Wear shoes and something to protect you from the elements.
 - b. Close all windows and doors and exit quietly and orderly.
 - c. Leave through the pre-assigned or alternate exit and report to the determined evacuation area.
2. Sanctions for not evacuating

- a. Minimum \$100.00 dollar fine.
- b. Educational sanctions.

General procedures that students and employees should follow in the case of a fire.

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. **Do not attempt to fight a fire unless you have been trained to do so.**
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key and/or key card in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- Office of Resident Life and Housing staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- **DO NOT USE ELEVATORS.** Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.
- Each resident should report to their assigned assembly area. Office of Resident Life and Housing staff should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel.

1. Steps for reporting a fire

- a. Activate the fire alarm/pull station.
- b. Evacuate the building.
- c. Call University Police at 911 and provide the following information:
 - i. Your name
 - ii. Your building, location of fire, nature of fire
- d. Inform officials of any students unable to evacuate.
- e. Go to your evacuation area so Residence Life & Housing staff will know you evacuated.

- f. Wait for further instructions from emergency personnel or Residence Life & Housing staff.

2. Fire Extinguisher Use

- a. At no time should you risk your own safety by attempting to extinguish a fire or to return to a burning building!
- b. Be familiar with the location and proper methods for using the extinguishers in your building.
- c. Check all fire extinguishers periodically and report any problems promptly to maintenance.
- d. Fire extinguishers are located in all residence hall offices.

3. Fire Incident Report

Per federal law, WFU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. The following procedures should be followed to ensure proper documentation and investigation of fire related incidents:

- a. All fires (active or extinguished) and false alarms must be reported to the University Police at 911. University Police and the Winston-Salem Fire Department will be dispatched.
- b. The Fire Department will assure that everything has been properly extinguished.
 - i. The GHD on duty will contact the Coordinator of Housing immediately following a fire alarm.
 - ii. Reports are to be completed and returned by the responding staff member and submitted to supervisor and Coordinator of Housing within 24 hours following the incident.
- c. Report all fires that have occurred to the WFU Fire Prevention Coordinator at (336) 758-4329

4. Fire Safety

Students and employees should be thoroughly familiar with your building, the fire lanes around your building, Fire Safety equipment, and emergency procedures. Your attitude and knowledge towards fire safety helps create a safety-conscious community.

5. Fire Alarm and Sprinkler System Policies

Giving false fire alarms or tampering with fire alarm or sprinkler equipment is an offense under state of North Carolina criminal law.

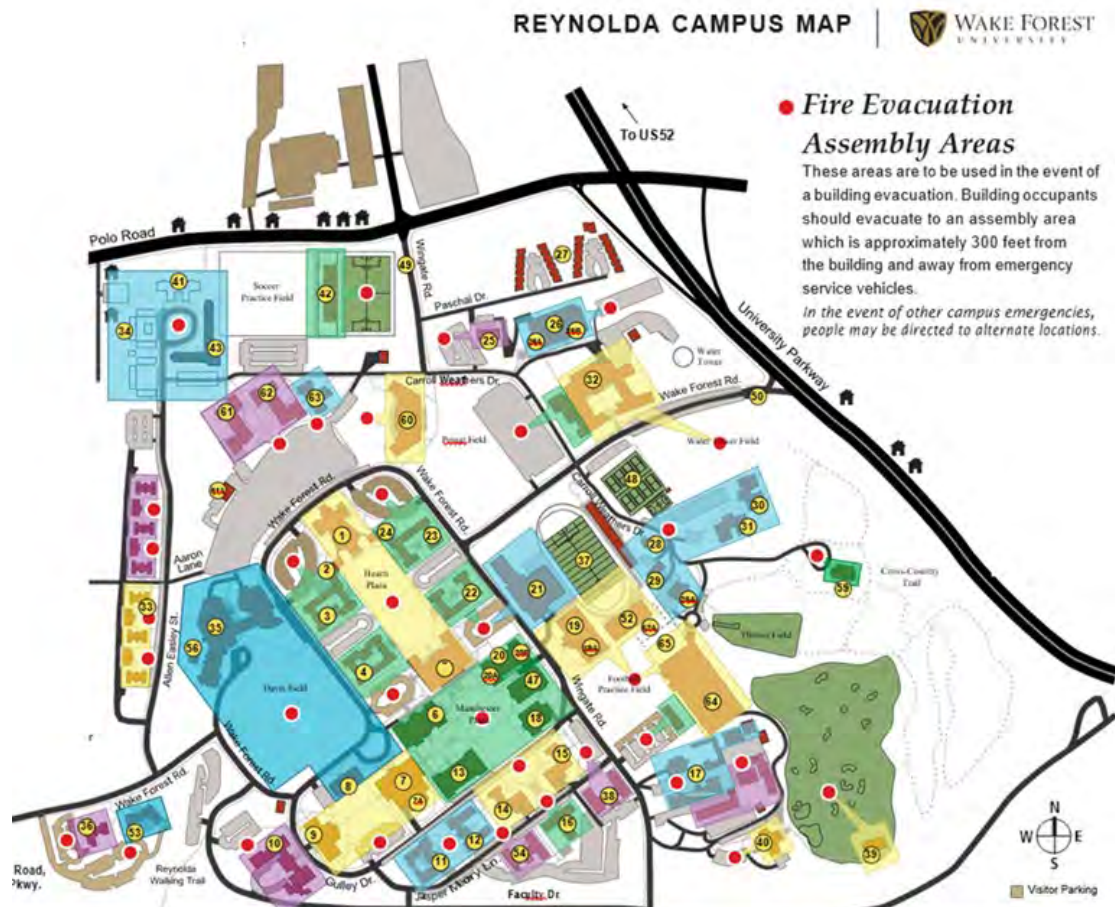

- a. “It shall be unlawful for any person or persons to wantonly and willfully give or cause to be given, or to advise, counsel, or aid and abet anyone in giving a false alarm of fire, or to break the glass key protector, or to pull the side arm, or lever of any station or signal box of any fire station, or willfully, misuse or damage a portable fire extinguisher or in any way to willfully interfere with, damage, deface, molest, or injure any part or portion of any fire alarm, fire detection, smoke detection, or fire extinguishing system.”

- b. Causing false fire alarms, for tampering with fire alarms, fire extinguishers or sprinkler equipment is a misdemeanor under state of North Carolina criminal law as well as a violation of Wake Forest University policy.

Criminally, this offense is punishable by a fine not to exceed five hundred dollars (\$500), imprisonment for not more than six months, or both. Students found responsible for violations of this policy may face immediate cancellation of the student’s Housing and Dining Agreement.

Students should take special precautions to avoid tampering with or accidentally activating the building sprinkler or fire alarm systems. Sprinkler heads should not be used as a way to hang items in the room. The city of Winston-Salem Fire Code requires that students not place any personal items or University furniture within 18 inches of any sprinkler head, including in room closets.

- c. Any student who does not leave the residence hall during a fire alarm will be subject to a maximum penalty of \$100 and/or mandatory participation in a work program, imposed by the campus Conduct system/or Housing Agreement.
- d. Students should take special precautions to avoid tampering with, molesting, or accidentally activating the building sprinkler or smoke detection system. For example, sprinkler heads should not be used as a way to hang items in the room. Students may be held liable for damages that occur in rooms/common areas and/or be required to pay a Winston- Salem citation as a result of sprinkler or smoke detection system activation or tampering. The University typically receives a citation for all false activations of the fire alarm systems which result in a monetary system fine on a tiered cost schedule.

TRIAGE AREAS

ELECTRICAL APPLIANCE POLICY FOR RESIDENCE HALLS & OFF CAMPUS HOUSING

In order to ensure maximum health and safety standards in the residence halls, several categories of electrical appliances have been established. They are:

- a. Appliances that may not be used or stored in residence hall. These include toaster ovens, convection ovens, electric skillets, waffle or crepe pans, crock pots, hot plates, hamburger makers, space heaters, electric blankets, fog machines, generators, or halogen lamps. Pre-approved air conditioners (as a result of a medical appeal) registered with the Office of Residence Life and Housing are allowed as long as they are a maximum 5,000 BTU's.

- b. Appliances that may be used and stored in student rooms. These include hair dryers, blenders, hot-air popcorn poppers, and fans.
- c. Appliances that may be stored in rooms and used in kitchens or ironing rooms. These include irons, oil popcorn poppers, coffee makers, George Foreman grills (and similar items), toasters, and hot pots of any kind.
- d. Refrigerators that meet University standards (maximum 10 amps/3 cubic feet) are permitted.
- e. The University prohibits the use of halogen lamps and plug-in air fresheners in student residential areas.
- f. Overhead, or room, lights will not be covered with any material.
- g. Though neon lights are permitted within the residence halls, they may not be placed in windows or be seen from the exterior of the building.
- h. Only microwaves provided by the University may be used within student rooms. Students may not bring additional microwaves to campus.
- i. Black (or dark) overhead light bulbs are prohibited in student rooms and hallways. These bulbs are permitted in student organization lounges only when standard florescent lighting in one area can be activated simultaneously.
- j. Though permitted for no more than 90 days, students may install string lights so long as this is done without damage to University property. Lights can only be hung inside student rooms, not outside or in the hallways.
- k. Students may not install string lights or television cables through the ceiling tiles, or grid because of potential damage. This is not permitted in any instance. Any violation of this will result in automatic removal and potential fines for damage caused.
- l. Any type of open flame (candles and incense, for example) is strictly prohibited. The presence of any type of open flame (or evidence of a flame) on University property will result in a \$100 fine.
- m. Smoking is prohibited inside residential facilities, within 50 feet of residence halls and within 25 feet of university building doorways and entrances.

Any violation of these policies will result in a \$50 fine. Second offenses will result in an additional \$100 fine and potential confiscation of the appliance.

ELECTRICAL POLICY FOR RESIDENCE HALLS & OFF CAMPUS HOUSING

The fire marshal has dictated that the use or possession of extension cords, multiple plugs, multi plug converters, or air fresheners with an additional plug adaptor is prohibited within all of the residence halls and off campus housing. The fire marshal has approved the use of Underwriters Laboratories (UL) approved power strips with circuit breakers. Extension cords, multiple plugs, multi plug converters, or plug-in air fresheners will be confiscated by staff, and students using them may be fined a minimum of \$75.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

All new Residence Life and Housing staff members are provided with training at the beginning of the academic year on building evacuation procedures.

All students have access to the “Guide to Community Living” published by the Office of Residence Life and Housing on their web site. This document provides basic information on fire prevention, fire drills, fire marshal inspections, appliance policy, electrical extension cord policy, fire evacuation policy, fireworks policy and flammable materials policy.

FIRE SAFETY SYSTEM IMPROVEMENTS

The university does not have any planned improvements in fire safety at this time

ANNUAL FIRE SAFETY REPORT - WFBMC Campus*Procedures in Case of Fire*

General procedures that students and employees should follow in the case of a fire:

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. **Do not attempt to fight a fire unless you have been trained to do so.**
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key and/or key card in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- Office of Resident Life and Housing staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- DO NOT USE ELEVATORS. Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.
- Each resident should report to their assigned assembly area. Office of Resident Life and Housing staff should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency

personnel.

1. Individual Responsibilities
 - a. Wear shoes and something to protect you from the elements.
 - b. Close all windows and doors and exit quietly and orderly.
 - c. Leave through the pre-assigned exit or alternate and report to the determined evacuation area.
2. Steps for reporting a fire
 - a. Evacuate the building.
 - b. Call Security Emergency Communications at 6-9111 or 336-716-9111 or Winston-Salem Fire Department at 911 and provide the following information:
 - i. Your name
 - ii. Location of fire, nature of fire
 - c. Inform officials of any students or visitors unable to evacuate.
 - d. Go to your evacuation area. (Residents of 325 Lockland Ave. Global Health house go to the corner of Lockland Ave & Queen St., which is also the triage area)
 - e. Wait for further instructions from emergency personnel.
3. Fire Extinguisher Use
 - a. At no time should you risk your own safety by attempting to extinguish a fire or to return to a burning building!
 - b. Be familiar with the location and proper methods for using the extinguishers in your building. (PASS – Pull, Aim, Squeeze, Sweep)
 - c. Check all fire extinguishers periodically and report any problems promptly to Security Services 336-716-3305.
4. Fire Incident Report

Per federal law, WFU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. The following procedures should be followed to ensure proper documentation and investigation of fire related incidents:

 - a. All fires (active or extinguished) and false alarms must be reported to the Security Services at 6- 9111 or 336-716-9111. Security Services personnel and the Winston-Salem Fire Department will be dispatched.
 - b. The Fire Department will ensure that everything has been properly extinguished.
5. Fire Safety

Students and employees should be thoroughly familiar with your building, the fire lanes around your building, Fire Safety equipment, and emergency procedures.
6. Fire Alarm and Sprinkler System Policies

Giving false fire alarms or tampering with fire alarm or sprinkler equipment is an offense under state of North Carolina criminal law. See Chapter 14 - Criminal Law § 14-286.

 - a. “It shall be unlawful for any person or persons to wantonly and willfully give or cause to be given, or to advise, counsel, or aid and abet anyone in giving a false alarm of fire, or to break the glass key protector, or to pull the side arm, or lever of any station

or signal box of any fire station, or willfully, misuse or damage a portable fire extinguisher or in any way to willfully interfere with, damage, deface, molest, or injure any part or portion of any fire alarm, fire detection, smoke detection, or fire extinguishing system.”

- b. “Any person violating this statute or any of the provisions of this section shall be guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500), imprisonment for not more than six months, or both.”
7. Students should take special precautions to avoid tampering with, molesting, or accidentally activating the building sprinkler or smoke detection system. The city of Winston-Salem Fire Code requires that students not place any personal items or furniture within 18 inches of any sprinkler head, including in room closets if a sprinkler head is installed within it.

Procedures for Student Housing Evacuation in Case of a Fire

In the event of a fire, the Environmental Health and Safety expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave as directed in the Area Evacuation Plan. The Area Evacuation Plan is provided to each occupant of the Global Health House. Once safely outside a building, it is appropriate to contact 911 and the Security Services. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, WFBMC Environment Health and Safety policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member’s only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

Electrical Appliance, Open Flame, and Smoking Policy for On-Campus Housing

In order to provide for the safety of students residing in the Global Health House, 325 Lockland Avenue. WFBMC has established a policy regarding several categories of electrical appliances. This policy includes the following requirements:

- a. Appliances that may not be used or stored in Global Health House. These include toaster ovens, convection ovens, electric skillets, waffle or crepe pans, crock pots, hot plates, hamburger makers, space heaters, electric blankets, fog machines, generators, or halogen lamps. Preapproved air conditioners (as a result of a medical appeal) registered with the Global Health House, are allowed as long as they are a maximum 5,000 BTU’s.
- b. Appliances that may be used and stored in student rooms include musical appliances, hair dryers, blenders, hot-air popcorn poppers, and fans.
- c. Appliances that may be stored in rooms and used in kitchens or ironing rooms

include irons, oil popcorn poppers, coffee makers, George Foreman grills (and similar items), toasters, and hot pots of any kind. Global Health House has kitchens and appliances furnished for food preparation.

- d. Refrigerators that meet designated standards (maximum 10 amps/3 cubic feet) are permitted.
- e. Use of halogen lamps and plug-in air fresheners in student residential areas are prohibited.
- f. Overhead and room lights may not be covered with any material.
- g. Though neon lights are permitted within the Global Health House, they may not be placed in windows or be seen from the exterior of the building.
- h. Only microwaves provided by the WFBMC may be used within student rooms. Students may not bring additional microwaves to campus.
- i. Black (or dark) overhead light bulbs are prohibited in student rooms and hallways.
- j. Though permitted for no more than 90 days, students may install string lights so long as this is done without damage to WFBMC property. Lights can only be hung inside student rooms, not outside or in the hallways.
- k. Students may not install string lights or television cables through the ceiling tiles, or grid because of potential damage. This is not permitted in any instance. Any violation of this will result in automatic removal and potential fines for damage caused.
- l. Any type of open flame (candles and incense, for example) is strictly prohibited.
- m. Smoking is prohibited in the Global Health House.

Electrical Extensions Policy for Residence Halls and Off Campus Housing

The fire marshal has dictated that the use or possession of extension cords, multiple plugs, multi plug converters, or air fresheners with an additional plug adaptor is prohibited within the Global Health House. The fire marshal has approved the use of Underwriters Laboratories (UL) approved power strips with circuit breakers.

Fire Safety Education and Training Programs

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the University's fire safety policies. Everyone is also provided with maps of each on-campus student housing facility that illustrate evacuation routes and fire alarm equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them. Fire safety education and training programs are taught by local fire authorities

Students living at Global Health House are presented with written information which includes:

- a. Individual student responsibilities
- b. Steps for reporting a fire
- c. Fire extinguisher use
- d. Fire incident reporting
- e. Fire safety
- f. Fire alarm and sprinkler policies
- g. Fire evacuation assembly areas

Plans for Improvement to Fire Safety-The Medical Center Environmental Health and Safety does or does not have any planned improvements in fire safety at this time.

FIRE SAFETY

Two fire drills were conducted during 2018.

Procedures for Student Housing Evacuation in Case of a Fire:

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 999 to summons the London Fire Depart. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, University policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each

community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

1. Individual Student Responsibilities

- a. Wear shoes and something to protect you from the elements.
- b. Close all windows and doors and exit quietly and orderly.
- c. Leave through the pre-assigned exit or alternate and report to the determined evacuation area on the sidewalk outside the residence or where instructed by your Faculty Director.

2. Steps for reporting a fire

- a. Activate the fire alarm/pull station.
- b. Evacuate the building.
- c. Call the fire department at 999 and provide the following information
 - i. Your name
 - ii. The location and nature of the fire.
- d. Inform officials of any students unable to evacuate.
- e. Go to your evacuation area so staff will know you evacuated.
- f. Wait for further instructions from emergency personnel.

3. Fire Extinguisher Use

- a. At no time should you risk your own safety by attempting to extinguish a fire or to return to a burning building!
- b. Be familiar with the location and proper methods for using the extinguishers.
- c. Check all fire extinguishers periodically and report any problems promptly.

4. Fire Incident Report

Per federal law, WFU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. The following procedures should be followed to ensure proper documenting and investigation of fire related incidents:

- a. All fires (active or extinguished) and false alarms must be reported to the Faculty Director and/or House Local Administrator.
- b. All fires (active or extinguished) and false alarms must be reported to the London Fire Department by calling 999

APPLIANCE, SMOKING AND OPEN FLAME POLICY

1. All small appliances brought to the House are to be carefully monitored.
2. No smoking in the House.
3. No open flames.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the University's fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them. **Each semester the House Local Administrator presents an introduction to Worrell House which includes fire precautions and the procedures the students and employees should follow in the case of a fire (including evacuation procedures discussed below).**

FIRE EVACUATION

General procedures that students and employees should follow in the case of a fire.

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. **Do not attempt to fight a fire unless you have been trained to do so.**
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- Office of Resident Life and Housing staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- Each resident should report to their assigned assembly area. Office of Resident Life and Housing should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel. **In the event of a fire or fire drill residents should gather on the sidewalk away from the entrance to the residence. Fire drills may be conducted by the Faculty Director.**

FIRE SAFETY IMPROVEMENTS

The university does not have any planned improvements in fire safety systems at this time.

FIRE SAFETY

Procedures for Student Housing Evacuation in Case of a Fire:

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to phone 112 to summons the Barcelona Fire Department. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, University policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

1. Individual Student Responsibilities

- a. Wear shoes and something to protect you from the elements.
- b. Close all windows and doors and exit quietly and orderly.
- c. Leave through the pre-assigned exit or alternate and report to the determined evacuation area on the sidewalk outside the residence or where instructed by your Faculty Director.

2. Steps for reporting a fire

- a. Activate the fire alarm/pull station.
- b. Evacuate the building.
- c. Call the fire department at 112 and provide the following information

- i. Your name
- ii. The location and nature of the fire.
- d. Inform officials of any students unable to evacuate.
- e. Go to your evacuation area so staff will know you evacuated.
- f. Wait for further instructions from emergency personnel.

3. Fire Extinguisher Use

- a. At no time should you risk your own safety by attempting to extinguish a fire or to return to a burning building!
- b. Be familiar with the location and proper methods for using the extinguishers.
- c. Check all fire extinguishers periodically and report any problems promptly.

4. Fire Incident Report

Per federal law, WFU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. The following procedures should be followed to ensure proper documenting and investigation of fire related incidents:

- a. All fires (active or extinguished) and false alarms must be reported to the Faculty Director and/or House Local Administrator.
- b. All fires (active or extinguished) and false alarms must be reported to the Local Fire Department by calling 112

APPLIANCE, SMOKING AND OPEN FLAME POLICY

- 1. All small appliances brought to the House are to be carefully monitored.
- 2. No smoking in the House.
- 3. No open flames.

FIRE SAFETY EDUCATION AND TRAINING

Each semester the House Local Administrator presents an introduction to Barcelona which includes fire precautions and evacuation.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the University's fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them. Fire safety education and training programs are taught each semester by the House Local Administrator who presents an introduction to Barcelona which includes fire precautions and evacuation. In this introduction, procedures that students and employees should follow in case of a fire are reviewed and include the following:

FIRE EVACUATION

General procedures that students and employees should follow in the case of a fire.

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. **Do not attempt to fight a fire unless you have been trained to do so.**
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.

- Office of Resident Life and Housing staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- Each resident should report to their assigned assembly area. Office of Resident Life and Housing staff should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel. **In the event of a fire or fire drill residents and staff should gather on the sidewalk away from the entrance to the residence. Fire drills may be conducted by the Faculty Director.**

There are no changes in fire safety systems planned.

Hate crimes are reported for the following crimes: Murder, Non-negligent Manslaughter, Sex Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/damage/vandalism of property, and any other crime involving bodily injury. No hate crimes were reported to the police during 2017, or 2018.

Procedures for Student Housing Evacuation in Case of a Fire:

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to phone 911 to summons the Washington Fire Department. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, University policy

is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

1. Individual Student Responsibilities

- a. Wear shoes and something to protect you from the elements.
- b. Close all windows and doors and exit quietly and orderly.
- c. Leave through the pre-assigned exit or alternate and report to the determined evacuation area on the sidewalk outside the residence or where instructed by your Apartment building representative.

2. Steps for reporting a fire

- a. Activate the fire alarm/pull station.
- b. Evacuate the building.
- c. Call the fire department at 911 and provide the following information
 - i. Your name
 - ii. The location and nature of the fire.
- d. Inform officials of any students unable to evacuate.
- e. Go to your evacuation area so staff will know you evacuated.
- f. Wait for further instructions from emergency personnel.

3. Fire Extinguisher Use

- a. At no time should you risk your own safety by attempting to extinguish a fire or to return to a burning building!
- b. Be familiar with the location and proper methods for using the extinguishers.
- c. Check all fire extinguishers periodically and report any problems promptly.

4. Fire Incident Report

Per federal law, WFU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. The following procedures should be followed to ensure proper documenting and investigation of fire related incidents:

- a. All fires (active or extinguished) and false alarms must be reported to the University Administrator (336-758-4050)
- b. All fires (active or extinguished) and false alarms must be reported to the Local Fire Department by calling 911

APPLIANCE, SMOKING AND OPEN FLAME POLICY

1. All small appliances brought to the Apartment are to be carefully monitored.
2. No smoking in the Apartment.
3. No open flames.

FIRE SAFETY EDUCATION AND TRAINING

Each semester the University Administrator presents an introduction to Washington which includes fire precautions and evacuation.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the University's fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them. Fire safety education and training programs are taught each semester by the House Local Administrator who presents an introduction to Barcelona which includes fire precautions and evacuation. In this introduction, procedures that students and employees should follow in case of a fire are reviewed and include the following:

FIRE EVACUATION

General procedures that students and employees should follow in the case of a fire.

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. **Do not attempt to fight a fire unless you have been trained to do so.**
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- Each resident should report to their assigned assembly area. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel. **In the event of a fire or fire drill residents should gather on the sidewalk away from the entrance to the residence. Fire drills may be conducted by the Apartment Manager.**

FIRE SAFETY IMPROVEMENTS

There are no changes in fire safety systems planned.

Timely Warning

The timely warning policies for WFU Reynolda Campus will apply for all campuses unless otherwise indicated.

WFU REYNOLDA CAMPUS, BROOKSTOWN, AND INNOVATION QUARTER (Wake Downtown)

In an effort to provide timely notice to the Wake Forest community, and in the event of a serious incident, within the WFU Clery Geography (On Campus, Public Property, and Noncampus property) which may pose a serious or ongoing threat to members of the Wake Forest community, a blast email Crime Alert (Timely Warning) is sent to all students and employees. The alerts are generally written by the Major of Police, or the Director of Crisis Communication and they are approved and distributed to the community by the Associate Vice President or the Director of Crisis Communications of Communications and External Relations (CER), University Advancement. Crime Alerts will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that provides information to assist with potentially preventing similar occurrences. Updates to the community about any particular case resulting in a Crime Alert may be distributed via blast email, and/or may be posted on the University Police web site.

Crime Alerts are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: major incidents of arson, murder/non-negligent manslaughter, burglary, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by University Police. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other Wake Forest community members and a Crime Alert would not be distributed. The Major of Police or designee reviews all reports to determine if there is an on-going threat to the community and whether the distribution of a Crime Alert is warranted. Cases involving sexual assault are often reported long after the incident occurred, thus there is no opportunity to distribute a "timely" warning notice to the community. Sex offenses will be considered on a case by case basis

depending on when and where the incident occurred, when it was reported, and the amount of information known by the WFU Police Department. Crime Alerts may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of WFU Police.

Timely Warning Notices/Crime Alerts will be issued to the campus community via email blast to all WFU assigned email accounts (all students and employees). Timely warnings may also be issued using the WAKE ALERT system.

The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.

WORRELL HOUSE, FLOW HOUSE, CASA ARTOM, SALAMANCA, BARCELONA, LONDON INSTEP, CAMBRIDGE INSTEP, CHARLOTTE AND WAKE WASHINGTON

The policies for WFU Reynolda Campus will apply for these campuses except that Timely warnings will be give directly to the students by the Faculty Director or House Manager who is responsible for the content of the message.

WAKE FOREST BAPTIST MEDICAL CENTER AND INNOVATION QUARTER (except for Wake Downtown)

Crime Alerts are usually distributed for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: major incidents of arson, criminal homicide, burglary and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by WFBMC. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other Wake Forest community members and a Crime Alert would not be distributed. Cases involving sexual assault are often reported long after the incident occurred, thus there is no opportunity to distribute a “timely” warning notice to the community. Sex offenses will be considered on a case by case basis depending on when and where the incident occurred, when it was reported, and the amount of information known by WFBMC Security Services. Timely Warning Notices/Crime Alerts may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of Director of Security Services or designee.

In the event of an incident that may pose a serious or ongoing threat to members of the WFBMC and Innovation Quarter campuses, a MIR 3 notification and/or a campus wide email will be sent. A Crime Alert (Timely Warning) is sent to all students and employees. Crime Alerts will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that provides information to assist with potentially preventing similar occurrences. Updates to the campuses about any particular case resulting in a Crime Alert may

be distributed via campus wide email, and/or may be posted on WFBMC's Security Services website: <http://www.wakehealth.edu/Security/>.

Timely warnings may be issued for other crime classifications and locations even though that is not required by the law, at the sole discretion of WFBMC Security Services. Timely Warning Notices are typically written and distributed by WFBMC Security Services in consultation with the WFBMC's Communications and Marketing Department.

The Director of Security Services or designee reviews all reports to determine if there is an ongoing threat to the community and the distribution of a Crime Alert is warranted.

The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor

BOONE

Bowman Gray Center for Medical Education (BGCME) students attending classes at the BGCME Boone campus which is located on the campus of Appalachian State University in leased facilities (Leon Levine Hall of Health Sciences, 1179 State Farm Road), will receive all Crime alerts distributed by WFBMC Security Services. All policies for Crime alerts on the BGCME campus apply.

All BGCME students are provided with a username and password which allows them to sign up for AppState Alert. ASU Police issues Safety Alerts. The following is from the Appalachian State Annual Security and Fire Safety Crime Report: "A campus wide "timely warning," called a Safety Alert, will be issued to the campus community in the event that a situation arises, either on or off campus, which in the judgement of the Chief of Appalachian Police or his designee constitutes an ongoing or continuing threat. The Chief of Appalachian Police will generally make the determination, in consultation with other University officials, if a Safety Alert is to be issued. However, in some cases of immediate or ongoing threats, the university police tele-communicators and supervisors may issue timely warnings".

The warning will be issued through the university emergency notification system to students, faculty, and staff via an email message and text message in cases that pose an imminent threat to campus. The safety alert will provide details of the crime, a description of the suspect, and information that will aid in the prevention of similar incidents, including safety information and protective steps. Appalachian Police may omit some information from the safety alert if providing it could identify the victim or compromise law enforcement efforts to respond. The information in the Safety Alert will include a description of the incident and location but will not divulge information that could lead to the identity of the victim and will link to information that promotes safety and would aid in the prevention of similar incidents. If there is an emergency or immediate threat to the health or safety of students or employees occurring on campus, ASU will activate its emergency notification system, called AppState-ALERT.

Warnings for cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by ASU Police or local law enforcement. Timely warnings may be issued for other Clery Act crime classifications when ASU Police determines such crimes pose a serious or on-going threat to students and employees.

Timely Warning Notices/Crime Alerts may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of ASU Police.

Emergency Response and Evacuation Procedures

Emergency Alerts (Emergency/Immediate Notification)

Wake Forest University has developed a process to notify the campus community in cases of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations are examples which may warrant an emergency (immediate) notification after confirmation: armed/hostile intruder; bomb/explosives (threat); communicable disease outbreak; severe weather; terrorist incident; civil unrest; natural disaster; hazardous materials incident, and structural fire.

In the event of an emergency, WFU will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the University community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employee and visitors. Specific procedures and methods applicable to each campus are discussed in the following sections.

WFU REYNOLDA CAMPUS, BROOKSTOWN, AND INNOVATION QUARTER (Wake Downtown)

The University maintains a Crisis Management Team which may be activated by senior university officials for response to emergencies on campus. The Team follows the guideline of the University Crisis Plan and the accompanying Incident Command System for the Wake Forest University Crisis Management Plan. This plan outlines incident priorities, campus organization and specific responsibilities of particular units or positions.

University units are responsible for developing emergency response and continuity of operations plans for their areas and staff. Campus emergency management provides resources and guidance for the development of these plans. Team members and University Police have received U.S. Department of Homeland Security Incident Command training. The University Crisis Management Team conducts emergency response drills and exercises annually in conjunction with other emergency agencies and includes County Emergency Management, Winston- Salem Police, Fire and EMS. These drills and exercises may include tabletop exercises, functional exercises, and/or tests of the emergency notification systems on campus. These tests, which may

be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution.

The University public web site WAKE READY <http://wakeready.wfu.edu/> has information on emergency situations, evacuation, safety tips, alert methods, shelter in place and frequently asked questions. The WAKE ALERT web site <http://wakealert.wfu.edu/> is used during emergencies to convey important information and the status of the emergency to the campus and outside of the campus community. The Office of Communications and External Relations is responsible for the content on WAKE READY and WAKE ALERT. Both WAKE READY and WAKE ALERT are accessible to the public outside the University.

The WFU Police staff is responsible for responding to reported emergencies and confirming the existence of a significant emergency or dangerous situation, sometimes in conjunction with campus administrators, local first responders and/or the national weather service.

In the event that an emergency or dangerous situation involving an immediate threat to the health and safety of students or staff exists on campus, University Police, and/or Communications and External Relations, after confirmation of the emergency by University officials, medical

personnel, fire officials, city police or University Police officers on scene, determine the content of the message and will use some or all of the systems described above in the table to communicate the threat to the WFU Community.

Notification will be made by using some or all of the following methods depending on the type of emergency: WAKE ALERT SYSTEM. The WAKE ALERT has multiple components for emergency notification; text/phone notification, outdoor and indoor siren/ voice alert, website, e-mail, voice mail, Twitter and the Weather and Emergency Phone Line (336-758-5935), additionally if deemed appropriate, face to face communication may be used to communicate emergency information. Due to the size of the campuses, notifications will normally be sent out to all recipients. A segmented message may be sent to a select group, such as a Residence Hall if the recipients and message contents can be determined without delay. The Police Supervisor on duty will determine if a segmented message is appropriate. WFU will, without delay, and taking into account the safety of the community, determine the content of the notification, and initiate the WAKE ALERT, unless issuing a notification would, in the judgment of the responsible authorities, compromise efforts to assist a victim, or to contain, respond to, or otherwise mitigate the emergency.

Registration: Faculty, staff and graduate students may register their cell phones for text/ phone notification. Registration is via the Wake Information Network (WIN - <https://win.wfu.edu/>) accessible from the university's home page. Click Personal, then click Your Personal Information and make changes at the bottom of the page. Registration for undergraduate students is mandatory and also may be entered via WIN.

A number of preformatted messages exist in each system to facilitate notification. During unusual or changing situations University Police Communicators may type or speak messages into the systems. The content of these messages may be composed by the WFU Police Supervisor on duty, the Crisis Management Team, University Communications, senior university administration, or a combination of these groups. All the groups mentioned have the authority to activate the Wake Alert system; in an emergency the police supervisor on duty may activate the system for rapid dissemination. Police Communicators have the authority to issue an alert if a supervisor is unavailable.

Follow-up information will be distributed using some or all of the identified communication systems.

WORRELL HOUSE, FLOW HOUSE, CASA ARTOM, SALAMANCA, BARCELONA, LONDON INSTEP, CAMBRIDGE INSTEP

These campuses will follow the emergency response procedures outlined for WFU Reynolda Campus with the exception that overseas notification of an imminent threat or danger is provided by our risk management provider, WorldAware. If a significant incident occurs, WorldAware

will send students and staff email notification of the issue by an alert. An SMS and/or email requesting student or staff confirm their safety will be sent. If safety is not confirmed, then the event will be escalated to the WFU Security Managers.

CHARLOTTE AND WAKE WASHINGTON

Charlotte and Wake Washington will follow the emergency response procedures outlined for WFU Reynolda Campus with the exception that local Emergency Alerts will be give directly to the students by the Faculty Director.

WAKE FOREST BAPTIST MEDICAL CENTER BOONE, AND INNOVATION QUARTER (Bowman Gray Center for Medical Education)

WFBMC maintains an Emergency Response Plan that outlines responsibilities of campus units during emergencies. This plan outlines incident priorities, campus organization and specific responsibilities of particular units or positions.

University units are responsible for developing emergency response and continuity of operations plans for their areas and staff. Campus emergency management provides resources and guidance for the development of these plans.

WFBMC Security Services responds to all emergencies at the WFBMC campus. At the Innovation Quarter campus, contract security Sunstates Security, LLC (referred to herein as “Sunstates”) and local law enforcement respond to emergencies. WFBMC employs an automated Emergency Notification System (MIR 3) to notify the campuses upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students and employees occurring on the WFBMC, Boone campus, and Innovation Quarter (Bowman Gray Center for Medical Education) campuses. The system can make notifications via e-mail, telephone, pager and text messaging and can be used to provide follow-up information to the community. All students, faculty, and staff are required to participate in the notification system. Contact information is electronically obtained from student or employment registration processes and separate registration is not required.

Confirmation of a reported emergency or dangerous situation may be established by the response of WFBMC Security Services personnel, local law enforcement, other dispatched public emergency responders, and/or in conjunction with campus administrators or the national weather center. The number of reports concerning the event, as well as consistency in the details of such reports, may also aid in establishing confirmation of a reported emergency or dangerous situation. When confirmed either by a specific or by accumulated reports, Emergency Communications personnel or the on-duty WFBMC Security Services supervisor may initiate activation of the MIR 3 emergency notification system.

Emergency Communications personnel or the on-duty WFBMC Security Services supervisor will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system unless, in the professional judgment of responsible authorities, issuing a notification will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The content of notifications may involve utilization of pre-scripted messaging or appropriately constructed messaging that plainly describes the event and action to be taken by the campuses. Notification would not occur if, in the professional judgment of the authorities, efforts to assist a victim, contain, or respond to the emergency would be compromised. Additional forms of campus wide notification may include use of the campus wide email alert, Intranet website postings, overhead public-address system, pagers and text messaging.

Examples of incidents that may trigger a campus-wide emergency notification are the following: immediate criminal threats, violent acts, fire, gas leaks, tornadoes, contagious viruses, etc. WFBMC Security Services will consult with police, fire and disaster authorities when confirming that there is a significant emergency, determining who to notify, the content of the notification, and initiation of the notification system.

Based on the magnitude of an event, WFBMC Emergency Management may activate an incident command center for management of the crisis. The incident command team provides coordination of internal response to the event, manages resources, and maintains decision making authority related to the event. The designated Incident Commander and incident command staff, with the assistance of WFBMC Communications and Marketing, will prepare notifications and will use some or all of the systems described below to communicate the threat to the WFBMC, Boone, or Innovation Quarter community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population, and determine appropriate timing of release as well as notification to the larger community using external media sources (radio, TV) and direct notification to local emergency management organizations. All notifications will be released to all students, faculty, staff and employees regardless of campus assignments and will identify the nature of the threat/safety event, location, and action to be taken. Follow up notifications will utilize, at a minimum, the same resources as initial notification.

In the event of an emergency, WFBMC will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the WFBMC community, Bone, or Innovation Quarter upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees, and visitors. Notification will be made by using some or all of the following methods depending on the type of emergency: Wake Forest Baptist Medical Center Alert System/MIR3 system (which contains email, cell phone text, voice message alert); fire alarm (where available), public address systems (where available), WFBMC social media, local media, webpage and/or in person communication. If any these

systems fail or the WFBMC Security Services Director or designee deems it appropriate, in person communication may be used to communicate an emergency.

Follow up and a final all clear messages will be sent as information becomes available.

Local emergency response (fire/police) may establish incident command in accordance with statutory authority. WFBMC resources and incident command may be utilized in conjunction with, or subordinate to, local response resources.

BOONE

The Boone campus will follow the procedures for Wake Forest Baptist Medical Center. WFBMC PA students may sign up for with WFBMC MIR3 and AppState-ALERT (ASU) to receive timely warnings and emergency notifications for both locations.

Emergency Evacuation Procedures - ALL CAMPUSES

Emergency evacuation procedures are tested at least once each year. Fire evacuation procedures are practiced multiple times per year in residence halls. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Emergency response staff on the scene will communicate information to students and employees regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At WFU, evacuation drills are used as a way to educate and

train occupants on fire safety issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

GENERAL BUILDING EVACUATION PROCEDURES

If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify WFU Police (336-758-5591), WFBMC Security Services (336-716-9111), ASU Police (828-262-8000), or dial 911.

How to evacuate:

- Remain calm
- When you hear a fire alarm, proceed to the nearest exit, leave the building immediately.
- Alert others as you leave and ask if they need help.
- Close doors to slow the spread of fire.
- Do not use elevators unless told to do so by emergency workers.
- Do not attempt to extinguish a fire yourself if you risk putting yourself in danger.

Things to watch for:

- Watch for people who need help, particularly people with limited mobility or physical disabilities.
- Activate an alarm if told to do so by police or emergency workers.
- Remain at an emergency assembly point. A head count may be taken, and emergency workers may have additional instructions.
- Do not go back into a building until firefighters, police or University officials say it is safe.

How to prepare for a fire-related emergency:

- Know your building’s floor plan. Remember where the stairs, fire extinguishers and emergency exits are located.
- If you regularly visit the same location within a building, know exactly how many doors you will pass along your evacuation route before you reach the nearest exit.
- Exit signs may be obstructed by heavy smoke, so you must know how to find an exit.

How to prepare for general emergencies:

- Know your building’s floor plan. Remember where the stairs, fire extinguishers and emergency exits are located.
- If you regularly visit the same location within a building, know exactly how many doors you will pass along your evacuation route before you reach the nearest exit. Exit signs may be obstructed in heavy smoke, so you must know how to find an exit.

How to prepare to leave campus:

- If the campus is evacuated, or you choose to seek shelter with family or friends, plan ahead.
- Tell your family and friends what your plan is, what route you will take, what means of transportation you use and when you expect to arrive.
- If you have a vehicle, ensure that it is in good condition and keep at least half a tank of gas in the vehicle. If you do not have a car, plan for alternative means of transportation.
- Take an emergency kit with you.
- Leave a note telling others when you left and where you are going.
- Be sure to keep your campus ID and vehicle registration with you. Access to the campus may be restricted by closing gates and staffing the gatehouses.

Shelter-in-Place Procedures –What it Means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belonging (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest University building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, WFU Police, WFBMC Security, Sunstates Security, ASU Police, Office of Residence Life and Housing Staff members, other University employees, Local police, or other authorities utilizing the University’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
 - An interior room;
 - Above ground level; and
 - Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.

3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (University staff will turn off the ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (hall staff, faculty, or other staff) to call the list in to WFU Police, WFBMC Security, Sunstates Security, or ASU Police so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

Test of emergency response and evacuation

WFU REYNOLDA CAMPUS, BROOKSTOWN, AND INNOVATION QUARTER (Wake Downtown)

In March 2018 Wake Forest University conducted a scheduled Tabletop Crisis Management exercise at Wake Downtown in conjunction with WFBMC Emergency Management. Wake Forest University also conducted a Mass casualty incident drill in April. Participants in the April exercise included WFU Police, WFU Emergency Medical Services, Winston-Salem Police, Winston-Salem Fire, and Forsyth County Emergency Medical Services. A table-top exercise for a Winter Storm response was conducted in November 2018. Participants included Academics, Athletics, Communications and External Relations, Facilities and Campus Services, Human Resources, Transportation and Parking, and University Police.

In conjunction with the drill Wake Forest University's written Evacuation Procedures were distributed to the entire campus community, faculty, staff, and students, via email.

Emergency response procedures are available at:
<https://wakeready.wfu.edu/emergency-situations/>

Additional information can be obtained from the Office of Emergency Management located in Alumni Hall.

WAKE FOREST BAPTIST MEDICAL CENTER, BOONE, AND INNOVATION QUARTER

In conjunction with other emergency agencies, local first responders, and/or WFU personnel, WFBMC conducts emergency response drills and exercises each year, such as tabletop exercises, and WFBMC emergency management at least once each calendar year, with notice, tests the Emergency Notification System. Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced. Documentation of performed tests and related drills is available at the Office of Emergency

Management and Security Services Administration located on the second floor, Comprehensive Cancer Center, 301 Medical Center Boulevard, Winston-Salem, NC 27157-0001

WORRELL HOUSE, FLOW HOUSE, CASA ARTOM, SALAMANCA, BARCELONA, LONDON INSTEP, CAMBRIDGE INSTEP, CHARLOTTE AND WAKE WASHINGTON

Although these locations do not have independent notification systems, students who have signed up for text alerts will receive test notifications. Procedures for these campuses will follow the testing as described for the WFU Reynolda Campus. Overseas locations also receive emergency notifications from WorldAware. WorldAware does not conduct tests that are received by subscribers.

Monitoring of students at non-campus locations

REYNOLDA CAMPUS

The only non-campus student organization recognized by the University is Delta Kappa Epsilon fraternity, located at 1101 and 1103 Polo Road. The fraternity owns this property. The Winston-Salem Police Department provides police service to these locations. University Police will respond and assist the Winston-Salem police at their request, or they will notify WFU Police after they have responded to inform Wake Forest of the situation. However, Winston-Salem Police does this out of courtesy and is not “required” to notify or involve WFU Police when they respond to a call involving private property. Effective November 16, 2018 the University no longer recognizes Delta Kappa Epsilon fraternity as an officially recognized student organization, therefore Winston-Salem police is no longer used to monitor and record criminal activity at non-campus locations of student organizations.

WAKE FOREST BAPTIST MEDICAL CENTER AND INNOVATION QUARTER

There are no non-campus student organizations recognized by these campuses. Therefore, local police are not used to monitor and record criminal activity at non-campus locations of student organizations.

WORRELL HOUSE, FLOW HOUSE, CASA ARTOM, SALAMANCA, BARCELONA, LONDON INSTEP, CAMBRIDGE INSTEP, CHARLOTTE, WAKE WASHINGTON, BROOKSTOWN, AND BOONE

Security and accessibility to university property and buildings

REYNOLDA CAMPUS

There are three entrances to the University: Polo Road entrance, Reynolda Road entrance and University Parkway entrance. Guard Houses are located at the Reynolda and University entrances. These entrances are staffed by University Police security officers from 10:00 p.m. to 6:00 a.m. every day. The Polo Road entrance is closed during these hours. Entrance to the University during these hours requires an issued student or faculty/staff gate pass. Gate passes may also be issued for individuals who have legitimate business on campus and a sponsor. Residence Halls are accessible to the building occupants and their authorized guests by electronic Key Cards. Individual rooms are accessible by key. Academic and administrative buildings are open and accessible to the public 24 hours a day with the exception of a limited number of buildings that have posted hours or limited access by the use of key cards.

BAPTIST MEDICAL CENTER AND INNOVATION QUARTER

Security awareness programs

REYNOLDA CAMPUS AND BROOKSTOWN

The University Police offer an extensive series of crime prevention and security awareness educational programs to the University and local communities designed to inform them about the prevention of crimes. The University Police provide security awareness programs to inform the campus community about campus security procedures and practices and fire safety beginning with Freshman Orientation because it is very important to be aware of any threat. Students and employees must exercise responsibility for their own safety.

During the 2018-2019 academic year, WFU Police offered approximately 18 crime prevention and security awareness programs. Topics such as personal safety, residence hall security, drug and alcohol abuse awareness and sexual assault prevention are some examples of programs offered during the prior academic year.

All crime prevention and security awareness programs encourage students and employees are encouraged to be responsible for their own security and the security of others. Participants in these programs are asked to be alert, security-conscious and involved and advised to call WFU Police to report suspicious behavior. For additional questions regarding crime prevention, contact the department directly at 336-758-5591.

As part of the department's community-oriented policing philosophy, WFU Police Department offers crime prevention presentations monthly each semester to Residence Halls by officers assigned as liaison to Residence Halls and student groups as requested. Topics of these presentations include personal safety awareness, Rape Aggression Defense (R.A.D.), fire safety, and property protection strategies. Anyone interested in having a WFU Police Officer speak to his or her classroom, Residence Hall, or group should contact them at 336-758-5591.

Specific educational programs are also provided by the University Police to address domestic violence, drug abuse, and acquaintance rape. CSA's receive one full day of training on campus and have online training available all year. Rape Aggression Defense (RAD) is taught to female students, staff, faculty, or community members. This course is offered for academic credit each semester. Customized programs on most security-related topics such as Workplace Violence are prepared for campus groups and organizations upon request. University Police present programs at new employee orientation. University Police works closely with and supports the work of the Title IX Office, Safe Office and PREPARE, a student organization for sexual misconduct awareness and prevention. All first-year students are required to attend the Safe Office's and PREPARE's educational programs, and similar sessions are offered to other students.

Programs were also presented in conjunction with the Safe Office, Health Exercise Sciences, and Human Resources. Programs for incoming students are presented during new student orientation by the University Police, the Safe Office and the Office of Wellbeing. Programs for new

employees are given by the Title IX Office and Human Resources as a part of new employee orientation. Human Resources as a part of new employee orientation. Awareness programs are presented throughout the year by the Safe Office, the Title IX Office, PREPARE, and Student Government.

Police Resource Officers assigned to the residence halls show the video "Telling Amy's Story". Officers also participate in Speak Out and Tie a Yellow Ribbon presented by the PREPARE and the Safe Office. During these events officers talk to students, faculty and staff about sexual assault awareness and stalking behaviors. Evaluations are conducted after the Resource Officer courses.

In these programs, students and employees are encouraged to be responsible for their own security and the security of others.

Rape Aggression Defense (RAD) - is a comprehensive course that begins with awareness, prevention and avoidance. It progresses to the basics of hand-to-hand defense training. The course is not a martial arts program, though it teaches realistic self-defense tactics and techniques. The class includes 15 hours of instruction and students receive 1 credit hour. Women gain confidence in knowing how to make an educated decision about resistance in spontaneous, violent attacks. Faculty and staff classes are also offered in the summer. Eight classes were presented during the year. This class is evaluated with a Pre and Post-test and an evaluation of instructors. <http://rad.studentlife.wfu.edu/>

Safe Spring Break Program - Collaborates with campus partners for the Safe Spring Break program. This program is set up in the Benson center with stations- Fatal Vision, safe travel information, hydration & food information when consuming alcohol, and sexual assault awareness information.

Operation ID - a program for registering property with University Police. Register your serial numbers with University Police through their website under "Operation ID". On your personal items engrave your driver's license number; engravers are obtained from University Police.

Fatal Vision Program- Fatal Vision Goggles are training tools used to visually demonstrate various levels of impairments and the dangers of impaired driving. The demonstration often includes the wearer attempting to throw tennis balls back and forth to other students, attempting to walk a straight line, as well as other various skills to demonstrate the difficulty of performing basic tasks while wearing the goggles.

In addition to the aforementioned programs Resource Officers also present programs in the Residence Halls on identity theft, pedestrian safety and Greek Life where topics such as alcohol, dating violence, stalking, and harassment are discussed. Greek members are also trained on hosting a safe social event. During the year Resource Officers presented over 24 classes in Residence Halls.

How to Be an Active Bystander – All Campuses

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”¹ We want to promote a culture of community accountability where bystanders are actively engaged in

¹ Burn, S.M. (2009). A situational model of sexual assault prevention through bystander intervention. *Sex Roles*, 60, 779-792.

the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list² of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction – All Campuses

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don't know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cab money.
7. **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).

² Bystander intervention strategies adapted from Stanford University's Office of Sexual Assault & Relationship Abuse

11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. **Remember that being in this situation is not your fault.** You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Missing Student

REYNOLDA CAMPUS (includes students at Wake Downtown who live on Reynolda Campus), WORRELL HOUSE, FLOW HOUSE, CASA ARTOM, BARCELONA, LONDON INSTEP, WAKE WASHINGTON, AND CAMBRIDGE INSTEP

In accordance with the Higher Education Opportunity Act, Wake Forest University must develop and implement certain procedures to be followed when residential students are determined to be missing for 24 hours. Students residing in on-campus housing, may register a confidential contact in the Personal section of WIN during registration or this can be done anytime (enrollment is always open) and students will be notified of this opportunity via Residence Life and Housing's Current Student Documents and Forms web site on an annual basis. The registration is optional and the contact name will only be accessed and contacted if a student is officially determined to be missing for 24 hours by the designated University officials authorized to make that determination, specifically, the WFU Police or the local law enforcement agency in the jurisdiction from which the student went missing. Contact information will be registered confidentially, and that this information will be accessible only to authorized campus officials and law enforcement and that it may not be disclosed outside of a missing person investigation. The confidential contact should be someone who will be likely to know your location.

Suspected missing students should be reported immediately to the police department that has jurisdiction on your camps (see page 6) and the WFU Police. If members of the WFU community believe that a student has been missing for 24 hours, it is critical that they report that information to WFU Police by calling (336) 758-5591. A student is determined to be missing when the WFU Police have verified that reported information is credible and circumstances warrant declaring the person missing. Should the WFU Police investigate and determine that a residential student is missing, contact will then be made to the missing person contact, if contact information has been provided, within twenty-four (24) hours of the determination that the student is missing by the WFU Police. If the student is under the age of 18 and is not an emancipated individual, WFU Police will notify the student's custodial parent or guardian and

any other designated contact person within 24 hours. For all missing students, WFU will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

If anyone believes that a resident student is missing (from a North Carolina campus), they should immediately contact the WFU Police at 911 from an on-campus phone or 336-758-5591 from a cell phone. University Police will begin an investigation and notify the Office of Residence Life and Housing. If WFU Police determine that the student is missing for 24 hours they will contact the student's registered confidential contact. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, WFU Police will inform the local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours of the determination by WFU Police that the student is missing. If the student is under 18 years of age and is not emancipated, WFU will notify the student's parents or legal guardian in addition to any other designated contact person within 24 hours.

BAPTIST MEDICAL CENTER

In accordance with the Higher Education Opportunity Act, WFBMC must develop and implement certain procedures to be followed when residential students are determined to be missing for 24 hours. Students residing in the Global Health House, WFBMC's on-campus housing, will be informed annually that each student has the option to identify a person to be designated as a confidential missing person contact to be notified by WFBMC no later than 24 hours after the time the student is determined to be missing by the designated University officials authorized to make that determination (specifically, the WFBMC Security Services or the local law enforcement agency in the jurisdiction from which the student went missing. Students residing Global House in may speak with someone about registering a confidential missing person contact by calling 336-713-9182 or emailing lsnyder@wakehealth.edu who will implement the Missing Person Procedures. The registration is optional, and the contact name will only be accessed and contacted if a student is officially determined to be missing for 24 hours. The confidential contact should be someone who will be likely to know your location.

When students are informed of their option to provide a confidential contact, they are advised that their confidential contact information will be registered confidentially, and that this information will be accessible only to authorized campus officials and law enforcement personnel, and the information will not be disclosed outside of a missing person investigation. In the event a student under 18 years of age and not emancipated, WFBMC must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student. For all missing students, WFBMC will notify the local law enforcement agency within 24 hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the

determination that the student is missing.

If anyone believes that a resident student is missing, they should immediately contact Medical Center Security Emergency Communications at **6-9111** or **336-716-9111**. If members of the WFBMC community believe that a student has been missing for 24 hours, it is critical that they report that information to Medical Center Security Services by calling 336-716-9111. Medical Center Security will begin an investigation and notify Local Law Enforcement. If Medical Center Security Services determines the student is missing for 24 hours or deemed “at risk” due to some indication of threat or suspicion of harm, they will contact the student’s registered confidential contact. If the student is under 18 years of age and is not emancipated, Medical Center Security Services will notify the student’s parents or legal guardian and any other designated contact person within 24 hours. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, WFBMC will inform the Winston Salem Police Department that the student is missing within 24 hours.

“Consent” means words or overt actions indicating a freely given agreement to the sexual act or contact in question. Consent – University definition

ALL CAMPUSES

The University’s definition of Sexual Assault mandates that each participant obtains and gives effective consent in **each instance and before each** sexual act. For the purposes of this policy, the University’s defines effective consent as follows:

- Consent is informed, freely and actively given through mutually understandable words or actions that indicate a willingness to participate in the sexual activity.
- Consent cannot be gained by ignoring or acting in spite of the objections of another.
- Consent can be withdrawn at any time and for any reason.
- If there is any ambiguity or confusion, the initiator of the sexual activity should stop and clarify the other's willingness to continue and capacity to consent.

- Assumptions about consent or willingness to engage in sexual activity should never be made.
- Consent cannot be inferred from:
 1. Silence, passivity, or lack of resistance alone;
 2. A current or previous dating or sexual relationship (or the existence of such a relationship with anyone else);
 3. Attire;
 4. The spending of money;
 5. Consent given to another person (i.e., consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person); or
 6. Consent previously given (i.e., consenting to one sexual act does not imply consent to another sexual act).
- Consent cannot be obtained through the use of physical force, violence, duress, intimidation, coercion or the threat, expressed or implied, of bodily injury. Whether a party used such methods to obtain consent will be determined by reference to the perception of a reasonable person found in the same or similar circumstances.
- Consent may never be given by:
 1. Minors, even if the other participant did not know the minor's age;
 2. Mentally disabled persons, if their disability was reasonably knowable to a sexual partner who is not mentally disabled; or
 3. Persons who are incapacitated (whether as a result of drugs, alcohol or otherwise), unconscious, asleep or otherwise physically helpless or mentally or physically unable to make informed, rational judgments. The use of alcohol or drugs does not diminish one's responsibility to obtain Effective Consent and does not excuse conduct that constitutes Sexual Misconduct under this Policy.

The University will vigorously address instances of sexual misconduct and will endeavor to preserve a victim's confidentiality. The Sexual Misconduct Policy can be accessed at: <http://titleix.wfu.edu/policies/reynolda-student-sexual-misconduct-policy/>. The policy forbids University employees from discouraging anyone from reporting sexual misconduct and it is a violation to retaliate against any person making a complaint. The University's definition of sexual misconduct mandates that each participant obtains and gives effective consent in each instance of sexual activity. Effective consent is informed, mutually understandable words or actions (freely and actively given), which indicate a willingness to participate in mutually agreed upon sexual activity. Effective consent may never be given by: minors (under the age of 16 in North Carolina), mentally disabled persons, and persons who are incapacitated as a result of alcohol or other drugs or who are unconscious or otherwise physically helpless. Incapacitation means being in a state where a person lacks the capacity to appreciate the nature of giving consent to participate in sexual activity. North Carolina Law does not define the term consent.

Sexual Assault (Violence Against Women Act Definitions)

“Sexual assault” means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined a nonforcible sexual intercourse with a person who is under the statutory age of consent.

RESOURCES FOLLOWING EXPERIENCES OF SEXUAL VIOLENCE

WFU REYNOLDA CAMPUS, CHARLOTTE, BROOKSTOWN, WAKE FOREST BAPTIST MEDICAL CENTER, WAKE WASHINGTON, AND INNOVATION QUARTER

This may be a time in which an individual will have to make many decisions and may feel a variety of emotions that might make it difficult to cope alone. Wake Forest University and our local community are both well-equipped to assist individuals who have experienced sexual violence, relationship violence, or stalking, whether through having individuals to talk to and support them, obtaining medical attention, planning for their physical and emotional safety, making adjustments to their housing or class schedule, visiting a counselor or seeking support, engaging with legal authorities, and/or engaging with the WFU Title IX sexual misconduct process.

If an individual has experienced sexual assault, dating or domestic violence, or stalking:
They are not alone. Resources are available to help.

- **For emergency needs, call 911.** This notification activates resources to provide emergency medical or safety care.
- **Report the incident(s) to Law Enforcement.**

- *Law Enforcement:* University Police are available by calling 911 on a campus phone or 336-758-5591 from a cell phone. Individuals may also choose to contact Winston-Salem Police Department by calling 911 from a cell phone. On the WFBMC main campus contact the Security Department at 6-9111 (336-716-9111) and at Innovation Quarter call Sunstates Security 336-713-1568. Both security departments will notify the appropriate law enforcement agency.
 - Wake Forest University Police has jurisdiction regarding crimes that occur on Wake Forest owned or controlled property (with the exception of the Charlotte Branch or overseas property). If a member of the Wake Forest community reports a sexual assault that occurred off campus, an on-duty police officer will assist the individual with notifying the appropriate law enforcement agency.
 - Timely reports increase the likelihood that critical evidence will be obtained. If an individual decides to file legal charges, the University or Winston-Salem Police can advise them on how to proceed.
- In Charlotte report to the Charlotte Police Department at 911.
- **Contact the Safe Office.** The Reynolda Campus Safe Office is available 24/7 during the academic year at: 336-758-5285 and is located at the ground floor of Reynolds Gym, room B104-107. The Safe Office is available to confidentially respond to urgent needs, assist individuals as they evaluate their options, and support them as they plan for their safety and begin the healing process.
- **Contact the Title IX Office.** The Title IX Office is available at 336-758-7258. The office is located at room 307 Reynolda Hall.
- **Seek medical care.** Contact the University Student Health Service (336-758-5218) or a local hospital (Wake Forest University Baptist ER – 336-713-9000 or Novant Health Forsyth Medical Center ER – 336-718-2001 in Winston-Salem, In Charlotte the 911 operator can direct you to the nearest hospital). It is crucial that individuals seek medical attention as soon as possible, and Student Health Service staff and emergency room personnel at local hospitals are trained to respond sensitively to individuals who have experienced violence.
 - It is important to try to preserve all physical evidence to maintain all of the available legal options. For incidents of sexual, dating, or domestic violence, having an Evidence Collection Kit completed at a local hospital within 96 hours will assist an investigation, should an individual decide now (or later) that they want to pursue prosecution. For individuals impacted by stalking, keep a log of all dates, times, witnesses, and incidents that have occurred.
 - A medical professional can also determine the possibilities and any required treatment for physical injury, sexually transmitted infections/diseases or pregnancy.
- **Seek support.** There are many professional resources on campus or within the community that are available to support individuals through the healing process. Individuals may also choose to seek support in family or friends.

ALL CAMPUSES

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence which may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order may be preserved. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, as such evidence may be useful to University hearing boards/investigators or police. Although the University strongly encourages all members of its community to report violations of this policy to law enforcement (including on campus law enforcement and/or local police), it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. The University Police, WFBMC Security, the Title IX Coordinator, University Police Victim Services, Branch Administrator, or the Safe Office will assist any victim with notifying local police if they so desire.

The institution's student and employee, for all campuses, sexual misconduct policy, including a description of the appeal procedures can be found under the header POLICIES at:

titleix.wfu.edu.

The University will provide or make arrangements for resources both on and off campus, to include medical and counseling assistance, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate the university sexual misconduct policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

It is crucial that you seek medical attention as soon as possible. It is important to try to preserve all physical evidence to prove a crime and to maintain all of your legal options. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with University Police or other law enforcement to

preserve evidence in the event that the victim changes their mind at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order

Procedures The Institution Will Follow Upon Receipt of a Report of Dating Violence, Domestic Violence, Sexual Assault, or Stalking

The University has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, student financial aid, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement. Students and employees should contact the Title IX Coordinator or a Deputy Title IX Coordinator at 336-758-7258 or jachimtl@wfu.edu . Reports can also be made via the University Compliance Hotline at 1.877.880.7888 toll-free. www.tnwinc.com/reportline .

If a report of domestic violence, dating violence, sexual assault or stalking by a student or employee is reported to the University, the procedures that the University will follow as well as a statement of the standard of evidence that will be used during any Title IX disciplinary hearing on campus arising from such a report are listed below:

NORTH CAROLINA DECLARATION OF RIGHTS

Under North Carolina State Law, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. The right as prescribed by law to be informed of and to be present at court proceedings of the accused.
2. The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.
3. The right as prescribed by law to receive restitution.
4. The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.
5. The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.
6. The rights as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.
7. The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.
8. The right as prescribed by law to confer with the prosecution.

Further, Wake Forest University complies with North Carolina law in recognizing orders of protection (50B) issued in North Carolina or protective orders from other states. Individuals should provide a copy of the order to the University Police, WFBMC Security, Sunstates Security or the Title IX Coordinator depending on which location(s) they frequent. Additionally, individuals may meet with the University Police or WFBMC Security and the Title IX Office to develop a Safety Action Plan, which is a plan for reducing the victim's risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc. The University cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services but may request the police to assist them to obtain a local order. You can file a petition in the county where you live (permanently or temporarily), or in the county where the abuser lives. In order to obtain a restraining order under North Carolina General Statute 50-B, the person you are seeking to restrain must fall into one of the following categories: spouse or ex-spouse, persons of opposite sex who are or have lived together, have a child in common, parent and child (or in loco parentis), grandparents and grandchildren, persons of the opposite sex who are or have been in a dating relationship. Protection from abuse orders may be available through the Forsyth County Domestic Violence Center which is located on the 7th floor of the County Hall of Justice. Multiple agencies are available at that one location to assist victims to obtain services. The University may issue an Institutional No Contact Order if deemed appropriate or at the request of the victim or accused to a student or employee.

The Safe Office provides private consultations for students, parents, staff, and faculty regarding sexual and relationship violence or stalking concerns. Call the Safe Office 24/7 for urgent needs at 336-758-5285.

Orders of protection and restraining orders (Reynolda, Wake Downtown, BGCME, WFBMC, and Brookstown) can be obtained at the Forsyth County Courthouse. These orders are designed to protect the victim from further harm. An advocate from the Safe Office will assist victims of interpersonal violence to request an Order. Additionally, the Title IX Office may issue administrative no contact orders.

PROTECTIVE ORDERS AT WAKE WASHINGTON

To obtain a protective order the complainant must go to a Domestic Violence Intake Center. The Centers are located at the Moultrie Courthouse at 500 Indiana Avenue, NW, Room 4550, Washington, DC 20001, (202) 879-0157 and the United Medical Center at 1328 Southern Avenue, SE, Suite 311, Washington, DC 20032. You must file a petition for a Civil Protection Order. The process of requesting the petition, filling out the paperwork, getting the case scheduled, and appearing before the judge can take a while so be prepared to spend a few hours to complete this process.

PROTECTIVE ORDERS AT CASA ARTOM, FLOW HOUSE, SALAMANCA, BARCELONA, WORRELL HOUSE, LONDON INSTEP, CAMBRIDGE INSTEP

England: In the U.K., a criminal prosecution is necessary in order to obtain a restraining order. To get one, you first have to report the offender to the police and press criminal charges. Once you have reported the crime, the police and Crown Prosecution Service (CPS) will determine whether there is enough evidence to prosecute the offender and seek a restraining order at sentencing. Spain: To get a restraining order, a victim will require a Spanish Lawyer, as a restraining order can only be implemented by a Judge. Under the Spanish Criminal Code, once a restraining order has been obtained against an individual the recipient cannot go within a certain distance of the victim. Italy: in Italy the order is called an ordinanza restrittiva. It is recommended that a lawyer is employed to assist. The injured party can go to the police station, tell what happened, and initially also ask for a warning to the offender (in cases of stalking or abuse). The General Warning must start from the Public Prosecutor's Office, after having analyzed the evidence. At the Prosecutor's Office, you will be asked to make a statement (Affidavit), where you explain the reasons for which you are requesting this protection, and it is a declaration made under oath and that could be reported in the Court. After a week the warning is brought to a Court, it is analyzed by the judge who decides to highlight the restrictive order that has immediate value but will take effect when there is notification to the person to whom it was issued. Austria: Police EBO, this is a measure to protect victims who are in a situation of immediate danger to their life, health or freedom. The EBO is a measure that can only be imposed by the police. No other person or institution can “apply” for a police EBO. The victim’s consent is not necessary. Criminal law protective measures can only be imposed when a violent crime has been reported. Austria has mandatory prosecution, so any violent crime has to be prosecuted by the authorities, even in cases of light bodily injuries; no initiative or consent of the victim is needed. At all campuses overseas staff members can assist to reach local officials.

Accommodations and Protective Measures Available for Victims (All Campuses)

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Wake Forest University will provide written notification to students and employees about accommodations available to them, including academic, living, transportation and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

Upon the victim’s request and to the extent of the victim’s cooperation and consent, University offices will work cooperatively to assist the victim with their health, physical safety, work and academic status, pending the outcome of a formal University investigation of the complaint. For

example, if reasonably available, a complainant may be offered changes to academic, living, working, protective measures, or transportation situations regardless of whether the victim chooses to report the crime to University Police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student park in a different location, assisting the student with a safety escort, etc. To the extent possible, Wake Forest University will also provide assistance with and/or information about obtaining resources and services such as counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement.

The protection of our community is very important to Wake Forest University. Anyone who feels they may or are a victim of crime on campus should immediately notify the Wake Forest University Police or on property of WFBMC notify WFBMC Security. If the crime occurs off campus immediately notify the police department in the location where it occurred. A delay in reporting may cause the situation to escalate.

To request changes or assistance in requesting changes to academic, living, transportation, protective measures and/or working situation or protective measures, a victim should contact either the Title IX Coordinator at 336-758-7258 or the Victim's Assistance Office at University Police at 336-758-4332, or the Safe Office at 336-758-5285.

Victims may request that directory information on file be removed from public sources by request of the University Information Systems Telecommunications Office, 336-758-4357. Information on WIN can be blocked by going into the "Personal" section and checking "Privacy requested". Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant, including accommodations and protective measures (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) The Police Records System used by the University Police allows command personnel (Captain and higher ranks) to block the victim's name or the entire report from access by other law enforcement agencies. Reports can also be checked as confidential or sealed further restricting access to victim information. By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University does not publish the name of crime victims nor house identifiable information regarding victims in the University Police departments Daily Crime Log, in the annual crime statistics, or online. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

CHANGE IN VICTIM'S ACADEMIC AND LIVING SITUATION

ALL CAMPUSES

The University will make every effort to make changes in a victim's academic, transportation, working and living situation if requested and reasonably available regardless of whether a victim has reported an offense to the campus or local police. Changes in an academic situation should be made through the Dean's Office and housing changes should be made by the Office of Residence Life and Housing. (See Guide to Community Living for information.) Academic and housing changes may also be requested through the Title IX Coordinator, including those for Global Health House (Baptist Medical Center Campus). Overseas contact the Faculty Director or House Manager who can make reasonable accommodations with input from the Title IX Coordinator.

SEXUAL MISCONDUCT DISCIPLINARY POLICY AND PROCEDURES

ALL CAMPUSES

Wake Forest University is committed to providing programs, activities, and a safe academic and working environment that are free from sex discrimination (including discrimination on the basis of sex, sexual orientation, gender identity, and gender expression) and sexual misconduct (including sexual harassment, sexual assault, domestic violence, dating violence, and stalking). As a recipient of Federal funds, the University also complies with Title IX of the Higher Education Amendments of 1972, 20 U.S. C. § 1681 *et seq.* ("Title IX"), which prohibits discrimination on the basis of sex in education programs or activities. Sexual harassment, which includes sexual violence, is a form of sex discrimination. The University's commitment to nondiscrimination applies to admissions, employment, access to and treatment in University

programs and activities. For the University's full non-discrimination policy, see <http://sopr.wfu.edu/nondiscrimination-statement/>.

When students, employees, or other individuals experience acts of sexual misconduct or other forms of gender discrimination or harassment, their sense of safety and trust are violated. This may significantly interfere with their success at the University. Our community expects that all interpersonal relationships and interactions – especially those of an intimate nature – are based upon values of mutual respect, dignity, responsibility, open communication, and clear consent. Sex discrimination, sexual harassment and sexual misconduct are violations of our institution's values and policies and present barriers to fulfilling the University's missions. Unlawful gender discrimination, sexual harassment and sexual misconduct will not be tolerated and are expressly prohibited. Reports of discrimination and harassment will be promptly and equitably reviewed and investigated. When harassment or discrimination is discovered, the University will promptly take steps to prevent its recurrence and to correct any found discriminatory effects.

This Student Sexual Misconduct Policy describes prohibited conduct, establishes prompt and equitable grievance procedures for responding to reports of sexual misconduct as defined in this policy, and outlines resources available to all students.

Coverage

This policy addresses complaints of sexual misconduct where the respondent is a University student as defined in this policy. Complaints relating to sexual misconduct by a member of the University faculty, staff (including student employees) or community are not covered by the policy. The policy covering faculty, staff, and community members may be found under the header POLICIES at: titleix.wfu.edu.

Coverage

The Reynolda campus Student Sexual Misconduct Policy addresses complaints of Sexual Misconduct and Sexual Discrimination where the accused party (Respondent) is a current University student. The School of Medicine Student Sexual Misconduct Policy addresses complaints of Sexual Misconduct where the accused party (Respondent) is a current School of Medicine, or one of its programs, student. Human Resources policies for all Wake Forest campuses applies to allegations of sexual misconduct made against an employee of the University or a third party, regardless of where the alleged harassment occurred

The University has the right to review and investigate any alleged violations of this policy that occur in the context of a University-sponsored program or activity or that otherwise may affect the University's working or learning environments, regardless of whether the conduct occurred on or off campus.

The University's ability to investigate and/or impose disciplinary sanctions may be limited where the alleged conduct occurred outside the context of a University-sponsored program or activity or occurred off campus, or one party is not a member of the University community. In such cases, the University reserves the right to take any steps that it deems appropriate to address the alleged conduct where said conduct has a continuing adverse effect on or creates a hostile environment for students, employees, and/or third parties while on University owned, leased, or controlled property or in any University sponsored employment or educational program or activity. In all cases, the University may provide appropriate resources to those individuals impacted and, where appropriate, the broader University community.

Prohibited Sexual Misconduct

The University strictly prohibits Sexual Misconduct and Sexual Discrimination. The term "sexual misconduct" includes sexual harassment, sexual assault, dating violence, domestic violence and stalking. Each term is defined in the policies as follows:

A. Sexual/Gender-Based Harassment:

Sexual or gender-based harassment is a form of discrimination that includes verbal, written, or physical behavior, directed at someone, or against a particular group, because of that person's or group's sex, gender identity, actual or perceived sexual orientation, or

based on gender stereotypes, when that behavior is unwelcome and meets either of the following criteria:

1. Submission or consent to the behavior is reasonably believed to carry consequences, positive or negative, for the individual's education, employment, University living environment, or participation in a University activity or program. Examples of this type of sexual harassment include:
 - a. Pressuring an individual to engage in sexual behavior for some educational or employment benefit, or
 - b. Making a threat or perceived threat that rejecting sexual behavior will carry a negative consequence for the individual.
2. The behavior has the purpose or effect of substantially interfering with the individual's work or educational performance by creating an intimidating, hostile, or demeaning environment for employment, education, University living, or participation in a University activity or program. Examples of this type of sexual harassment include:
 - a. Unwelcome efforts to develop a romantic or sexual relationship;
 - b. Unwelcome sexual advances or requests for sexual favors;
 - c. Unwelcome commentary about an individual's body or sexual activities;
 - d. Unwelcome sexually oriented teasing, joking or flirting
 - e. Unwelcome back/shoulder massages; and
 - f. Verbal abuse of a sexual nature.

Behaviors or communications may be verbal or nonverbal, written, or electronic. Such conduct does not need to be directed at or to a specific individual in order to constitute sexual harassment but may consist of generalized unwelcome and inappropriate behaviors or communications based on sex, gender identity, actual or perceived sexual orientation, or gender stereotypes.

Determination of whether alleged conduct constitutes sexual harassment requires consideration of all the circumstances, including the context in which the alleged incidents occurred.

B. Sexual Assault

1. Non-Consensual Sexual Contact

Non-Consensual Sexual Contact is defined as intentional touching of another person's clothed or unclothed body, including, but not limited to, the mouth, neck, buttocks, anus, genitalia, or breast, by another with any part of the body or any object in a sexual manner.

Non-Consensual Sexual Contact also includes causing another person to touch their own or another's body in the manner described in this definition.

Sexual assault is a form of Non-Consensual Sexual Contact that involves having or attempting to have sexual contact with another person without consent.

2. Non-Consensual Sexual Penetration

Non-Consensual Sexual Penetration is defined as penetration (anal, oral or vaginal), however slight, with any body part or any object, by a person upon another person, without effective consent. This includes vaginal penetration by a penis, object, tongue or finger; anal penetration by a penis, object, tongue or finger; and oral copulation (mouth to genital contact or genital to mouth contact).

3. Sexual Exploitation

Sexual exploitation is defined as taking non-consensual, unjust, or abusive sexual advantage of another, for one's own advantage or benefit; or to benefit or advantage anyone other than the person being exploited. Sexual exploitation encompasses a wide range of behaviors including, but not limited to:

- a. Inducing incapacitation with the intent to rape or sexually assault another student;
- b. Non-consensual video or audio-recording of sexual activity;
- c. Allowing others to observe a personal act of consensual sex without knowledge or consent of the partner;
- d. Engaging in Peeping Tommerly (voyeurism);
- e. Knowingly transmitting a sexually transmitted disease, including HIV, to another student;
- f. Prostituting another student (i.e. – personally gaining money, privilege, or power from the sexual activities of another student); or
- g. Indecent Exposure (willfully exposing one's genitals in any public place, and in the presence of another person).

C. Stalking or Cyberstalking:

Stalking or cyberstalking is defined as engaging in a course of conduct (at least two acts) directed at a specific person (in person, through third parties or through electronic means) that would cause a reasonable person to:

1. Fear for the individual's safety or the safety of others; or
2. Suffer substantial emotional distress.

D. Relationship Violence (Domestic Violence & Dating Violence):

Relationship Violence (Domestic or Dating Violence) is defined as:

1. attempting to cause bodily injury;
2. intentionally causing bodily injury; or
3. placing the aggrieved person or a member of the aggrieved person's family or household in fear of imminent serious bodily injury or continued harassment that rises to the level to cause a reasonable person substantial emotional distress.

Relationship Violence is commonly referred to as dating violence or domestic violence and occurs between persons who have been in a social relationship of a romantic or intimate nature with each other. The existence of such a relationship is determined by considering the following factors:

1. the length of the relationship;
2. the type of relationship; and
3. the frequency of interaction between the persons involved in the relationship.

Effective Consent

The University's definition of Sexual Assault mandates that each participant obtains and gives effective consent in **each instance and before each** sexual act. For the purposes of this policy, the University's defines effective consent as follows:

- Consent is informed, freely and actively given through mutually understandable words or actions that indicate a willingness to participate in the sexual activity.
- Consent cannot be gained by ignoring or acting in spite of the objections of another.
- Consent can be withdrawn at any time and for any reason.
- If there is any ambiguity or confusion, the initiator of the sexual activity should stop and clarify the other's willingness to continue and capacity to consent.
- Assumptions about consent or willingness to engage in sexual activity should never be made.
- Consent cannot be inferred from:
 1. Silence, passivity, or lack of resistance alone;
 2. A current or previous dating or sexual relationship (or the existence of such a relationship with anyone else);
 3. Attire;
 4. The spending of money;

5. Consent given to another person (i.e., consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person); or
 6. Consent previously given (i.e., consenting to one sexual act does not imply consent to another sexual act).
- Consent cannot be obtained through the use of physical force, violence, duress, intimidation, coercion or the threat, expressed or implied, of bodily injury. Whether a party used such methods to obtain consent will be determined by reference to the perception of a reasonable person found in the same or similar circumstances.
 - Consent may never be given by:
 1. Minors, even if the other participant did not know the minor's age;
 2. Mentally disabled persons, if their disability was reasonably knowable to a sexual partner who is not mentally disabled; or
 3. Persons who are incapacitated (whether as a result of drugs, alcohol or otherwise), unconscious, asleep or otherwise physically helpless or mentally or physically unable to make informed, rational judgments. The use of alcohol or drugs does not diminish one's responsibility to obtain Effective Consent and does not excuse conduct that constitutes Sexual Misconduct under this Policy.

Limited Immunity

The University considers the reporting and adjudication of Sexual Misconduct cases to be of paramount importance. While the University does not condone underage drinking or illegal use of controlled substances, the University will extend limited immunity to Complainants, Respondents, witnesses and to those reporting incidents and/or assisting the parties from punitive sanctioning for University policy violations involving alcohol or substance use.

Simultaneous Police and University Investigations

Sexual Misconduct may be a violation of University policy *and* a crime. Disciplinary action at the University is not a substitute for criminal or civil legal action. Therefore, the University encourages students to report alleged criminal conduct promptly to University Police or local law enforcement agencies and to the Title IX Office. Individuals have the right to simultaneously report a crime to law enforcement and to the University.

If a crime related to sexual misconduct is reported to University Police, they will contact the University Title IX Office, thereby allowing the Title IX Office to conduct a review in accordance with this policy. If a report is made to the Winston-Salem Police Department or other local law enforcement agencies, information from those agencies may be submitted to the Wake

Forest University Police Department, who will provide said information to the to the University Title IX Office for review.

If a criminal complaint is filed in addition to a complaint with the University, the University will not wait for the conclusion of any criminal investigation or proceedings before commencing its own investigation; however, the University's investigation may be delayed temporarily while the criminal investigators are gathering evidence. In the event of such a delay, the University may take interim measures as necessary to limit the effects of any ongoing Sexual Misconduct. Such interim measures may result in actions being taken that may impact both the Respondent student and the Complainant and may include no contact orders and/or changes in class schedules and/or housing assignments. The University will take steps to minimize the burden on the Complainant. The University investigation will be conducted in a prompt, fair, and impartial manner by the University Title IX Coordinator or designee, who has had training on investigating cases of Sexual Misconduct. During and after the University investigation, measures will be taken by the University to ensure the preservation of evidence for internal purposes and/or a criminal investigation.

Privacy of Information

The University protects the privacy of both the Complainant and the Respondent in compliance with applicable laws and regulations. However, if the University determines that there may be imminent harm to the community, the University is required by federal law to inform the community of the occurrence for the protection of all members of the community. In addition, the University cannot guarantee confidentiality by other students who may be involved as witnesses.

To confidentially discuss concerns and options, students are encouraged to contact a confidential resource, such as the Safe Office. The Safe Office's website is <http://safeoffice.wfu.edu/>.

If the Complainant requests that an initial assessment not be conducted, an Informal Resolution Process not be pursued, and/or the Formal Resolution Process not be initiated, and/or requests that the report remain private, federal regulations and this policy may require that the University conduct an initial assessment and take reasonable action in response to the report when failure to do so may result in imminent harm to the community.

This may involve the Title IX Coordinator, or designee, conducting an initial assessment into the alleged Sexual Misconduct and may weigh the Complainant's request(s) against the following factors:

- the seriousness of the alleged sexual misconduct;

- whether there have been other complaints of sexual misconduct against the same Respondent student(s); and
- the Respondent student(s)'s right to receive information about the allegations if the information is maintained by the University as an "education record" under FERPA (the federal law that gives students the right to access their own education records).

Even if the University cannot take disciplinary action against the Respondent student(s) because of the request for privacy or the request to not pursue the informal or formal resolution process, the University will nevertheless take prompt and effective steps reasonably calculated to limit the effects of the alleged sexual misconduct and to prevent its recurrence. For instance, the Title IX Coordinator or designated investigator may issue an educational "no contact" order or take other appropriate Interim Measures (e.g., changes to class schedules).

Steps in the Process

I. Initial Assessment

A. Meeting with Complainant

Upon receiving a report of Sexual Misconduct or Sexual Discrimination, the Title IX Coordinator or the Title IX Coordinator's designated investigator will assess the reported information and respond to any immediate health or safety concerns raised by the report, including referring the Complainant to the Safe Office and other confidential resources. The Title IX Coordinator or investigator will inform the Complainant of their right:

- To **Seek Medical Treatment** and explain the importance of obtaining and preserving forensic and other evidence.
- To **File a Police Report** with the Wake Forest University Police Department, Winston-Salem Police Department, or other appropriate jurisdiction. The chances of a successful criminal investigation are greatly enhanced if evidence is collected and maintained immediately by law enforcement officers.
- To **Confidential Campus Resources** like the Safe Office, the Office of the Chaplain, Student Health Services, and the University Counseling Center. Contact information may be requested or found in Section XIV of this policy or at <http://titleix.wfu.edu/>.
- To an **Investigation** conducted in a prompt, fair, and impartial manner. Complainants have the right to request an end to the process except as set forth in the Policy.
- To a **Support Person** of Complainant's choosing during the process. For Reynolda Campus students, Safe Office staff are available for support throughout the process. Complainants may also choose to be assisted at a hearing by an **Advisor** of their choice.

- To reasonable efforts to ensure the preservation of **Privacy** during the investigation in accordance with the Family Educational Rights and Privacy Act (FERPA).
- To reasonable **Interim Measures**, such as a class schedule change, extensions of time on assignments, temporary housing (if available), and/or assistance in changing academic and living situations after an alleged incident of sexual misconduct. In addition, no contact orders may also be issued to prevent any contact, whether in person or indirectly, between the Respondent student and the Complainant.
- To request an **Informal Resolution** of the case (except in certain instances involving sexual assault). Complainants have the right to bypass or end the Informal Resolution Process at any time.
- To request a **Formal Resolution Process** upon completion of an investigation and if cause is found to proceed under this Policy.
- To **Identify Witnesses** who may be interviewed during an investigation or who may be called to answer questions during a hearing.
- To reasonable **Accommodations** during the hearing, such as not being in the same room as the Respondent.
- To **Submit Questions** that Complainant believes the Respondent, or a witness should be asked during a disciplinary hearing. The Hearing Chairperson may use their discretion in evaluating the relevancy of the questions submitted and may choose to reframe or omit them as necessary.
- To be **Notified in Writing** of the Hearing Panel's decision and, when applicable, the sanctions imposed.
- To **Appeal** the decision of the Hearing Panel within 14 days of the written decision.
- To **Not Be Retaliated Against** for filing a complaint and for participating in an informal or Formal Resolution Process.

The Title IX Coordinator or designated investigator will ensure that the Complainant receives these rights in writing.

B. Meeting with Respondent

Taking into account the Complainant's request for privacy, the Title IX Coordinator or designee will determine whether to initiate further review or an investigation or impose Interim Measures under this policy. If any action impacts a Respondent (including the imposition of interim measures), the Title IX Coordinator or designee will meet with the Respondent, ensure that the Respondent is notified in writing that a report has been filed against them, offer support and assistance, provide a list of resources and options, and inform the Respondent of their rights:

- To **Confidential Campus Resources** like the Office of the Chaplain, Student Health Services, and the University Counseling Center. Contact information may be requested or found at <http://titleix.wfu.edu/>.
- To an **Investigation** conducted in a prompt, fair, and impartial manner.
- To **Respond** to the Complainant's allegations.
- To a **Support Person** of their choosing during the process. A senior staff counselor from the University Counseling Center is available for support at a disciplinary hearing. A Respondent may also choose to be assisted at a hearing by an **Advisor** of their choice.
- To reasonable efforts to ensure the preservation of **Privacy** during the investigation under the Family Educational Rights and Privacy Act (FERPA).
- To reasonable **Interim Measures**, such as a class schedule change, extensions of time on assignments, temporary housing (if available), and/or assistance in changing academic and living situations. In addition, no-contact orders may also be issued to prevent any contact, whether in person or indirectly, between the Respondent student and the Complainant.
- To request an **Informal Resolution** of the case (except in certain instances of sexual assault). Respondents have the right to bypass or end the Informal Resolution Process at any time.
- To a fair **Formal Hearing Panel**, if a panel is convened upon completion of an investigation and to resolve the case.
- To **Identify Witnesses** who may be interviewed during an investigation or who may be called to answer questions during a hearing.
- To reasonable **Accommodations** during the hearing, such as not being in the same room as the Complainant.
- To **Submit Questions** that the Respondent believes the Complainant or a witness should be asked during the hearing. The Hearing Chairperson may use their discretion to determine whether questions and/or information submitted is relevant. The Hearing Chairperson may choose to reframe or omit them as necessary.
- To be **Notified in Writing** of the Hearing Panel's decision and, if applicable, the sanctions imposed.
- To **Appeal** the decision of the Hearing Panel within fourteen (14) days of the written decision.

The Title IX Coordinator or designated investigator will ensure that the Respondent receives these rights in writing.

C. Notice of Potential University Actions Against Student Groups or Organizations

If it is determined that a report reveals involvement of, or a pattern of behavior by a particular student group or organization, the Title IX Coordinator may impose any appropriate remedial or protective measures contemplated by this policy in consultation with the relevant University

officials. Such measures may include, but are not limited to, modification, suspension or termination of a student group's or organization's agreement or status with the University to the extent permitted by law and University policy.

II. Informal Resolution Process

A Complainant who wishes to file a report of Sexual Misconduct and/or Sexual Discrimination with the University but who does not wish to pursue the Formal Resolution Process, as explained below, may request a less formal proceeding, referred to as the Informal Resolution Process. However, the Informal Resolution Process is not available for reports of alleged Non-Consensual Sexual Penetration.

The Informal Resolution Process is intended to resolve reports quickly, efficiently, and to the mutual satisfaction of the parties involved. Where circumstances allow for this, the Informal Resolution Process will be initiated as soon as possible after the filing of the report and the conclusion of an initial assessment.

Any resolution through this Informal Resolution Process must be mutually agreed upon by the parties involved. The Title IX Coordinator will assign appropriate University officials to facilitate informal resolution.

Both the Complainant and the Respondent have the right to bypass or end the Informal Resolution Process at any time and initiate the Formal Resolution Process.

Records arising from the Informal Resolution Process will not be used for any purpose other than those described above, to comply with applicable laws and regulations, and/or if a complaint subsequently results in the Formal Resolution Process as a result of a party's failure to comply with the terms of the informal resolution agreement or otherwise becomes part of a legal action.

Notwithstanding the foregoing, the University may also take into account prior accusations of the same or of a similar nature filed against an accused individual, and the University may take action to address concerns about repetitive behaviors that are inconsistent with the University's commitment to maintaining an educational and working environment free from Sexual Misconduct and Sexual Discrimination.

III. Formal Resolution Process (all campuses)

When informal resolution is not an option or when a student chooses not to utilize the Informal Resolution Process, the following process has been established to resolve complaints under this policy.

A. Notice of Investigation

The Title IX Coordinator or designated investigator will notify the Complainant and the Respondent, in writing, of the initiation of an investigation beyond the Initial Assessment. If not previously provided, the Title IX Coordinator or investigator will identify the parties; specify the date, time, location, and nature of the alleged prohibited conduct; identify potential policy violations; identify the investigator if other than the Title IX Coordinator; and instruct the parties to preserve any potentially relevant evidence.

B. Other Forms of Prohibited Conduct

If a report also implicates other forms of conduct prohibited by the University (*e.g.*, Code of Conduct) and such conduct is not related to the allegations of sexual misconduct, the non-related conduct may be referred to the appropriate University office during or after the Sexual Misconduct allegation is resolved.

C. Presumption of Non-Responsibility and Participation of the Parties

The investigation is a neutral fact gathering process. The Respondent is presumed to be not responsible; the presumption may be overcome only where there is sufficient evidence by a preponderance of evidence to support a finding that the Respondent is responsible for violating this policy.

D. Timeframe for Completion of Investigation; Extension for Good Cause

An investigation by the University and a decision by the Sexual Misconduct Hearing Panel will, in most cases, be rendered within sixty (60) days of the filing of a report. This time period can be modified at the discretion of the University's Title IX Coordinator, if deemed necessary to conduct a thorough investigation, to protect the rights of all parties or for other reasonable considerations.

E. Overview of Investigation

During the investigation, the parties will have an equal opportunity to be heard, to submit information and corroborating evidence, to identify witnesses who may have relevant information, and to submit questions that they believe should be directed by the investigator to the other or to any witness.

The investigator will notify and seek to meet separately with the parties and third-party witnesses and will gather other relevant and available information including, without limitation, electronic

or other records of communications between the parties or witnesses, photographs, and/or medical records (subject to the consent of the applicable party).

The Title IX Coordinator or designated investigator has the discretion to determine the relevance of any proffered evidence and to exclude irrelevant evidence from the investigation report.

F. Request for a Sexual Misconduct Hearing Panel

Upon conclusion of the investigation, the Complainant may request that the matter be submitted to a Hearing Panel for determination of whether Respondent is responsible for violating this policy.

If Complainant makes a request for a Hearing Panel, the Title IX Coordinator or designated investigator will determine whether there is cause for the matter to proceed to a Hearing Panel under the Formal Resolution Process.

G. Investigation Report and Review Period

If a matter is submitted to a Sexual Misconduct Hearing Panel for a determination of responsibility, upon completion of the investigation, the Title IX Coordinator or designee will prepare a written report summarizing the investigation. Because the Hearing Panel will determine whether a party is responsible for violating the policy, the report will not make a finding of a violation but will make a finding of whether cause exists for the matter to proceed to a hearing.

The parties will receive a copy of the investigation report in advance of the hearing. After receiving the investigation report and in advance of the hearing, the parties may submit additional information, additional comments, and/or identify any additional witnesses or evidence for the Title IX Coordinator or designated investigator to consider. In the absence of good cause, as determined by the Title IX Coordinator or investigator, information, witnesses, and other evidence discoverable through the exercise of due diligence that is not provided to the Title IX Coordinator or designee during the investigation will not be considered by the Hearing Panel.

The parties will have seven (7) calendar days to review and respond in writing to the investigation report. Responses must be submitted to the Title IX Coordinator.

The Title IX Coordinator has discretion to exclude additional information, comments, witnesses or other evidence on grounds of relevancy, redundancy, or failure to provide such evidence

during the course of the investigation without good cause. The Title IX Coordinator or designated investigator may amend the investigation report or include additional information as an appendix to the original investigation report. Excluded information, comments, and names of witnesses will be provided to the Hearing Chairperson for determination as to whether said evidence will be included at the hearing.

The final investigation report will be submitted to the Hearing Panel in advance of the hearing.

H. Hearing Board

The University's Sexual Misconduct Hearing Board is composed of faculty and staff who have received training, including education on hearing processes, the standard of review, evaluating evidence in a fair and impartial manner, cultural awareness, and the impact of trauma on all parties.

When a request for a Sexual Misconduct Hearing Panel is made, the Title IX Coordinator, or designated investigator, will select a Chairperson in addition to a three-member Hearing Panel from the Hearing Board to determine whether the Respondent is responsible for violating the Student Sexual Misconduct and Sexual Discrimination Policy.

I. Hearing Format

The hearing is an opportunity for the parties to address the Hearing Panel and for the Hearing Panel to meet the parties and ask the parties' questions. The sequence of this hearing may be as follows:

1. Investigation Summary: The Title IX investigator assigned to the complaint will provide a brief summary of the allegations. Following the summary, the Hearing Panel may ask questions to the Title IX investigator. Complainant and Respondent may submit questions to the Chairperson in writing, for the Hearing Panel to then ask the Title IX investigator, which the Chairperson may choose to rephrase or omit.
2. Complainant's Case: Complainant has the option, but is not required, to provide a brief verbal or written opening statement setting forth the charges alleged. If the opening statement is written, the Hearing Chairperson may, in its discretion, read it out loud upon request by the Complainant. Following an opening statement, Complainant may present evidence by being available for questioning by the Hearing Panel; may request the Hearing Panel to call his/her witnesses; and may submit questions in writing to the Chairperson for the Hearing Panel to ask, which the Chairperson may choose to rephrase or omit.

Once the Hearing Panel has completed its questioning, the Respondent may submit written questions to the Chairperson to consider and if deemed relevant and not otherwise redundant, submit to the Hearing Panel.

3. Respondent's Case: Respondent has the option, but is not required, to provide a brief verbal or written opening statement setting forth Respondent's reply to the charges alleged. If the opening statement is written, the Hearing Chairperson may read it out loud upon request of the Respondent. No questions may be asked during the opening statements. Following the opening statement, Respondent may present evidence by being available for questioning by the Hearing Panel; may request the Hearing Panel to call his/her witnesses; and may submit questions in writing to the Chairperson for the Hearing Panel to ask, which the Chairperson may choose to rephrase or omit.

Once the Hearing Panel has completed its questioning, the Complainant may submit written questions to the Chairperson to consider and, if deemed relevant and not otherwise redundant, submit to the Hearing Panel.

[Please note that both parties may have already provided the Chairperson with questions to be asked by the Hearing Panel. If either party would like additional questions asked, they must be submitted in writing and provided to the Chairperson during the hearing.]

4. Deliberations: Once the statements have been completed, the parties will be dismissed, and the Hearing Panel will begin its deliberations. The Hearing Panel shall evaluate the evidence and decide, based on a preponderance of the evidence, whether the Respondent is responsible for violating the University's Student Sexual Misconduct and Sexual Discrimination Policy. Once the Panel has reached a decision, the parties will be notified simultaneously in writing of the Panel's decision.

J. Submission of Questions to the Hearing Panel

As stated above, prior to and during the hearing, the Complainant and Respondent may submit questions to the Chairperson to be asked of each other and the witnesses testifying before the panel. Complainants and Respondents are prohibited from directly asking questions. This prohibition extends to advisors and support persons of Complainants and Respondents. The Hearing Chairperson makes evidentiary decisions and has sole discretion to determine relevancy and/or redundancy of the questions submitted and determine whether the questions should be asked in full, in part, or omitted.

K. Prior or Subsequent Conduct

Prior or subsequent conduct of the parties may be considered in determining pattern, knowledge, intent, motive or absence of mistake. For example, evidence of a pattern may be deemed relevant

if the conduct is substantially similar to the conduct under investigation. In consultation with the Title IX Coordinator, the Chairperson will determine the relevance of this information and both parties will be informed if evidence of prior or subsequent conduct is deemed relevant.

L. Prior Sexual History

Notwithstanding the above, sexual history of a Complainant or Respondent will never be used to prove character or reputation. Moreover, evidence related to prior sexual history or either of the parties is generally not relevant to the determination of a policy violation but will be considered in limited circumstances. Sexual history of either party with one another may be discussed during the hearing if determined by the Chairperson to be relevant.

M. Relevance

During the hearing, the Hearing Chairperson has the sole discretion to determine relevance of any proffered evidence, to include or exclude certain types of evidence at the hearing as well as which questions are relevant and/or not redundant and/or not reliable and may be asked by the Hearing Panel. Issues regarding admission of evidence or testimony, including relevancy and the reliability of the evidence and testimony will be determined by the Hearing Chairperson prior to and/or during the hearing.

N. Support Person and Advisor

Complainant may have a support person of their choosing and an advisor of their choosing at the hearing, but their roles are strictly limited to providing support and/or advice to the Complainant. Respondent may have a support person of their choosing and an advisor of their choosing at the hearing, but their roles are strictly limited to providing support and/or advice to the Respondent. The University will not limit the choice of advisor or presence for either the complainant or the respondent in any meeting or institutional disciplinary proceeding. However, support people and advisors are prohibited from directly asking questions, arguing, or presenting information or evidence during the hearing. Support people and advisors may be removed by the Chairperson, in the Chairperson's discretion, if the support people or advisors disrupt the hearing.

O. Arrangements For Hearings

Arrangements may be made for Complainants and/or Respondents who do not wish to be in the hearing room with the opposing party at the same time. This accommodation may include audio conferencing or videoconferencing. All accommodation requests must be made to the Title IX Coordinator at least three (3) calendar days in advance of the hearing.

P. Hearing Panel Deliberations

The Hearing Chairperson is a non-voting facilitator of the panel's deliberations. The Hearing Panel shall evaluate the evidence and decide, based on a preponderance of the evidence, whether the Respondent is responsible for violating the University's Student Sexual Misconduct and Sexual Discrimination Policy. "Preponderance of the evidence standard" means that the Respondent student will be found responsible if, based upon the entirety of the evidence presented during the hearing, it is determined that the Respondent student "more likely than not" committed the offense in question. A decision is reached by a majority of the Hearing Panel.

Q. Sanctions

If there is a finding of responsibility, the Hearing Panel will determine the sanctions to be imposed. Sanctions for a finding of responsibility depend on the nature and the gravity of the misconduct. They may include, but are not limited to: disciplinary probation, suspension, expulsion, specialized treatment off-campus, no contact orders, trespass from campus, prohibition of participation in University programs or activities (which may include graduation), and/or other educational sanctions deemed appropriate by the Hearing Panel. Sanctions imposed by the Hearing Panel will remain in effect pending the outcome of any appeal process.

R. Simultaneous Notification of Panel's Decision

Both parties will be notified (in writing) simultaneously of the Hearing Panel's decision. The parties will also be informed of the sanctions imposed, if applicable, changes to result, and the University appeal procedures. The Chairperson will also promptly notify the Title IX Coordinator of the decision and the sanctions imposed, if applicable.

IV. Appeals

Complainants and Respondents may file a written appeal with the University's Title IX Coordinator within fourteen (14) calendar days from the date of the decision on the following grounds:

- (1) Appropriateness of the sanction;
- (2) Germane new evidence not available at the time of the hearing that could significantly impact the outcome; and/or
- (3) Procedural errors that significantly impact the outcome.

Appeals will be reviewed by an Appeals Committee comprised of an Appeals Officer and a three (3) member panel chosen by the Title IX Coordinator from the Sexual Misconduct Hearing Board.

The Appeals Committee is charged with reviewing the appeal. The Appeals Committee shall have access to all information that was available to the Hearing Panel. If the Appeals Committee determines that there is either germane new evidence that could significantly impact the outcome of the case, or a procedural error that could have altered the outcome of the case, the matter will be remanded back to the initial Hearing Panel for a determination regarding the impact of the new evidence or procedural error on the outcome of the complaint. If the grounds for the appeal are based on the appropriateness of the sanction, the Appeals Committee will have the authority to adopt the sanction imposed by the Hearing Panel or to change the sanction to a lesser or more severe sanction. The decision of a majority of the Appeals Committee members will be final.

Both parties will be notified simultaneously of the Appeals Committee's decision. The Title IX Coordinator will also be notified (verbally and in writing) of the Committee's decision.

V. Interim Suspensions or Other Interim Actions

In addition to those protective measures previously described, the Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. For alleged violations of this Policy, interim actions, including but not limited to, interim suspension, reassignment to alternate housing, limitation of access to designated University housing and/or campus facilities, and limitation of privileges to engage in specified University activities may be imposed by the University's Title IX Coordinator in consultation with the appropriate University administrators. Regardless of the outcome of the Initial Assessment or Formal Resolution Process, Interim Measures may be provided to the Complainant or Respondent by the Title IX Coordinator. Such measures may include no contact orders and/or changes in class schedules and/or housing assignments.

Interim actions may also be taken when there is reason to believe that the conduct of the Respondent student(s) poses a threat of harm to the Complainant(s) or others, threatens or endangers University property, or disrupts the stability and continuance of normal University operations and functions. Interim actions, including but not limited to, interim suspension, reassignment to alternate housing, limitation of access to designated University housing and/or campus facilities, and limitation of privileges to engage in specified University activities may be imposed by the University's Title IX Coordinator in consultation with the appropriate Title IX Deputy Coordinator and Dean of Students, if appropriate.

Reynolda Campus Faculty and Staff Sexual Harassment Prevention Policy

1. How to File a Disciplinary Complaint Under this Policy

Students may direct complaints to the University's Title IX Coordinator, Vice President of Campus Life, the Dean of their School, the Assistant Vice President for Human Resources, and/or to a Deputy Title IX Coordinator. Staff employees may direct complaints to the University's Title IX Coordinator, their supervisor, a Deputy Title IX Coordinator, and/or to the appropriate Human Resources representative. Faculty may direct complaints to the University's Title IX Coordinator, their Department Chair, their Dean or the Provost, a Deputy Title IX Coordinator, and/or the appropriate Human Resources representative. Faculty and staff may also report complaints to the Compliance Hotline at 877-880-7888 (toll free). The Title IX Coordinator, Tanya Jachimiak, may be reached at titleixcoordinator@wfu.edu. Additional information, including a full copy of the policy, can be found at titleix.wfu.edu.

All employees who are authorized to receive complaints under this Policy must immediately report the complaint to the University's Title IX Coordinator.

2. How the University Determines Whether This Policy will be Used

Sexual misconduct, including sexual harassment, sexual assault, stalking, domestic violence and dating violence by faculty, staff, student-employees or third parties occurring in a Reynolda campus-related educational program or activity, on or off campus, are prohibited and constitute a violation of the Reynolda Campus Faculty and Staff Sexual Harassment Prevention Policy. This policy applies to allegations of sexual misconduct (including sexual assault, dating violence, domestic violence and stalking) made against an employee of the University or a third party, regardless of where the alleged harassment occurred if the conduct giving rise to the complaint is related to the University's Reynolda campus-related academic, educational, athletic, or extracurricular programs or activities. The University's disciplinary authority, however, may not extend to third parties who are not employees of the University. Additionally, although there is no geographical limitation to invoking this Policy, sexual misconduct that is alleged to have occurred at a significant distance from the University and/or outside of University property may be more difficult for the University to investigate.

Upon receipt of a complaint, the Title IX Coordinator will determine if the facts alleged in the complaint could constitute a violation of this Policy. If they do not, the Title IX Coordinator will close the complaint by notifying the reporting individual that the allegations do not constitute a violation of this Policy and take no further action. If the facts alleged in the complaint would constitute a violation of this Policy, the Title IX Coordinator will, as soon as practicable, contact the complainant to schedule an initial meeting. At this initial meeting, the Title IX Coordinator will discuss the University's policy, available resources, resolution options and possible interim measures with the complainant. If the complainant is not the alleged victim, the Title IX Coordinator will, as soon as practicable, contact the

alleged victim and attempt to conduct a similar meeting with him or her. If the victim wishes to pursue an informal or formal resolution through the University, the Title IX Coordinator will, as soon as practicable, provide written notice to the accused of the existence and general nature of the complaint and thereafter schedule an initial meeting with the accused. At this initial meeting, the Title IX Coordinator will discuss the University's policy, available resources, resolution options and possible interim measures. Following these meetings, and if appropriate, the Title IX Coordinator will investigate or will assign an Investigator to investigate the complaint.

3. Steps in the Disciplinary Process & Decision-Making Process

Complainant may determine after filing a complaint that he or she does not wish to pursue resolution of the complaint through the University. The University will respect such requests. However, as specified below, the University may be required by law to investigate the allegations. Complainants are advised that such requests may limit the University's ability to take action in response to a complaint.

Even when the University is in receipt of a request by a complainant not to pursue an investigation, Title IX may nevertheless require the University to investigate and take reasonable action in response to the information known to it. Thus, the University may take such measures and impose such discipline as are deemed necessary by the Title IX Coordinator to ensure that the educational and work environment at Wake Forest is free of harassment and to prevent the recurrence of a hostile environment, and, as appropriate, to remedy the effects of the alleged harassment. The Complainant's complaint may also be used as an anonymous report in accordance with the requirements of the Clery Act.

Informal resolution: The informal resolution process is intended to resolve complaints quickly, efficiently, and to the mutual satisfaction of the parties involved. Where circumstances allow for this, the informal resolution process will be initiated as soon as possible after the filing of the complaint. Absent extenuating circumstances, the informal resolution process shall not extend longer than 45 days following the date a complaint is filed. The Title IX Coordinator may determine that a complaint is not appropriate for informal resolution. Informal resolution is not available for complaints of sexual assault, even on a voluntary basis. With the concurrence of the complainant and the accused, whom shall first be provided notice of the nature of the complaint, the informal resolution process will proceed, and the Title IX Coordinator or another individual designated by the Title IX Coordinator, with relevant supervisors when appropriate, will seek an outcome through informal resolution. Any resolution through this informal resolution process also must be mutually agreed upon by the parties involved. Both the complainant and the accused have the right to bypass or end the informal resolution process at any time and initiate the formal resolution process.

Any failure to comply with the terms of an informal resolution agreement may result in disciplinary action and/or, if warranted, a further complaint of sexual misconduct.

Formal Resolution: If the complaint of sexual harassment has not been resolved through use of the informal resolution process described above or is of the kind that is not appropriate for informal resolution, the formal resolution process will be initiated. The formal resolution process is managed by a three-person panel of the Sexual Harassment Review Committee ("SHRC"). The SHRC will be composed of two faculty members, two students, two staff members, and two members of the University administration. One member of each group will be an alternate and will serve on the panel if the regular member is unavailable or unable to serve. Members of SHRC are required to attend bi-annual training as determined by the Title IX Coordinator. The panel appointed to resolve a formal resolution shall consist of either a faculty member or staff member depending on whether the accused is a faculty member or staff member, an administrator, and a student, staff member, or faculty member depending on the status of the complainant (the third member may be of the same status as the complainant). The complainant or the accused may request that a student not be appointed to the panel. The University will honor such requests. The Investigator will serve as an ex officio member of the panel. Members of the SHRC will be appointed for a term of three years (two years in the case of students) by the President, or his/her designee. For faculty members, the Committee on Academic Freedom and Responsibility will nominate five faculty members and the President or his/her designee will select two from among the five nominees. If neither the regular member nor the alternate can serve on a panel, an appointment to serve with respect to the particular matter at hand will be made by the President or his/her designee. If the panel requests, an individual designated by the Chief Human Resources Officer may serve as staff to the Committee.

It is the responsibility of the Title IX Coordinator or the assigned Investigator, based on his or her judgment and discretion, to conduct a prompt, thorough and impartial investigation of the complaint. The formal resolution process for investigation of a complaint shall include interviews by the Title IX Coordinator or assigned Investigator of the complainant, the accused, and at the discretion of the Title IX Coordinator or the assigned Investigator, witnesses or other individuals who are identified as potentially having some information relevant to the allegations and who agree to be interviewed. The Title IX Coordinator or assigned Investigator will also collect documents and other physical or electronic information that he or she believes to be relevant and necessary to the complaint. The parties will have the opportunity to identify witnesses and present other evidence to the Investigator for consideration (subject to the reasonable discretion of the Investigator to limit such witnesses and documentation for relevancy, reliability and redundancy). The parties will each be provided copies of all witness statements, and other evidence presented to or obtained by the Investigator, and will be allowed an opportunity to submit a written statement commenting on the statements, notes and evidence. Individuals who are interviewed during the investigation will be advised that the matter is confidential to the extent permitted by law and that retaliation is prohibited by this Policy.

The complainant and accused may choose to be accompanied by an advisor of their choosing throughout the process. The advisor may not present information or make statements on behalf of the individual during any interview or proceeding.

The Title IX Coordinator or assigned Investigator will report the results of the investigation to the Committee in a written report. The report will contain the facts gathered by the Investigator. The report shall include a copy of any written statements submitted by the complainant and accused as permitted in this Section, above, and copies shall also be provided to the complainant and the accused. The Title IX Coordinator or assigned Investigator will be available to conduct such further investigation as the Committee or Title IX Coordinator deem appropriate. The complainant and the accused will also be provided the option to appear before the Committee to present a statement if they so choose. In addition, if the Committee, in its discretion, desires to interview the complainant, the accused or any witness, it may do so. Such interviews will be conducted with only the person interviewed present (other than a support person). In the interviews the Committee may make such inquiries as it determines will assist in the performance of its duties. Issues regarding relevancy, reliability and redundancy of the evidence and testimony will be determined by the Committee. The sexual history of either party with others may not be considered by the Committee. In addition, the mere fact of a current or previous consensual dating or sexual relationship between the two parties does not itself imply consent or preclude a finding of sexual harassment.

The Committee will review the investigative report along with any other information it gathers to determine whether a violation of this Policy has occurred. The Committee's determination will be based on facts that a majority of the Committee believes are more likely than not to be true. The Committee will prepare a summary report stating the evidence that was considered, how conflicting evidence was resolved, and the facts that form that basis of the Committee's determination, and the Committee's determination about whether a violation occurred. The Committee's summary report will be made available to the complainant, the accused, the Title IX Coordinator, the Chief Human Resources Officer or the faculty member designated by the Provost, and, if an appeal is taken, the Appeals Committee. If the Committee determines that a violation of the Policy has occurred, the matter will be referred to the Title IX Coordinator and a staff member designated by the Chief Human Resources Officer if a staff employee is found to be in violation of this policy, or to a faculty member designated by the Provost if a faculty member is found to be in violation of this policy. The Title IX Coordinator will simultaneously convey the findings in writing to the complainant and the accused. The Title IX Coordinator, along with the designee of the Chief Human Resources Officer or the designee of the Provost, will consult with the appropriate Department Head, Dean, or Vice President for a determination regarding the appropriate corrective or disciplinary action that will be imposed. Corrective or disciplinary action imposed on faculty members or staff employees who have been found to be in violation of this Policy shall be commensurate with the severity and/or frequency of the conduct, and shall be intended to adequately and sufficiently prevent the same or similar conduct by the faculty member or staff employee in the future. Corrective or disciplinary action imposed on student-employees may also affect the student-employee's status as a student at Wake Forest.

Appeal: The complainant or the accused may file a written appeal with the University's Title IX Coordinator within 14 calendar days from the date of the decision. The grounds

on which an appeal may be taken are: Appropriateness of the sanction; Germane new evidence not available at the time during the resolution proceedings that could significantly impact the outcome; and/or Procedural errors that significantly impact the outcome. Appeals will be reviewed by an Appeals Committee comprised of the Provost, the Executive Vice President for Administration, and the Chief Human Resources Officer or their respective designees.

The Appeals Committee is charged with reviewing the appeal and shall appropriately defer to the findings of the SHRC. The Appeals Committee shall have access to all information that was available to the Sexual Harassment Review Committee, and shall have the opportunity to interview the Title IX Coordinator or the assigned Investigator, the complainant, the accused, and witnesses, separately. The decision of a majority of the Appeals Committee members will be final, and a written decision, including the reasons for the Appeals Committee's resolution, will be provided simultaneously to the complainant and the accused within five (5) calendar days following completion of the Committee's review. The Title IX Coordinator shall also be informed of the Appeals Committee's decision.

If the Appeals Committee determines that there is either germane new evidence that could significantly impact the outcome of the case, or a procedural error that could have altered the outcome of the case, the matter will be remanded back to the SHRC for a determination regarding the impact of the new evidence or procedural error on the outcome of the complaint. If the grounds for the appeal are based on the appropriateness of the sanction, the Appeals Committee will have the authority to adapt the sanction imposed or change the sanction to a lesser or more severe sanction. The decision of a majority of the Appeals Committee members will be final. Decisions to revoke the tenure of a faculty member will be addressed in accordance with the University's Procedure for the Dismissal of Tenured Faculty Members.

4. Anticipated Timelines

Absent extenuating circumstances, the informal resolution process shall not extend longer than 45 days following the date a complaint is filed. The formal resolution process shall be completed within sixty days from the date the complaint is filed. However, if extenuating circumstances justify the need for additional time to complete the formal resolution process, an extension of time may be granted by the Title IX Coordinator. The parties involved will be notified of any extensions granted.

5. Standard of Evidence

The standard of evidence of preponderance of evidence. The Committee's determination will be based on facts that a majority of the Committee believes are more likely than not to be true.

6. *Possible Sanctions*

7. *Range of Protective Measures Available to a Victim Alleging Misconduct*

The Title IX Coordinator or his/her designee has the authority to take all reasonable and prudent interim measures, including no-contact orders, to protect the complainant and/or respondent pending completion of the investigation and during the informal or formal processes to resolve the complaint or any appeal thereof. Such interim measures may also be implemented whether a formal complaint has been filed or whether an investigation by the Title IX Coordinator, an assigned investigator or a law enforcement agency has begun. Protective measures include, but are not limited to, mutual no contact orders, remote participation during the Review, separate waiting areas throughout the process, and prohibition against retaliation.

If reported to a supervisor or Employee Relations Consultant; to any higher level member of leadership or through the Compliance Hotline, upon receiving the harassment complaint, Human Resources will: Conduct a prompt and thorough investigation; discuss results with the complaining staff/faculty member (where appropriate actions taken); keep investigation and results as confidential as possible; and take any necessary performance improvement action, if the complaint is verified.

A staff/faculty member who believes the Medical Center has not met its obligations to correct a harassment incident or is not satisfied with the way in which his/her report of harassment was handled should contact the Director of Employee Relations or the Senior Vice President and Chief People Officer.

4. Anticipated Timelines

Generally, the process is completed within sixty days from the date the complaint is filed. However, if extenuating circumstances justify the need for additional time to complete the process, an extension of time may be granted by Human Resources.

- (c) In the event a student is convicted of both possessing and selling illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.
- (d) A student whose eligibility has been suspended may resume eligibility before the end of the ineligibility period determined if:
- The conviction is reversed, set aside, or otherwise rendered invalid or
 - The student satisfactorily completes an approved drug or alcohol rehabilitation program that includes passing two unannounced drug screening tests administered by an approved drug rehabilitation program. The drug rehabilitation program referenced in this section is one that is administered or recognized by a Federally or State-licensed hospital, health clinic, or medical doctor.
- (e) If a student is convicted of possessing or selling drugs after submitting the Free Application for Federal Student Aid (FAFSA), the student must notify the Financial Aid Office within five (5) days of the conviction.
- d) **Sanctions imposed by the School:** The School will impose disciplinary sanctions, up to and including dismissal and referral for prosecution, on a student for violations of the standards of conduct required by paragraph 3a) of this policy as follows:
- i. Any student who violates federal/North Carolina/local laws may be subject both to criminal prosecution and to disciplinary proceedings by the School.

 - (c) For second or other subsequent offenses involving the illegal possession of controlled substances, progressively more severe penalties will be imposed, up to and including dismissal.
- v. The applicable program manager (or designee) may place a student on an interim suspension before completion of regular conduct proceedings, when the student's continued presence within the School community would constitute a clear and immediate danger to the health or welfare of other members of the University community. The staff of the department of WFSM Counseling and Wellness Services would only be involved in this process if a student was found to be a threat to self or others during the student's evaluation by WFSM Counseling and Wellness Services.
 - (a) When it is clear that the student has engaged in or threatens to engage in behavior that poses a significant risk of harm to the safety or security of themselves, others, or to property, or directly or substantially impedes the activities of members of the institution's community, including employees, other students, patients, or visitors.
 - (b) In accordance with the applicable program's dismissal policy and/or standards of conduct
 - (c) If such a suspension is imposed, an appropriate hearing of the charges against the suspended person will be held as promptly as possible. Students in the Wake Forest School of Medicine may appeal the dismissal decision in accordance with the applicable program's appeal policy; students in the Graduate School of Arts and Sciences, Biomedical Programs, may appeal the dismissal in accordance with the procedures established by the program.
- vi. If indicated, the School may offer the student the option of evaluation, counseling, and successful completion of an appropriate rehabilitation program as a condition of remaining in the program. Any student, if given the option to participate in a rehabilitation program, will comply with the treatment and rehabilitation requirements set forth below or withdraw from the School. Failure to comply with these requirements will result in dismissal.

- vii. Failure of any alcohol and/or drug test will result in disciplinary actions, up to and including dismissal. Remaining in the program will be conditional upon successful completion of the rehabilitation program as described in Section 3d) vi.

- viii. **For Cause Drug Screening and/or breath alcohol testing:**
Students will be required to undergo "for cause" drug screening and/or breath alcohol testing for the following reasons:

- (a) Reporting to School under the influence of alcohol or drugs, including legally obtained prescription drugs, which impair one's ability to perform normal work activities or in a condition giving the program manager, based on the agreement of two other faculty or staff members, reasonable cause to suspect the influence of alcohol or other drugs due to the following:
 - Observable abnormal or unusual behavior
 - Injury or accident for which medical attention is needed beyond simple first aid
 - Acts for which a student is responsible that involve injury to a staff/faculty member, patient, visitor, or student requiring medical attention beyond simple first aid

for legal prescriptions or other documented medical reasons, the student may elect to have his/her specimen retested at his/her expense. The same sample will be sent to another diagnostic lab for testing. A student who elects to re-test the sample will contact WFBMC Employee Health to request and arrange payment for this service.

- x. For federal financial aid considerations: See section 3c) of this policy
- e) **Description of the health risks associated with the use of illegal drugs and the abuse of alcohol** – For current information regarding the health risks associated with the use of illegal drugs and abuse of alcohol, see US DEA [Drugs of Abuse](#)
- f) **Description of any drug or alcohol counseling, treatment, or rehabilitation or re- entry programs** that are available to students
 - i. Any student experiencing an emergency should call 911 immediately.
 - ii. **WFSM Campus:** Early recognition of substance use disorder is important for successful rehabilitation. The School endorses and encourages the activities of the [WFSM Counseling and Wellness Services](#) in early identification, treatment, and rehabilitation of students with a substance abuse problem. This is a therapy center rather than a 24/7 crisis center. The WFSM Counseling and Wellness Services center provides individual, group, and couples counseling, consultation, coaching, and wellness outreach in order to support and promote the emotional, intellectual, physical, social and spiritual wellness of students in the Wake Forest School of Medicine. BASICS provides individualized screening and intervention for students facing challenges with their alcohol and or drug use. The Office of Wellbeing can also refer students in need of additional assessment or services to the appropriate level of care.
 - iv. Students who do not wish to take advantage of the WFSM or WFU Reynolda Campus services may wish to seek referrals to rehabilitation and treatment programs from their own health care provider.
 - v. Approved alcohol and drug information/treatment referral services are also available at: <https://niaaa.nih.gov/alcohol-health/support-treatment>
 - vi. Students who have disabilities and need accommodations should contact the Section 504 Coordinator, Tanya Jachimiak, at tjachimi@wakehealth.edu or 336- 758-7258, or submit the form "Request for Consideration" form available at the WFU Disability Services for Students/Learning Assistance Center: <http://lac.wfu.edu/disability-services/>

Drug Free Schools and Communities Act announcement for BGCME students

The term “student” will apply to a person who matriculates into, is enrolled in or is taking courses in an educational program of Wake Forest School of Medicine or Graduate School of Arts and Sciences, Biomedical Sciences (hereinafter jointly referred to as “School”).

In accordance with the Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988, this notification is being sent to each Wake Forest School of Medicine and Graduate School of Arts and Sciences, Biomedical Sciences student. Its purpose is to serve as a reminder of the health risks associated with drug and alcohol abuse; of the School policy related to the illegal possession, use or distribution of drugs or alcohol; of the availability of treatment for drug or alcohol problems through WFSM Counseling and Wellness Services; and of the internal sanctions and federal, state and local legal penalties that may result from the illegal sale, possession, consumption, use or distribution of drugs or alcohol.

The School recognizes the potential harmful effect that substance abuse can have on the lives of individual members within the Wake Forest community. To that end, the School has adopted a Student Substance Abuse Policy which addresses the issues of identification, confidentiality, education, treatment, and penalties for violation of the policy. The status of any student will not be jeopardized for conscientiously seeking early assistance in the recovery from substance abuse impairment. Students who are identified as possibly having a problem and who are referred to WFSM Counseling and Wellness Services may be required to participate in educational programming concerning substance abuse or may be required to seek further assessment and treatment for substance abuse issues. To the extent possible, complete confidentiality will be maintained with students seeking assistance and treatment.

Health Risks

The School recognizes that the state of an individual’s overall health and wellbeing affects academic performance, job performance, and all facets of a student’s life. Alcohol misuse and substance abuse rank as one of the major health and economic problems in this society.

Alcohol - Alcohol consumption causes a number of changes in behavior and physiology. Even low doses significantly impair judgment, coordination, and abstract mental functioning. Statistics show that alcohol use is involved in a majority of violent behaviors on college campuses, including acquaintance rape, vandalism, fights, and incidents of drinking and driving. Continued abuse may lead to dependency, which often causes

permanent damage to vital organs and deterioration of a healthy lifestyle.

Cannabis (Marijuana, Hashish) - The use of marijuana may impair or reduce short-term memory and comprehension, alter sense of time, and reduce coordination and energy level. Users often have a lowered immune system and an increased risk of lung cancer. The active ingredient in marijuana, THC, is stored in the fatty tissues of the brain and reproductive system for a minimum of 28 to 30 days.

Hallucinogens - Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. The user may experience panic, confusion, suspicion, anxiety, and loss of control. Delayed effects, or flashbacks, can occur even when use has ceased.

Phencyclidine (PCP) affects the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries.

Cocaine/Crack - Cocaine users often have a stuffy, runny nose and may have a perforated nasal septum. The immediate effects of cocaine use include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature, followed by depression. Crack, or freebase rock cocaine, is extremely addictive and can cause delirium, hallucinations, blurred vision, severe chest pain, muscle spasms, convulsions, and even death.

Amphetamines - Amphetamines can cause a rapid or irregular heartbeat, tremors, loss of coordination, collapse, and death. Heavy users are prone to irrational acts.

Heroin - Heroin is an opiate drug that causes the body to have diminished pain reactions. The use of heroin can result in coma or death due to a reduction in heart rate.

Abuse of Prescription Drugs – Misuse of medicines prescribed by a Healthcare Provider for treatment of illness, mental health condition, injury or pain management can lead to serious illness or death.

Standards of Conduct

The School is unequivocally opposed to alcohol misuse, substance abuse, and the unlawful possession, use, or distribution of drugs by students on the School's property or as any part of the School's activities. Any illegal possession, distribution, and use of alcohol and/or controlled substances are prohibited by the School. The School's expectations around alcohol and other drug use are contained in the Student Substance Abuse Policy.

State and Federal Sanctions

The local, state, and federal laws provide specific penalties for drug and narcotics offenses. Article 5 of Chapter 90 of the North Carolina General Statutes makes it unlawful for any person to manufacture, sell or deliver, or possess with intent to manufacture, sell or deliver those drugs designated collectively as "controlled substances." The punishment includes a term of imprisonment as well as a substantial fine.

Federal law makes it unlawful for any person to manufacture, distribute, create, dispense or to possess with the intent to manufacture, distribute, or dispense controlled substances. Title 21 of the United States Code provides terms of imprisonment and fines for violations of this act. The nature of the offense and whether the person has committed any previous

unlawful acts under this statute will determine the term of imprisonment as well as the amount of the fine.

The penalties for violations of alcoholic beverage regulations are found in Chapter 18B of the North Carolina General Statutes. Such penalties include terms of imprisonment and heavy fines.

School Sanctions

Conduct proceedings against a student will be initiated in accordance with the conduct procedures of the appropriate program. When there is a reasonable basis for believing that the person has violated this policy or North Carolina law pertaining to controlled substances and the alleged conduct is deemed to harm the interests of the School, conduct action will be instituted. It should be noted that though an offense may be the subject of legal action by the civil authorities, School officials are free to initiate conduct actions that may result in additional penalties.

Penalties

Penalties may range from written warnings with probationary status to expulsions from enrollment. A student convicted in criminal court of a drug violation will lose his/her eligibility for Federal student aid. The range of penalties is available through the Office of Financial Aid. The following minimum penalties will be imposed for the particular offenses described:

- **Trafficking in Illegal Drugs.** The term “trafficking” is used in its generic sense, not in its specific application to selling, manufacturing, delivering, transporting, or possessing controlled substances in specified amounts as referenced in Article 5, North Carolina Controlled Substances Act.

For the illegal manufacture, sale or delivery, or possession with intent to manufacture, sell or deliver, of any controlled substance identified in Article 5, North Carolina Controlled Substances Act, a student may be expelled.

As such, at the School, all trafficking activities of any controlled substances have been determined to have a presumptive sanction of expulsion.

- **Illegal Possession of Drugs.** For a first offense involving the illegal possession of any controlled substance identified in Schedules I - V, Article 5, North Carolina Controlled Substances Act, the minimum penalty is suspension.

For a first offense involving the illegal possession of any controlled substance identified in Schedule VI, Article 5, North Carolina Controlled Substances Act, the minimum penalty is a combination of educational, therapeutic, and punitive sanctions.

For second or other subsequent offenses involving the illegal possession of controlled substances, progressively more severe penalties will be imposed, up to and including expulsion.

When a student has been charged by the School with a violation of policies concerning illegal drugs, he or she may be suspended from enrollment before initiation or completion of regular conduct proceedings, where the student's continued presence within the School community would constitute a clear and immediate danger to the health or welfare of other members of the School community. If such a suspension is imposed, an appropriate hearing of the charges against the suspended person will be held as promptly as possible.

Alcohol and Other Drug Education and Referral Services

The School provides drug education and referral services.

WFSM Campus: Early recognition of substance use disorder is important for successful rehabilitation. The School endorses and encourages the activities of the WFSM Counseling and Wellness Services in early identification, treatment, and rehabilitation of students with substance abuse problems. The WFSM Counseling and Wellness Services center provides individual, group, and couples counseling, consultation, coaching, and wellness outreach in order to support and promote the emotional, intellectual, physical, social and spiritual wellness of students in the Wake Forest School of Medicine. To schedule an appointment, students can email: counselingservices@wakehealth.edu

WFU Reynolda Campus: Students have access to the Office of Wellbeing (BASICS@wfu.edu, 336-758- 4371): The Office of Wellbeing coordinates campus-wide alcohol and other drug education and prevention programs as well as the Brief Alcohol Screening and Intervention for College Students (BASICS) program. BASICS provides individualized screening and intervention for students facing challenges with their alcohol and or drug use. The Office of Wellbeing can also refer students in need of additional assessment or services to the appropriate level of care.

Students who do not wish to take advantage of the WFSM or WFU Reynolda Campus services may wish to seek referrals to rehabilitation and treatment programs from their own health care provider.

Approved alcohol and drug information/treatment referral services are also available at: <https://niaaa.nih.gov/alcohol-health/support-treatment>.

Consultation and assessment with a substance abuse counselor may be required following the report of an incident or the awareness of a problem involving drugs or alcohol misuse. The program sets forth the consequences of violating the treatment and rehabilitation plan. The continued or repeated abuse of substances following initiation into this program will constitute grounds for further conduct action by the School.

3) Policy Guidelines

a) General Guidelines

- i. Applicants for employment must be tested for illegal substances, and applicants identified as drug and/or alcohol users may be denied employment.
- ii. Staff/faculty members who refuse to participate in, cooperate with

or abide by this policy or their recommended program of rehabilitation may be subject to corrective action up to and including discharge from employment with the Medical Center. - iii. Staff/faculty members who use, sell, possess, distribute or manufacture alcohol, illegal drugs or legal drugs without a valid prescription on Medical Center property or during work time are subject to corrective action up to and including discharge.
 - a. Such conduct is also prohibited during non-working time to the extent that it impairs a staff/faculty member's ability to perform on the job or be in regular attendance, or to the extent that it threatens the reputation or the integrity of the Medical Center.
 - b. The consumption of alcohol by a staff/faculty member in a business setting, as part of a business meal, conference or seminar during work hours is discouraged. Operating a motor vehicle after the consumption of alcohol is strongly discouraged. Staff/faculty members who consume alcohol under any circumstances and return to the Medical Center or resume Medical Center activities during the same day are subject to corrective action up to and including discharge.
- iv. Staff/faculty members may be required, when the Medical Center has reason to suspect the possession of illegal drugs, to submit to a search of any pocket, package, purse, briefcase, toolbox, lunch container or other container brought onto Medical Center property, and to submit to a search of a desk, file, locker or other stationary container provided by the Medical Center.
- v. When the Medical Center has reason to believe that a situation of drug diversion has occurred (such as missing medications), staff/faculty members of the unit(s) involved may be required to submit to a drug test.
- vi. Any staff/faculty member who may be undergoing medically prescribed treatment with a controlled substance that may limit his/her ability to perform on the job or that may affect judgment must report this treatment to his/her supervisor and/or Employee Health Services (EHS) prior to beginning work. A determination will be made of work capability. Failure to report the treatment will be cause for appropriate corrective action. Staff/faculty members who choose not to report their treatment will accept responsibility for any adverse outcome and will be subject to the appropriate corrective actions.
- vii. A staff/faculty member will be irrefutably presumed to have engaged in the use of drugs and alcohol if urinalysis, blood testing or other accepted procedures show a forensically acceptable positive quantum or proof of drug or alcohol use.

- viii. Substance use by staff/faculty members who operate a Medical Center-owned or leased vehicle (including short-term auto rental) or a personal vehicle on Medical Center business will be subject to corrective action up to and including discharge for the following:
 - a. A conviction for driving a Medical Center-owned or leased vehicle while under the influence of alcohol or drugs
 - b. A conviction for driving while under the influence of alcohol or drugs while operating a personal vehicle on Medical Center business
 - c. A conviction for driving under the influence of alcohol or drugs while operating a personal vehicle not on Medical Center business when the staff/faculty member is required to operate a vehicle as an integral part of his/her employment (e.g., courier, truck driver)
- ix. Staff/faculty members receiving a conviction as described above shall report to their supervisor any citation alleging that they were driving under the influence of alcohol or drugs. Failure to report citations within five days of issue may result in corrective action up to and including discharge.

b) For Cause Testing

- i. For cause testing is required when a staff/faculty member is suspected of reporting for duty or working while under the influence of alcohol and/or drugs. For the purposes of this policy, “under the influence” means the staff/faculty member is affected by alcohol and/or drugs or has recently consumed alcohol or drugs in any detectable manner. “For cause” testing is required upon suspicion of drug diversion (see [Controlled Substance Policy](#)).
- ii. Staff/faculty members will be required to undergo “for cause” testing under the following circumstances:
 - a. Observable abnormal or unusual behavior
 - b. Injury or accident for which medical attention is needed beyond simple first aid
 - c. Acts for which a staff/faculty member is responsible that involve injury to a staff/faculty member, patient or visitor requiring medical attention beyond simple first aid
 - d. Damage to Medical Center equipment or vehicle
 - e. Gross negligence and carelessness
 - f. Disregard for safety, life or well-being of any Medical Center staff/faculty member, patient or visitor
 - g. Reporting to work or remaining at work in a condition giving

the supervisor reasonable cause to suspect the influence of alcohol or drugs. Reasonable cause must have prior concurrence of two Medical Center staff/faculty members – preferably the supervisor, department leader or a Security or Human Resources staff member.

- iii. Supervisors should follow the guidelines below when a staff/faculty member is suspected of using illegal drugs or alcohol:
 - a. The supervisor will ask another leader or Security staff member to observe and verify suspicious behavior, if possible.
 - b. If the incident occurs between 8 am and 5 pm on a weekday, the supervisor will contact the Human Resources Business Partner (HRBP) to arrange for administration of a drug and/or alcohol test. If the incident occurs after hours, the supervisor will contact the Security supervisor.
 - c. The supervisor will prepare to meet with the staff/faculty member by listing the specific observations causing suspicion.
 - d. The supervisor will meet with the staff/faculty member privately and advise him/her that a drug and/or alcohol test for reasonable suspicion “for cause” or following accidents is required.
 - e. If the staff/faculty member agrees to testing, a Release of Liability will be signed through the supervisor, and transportation to the testing facility should be coordinated through Security outside EHS hours. During EHS hours, the supervisor is to notify EHS about the need for testing. EHS will evaluate the staff/faculty member’s health status and coordinate substance testing with Security.
 - f. If the staff/faculty member refuses testing, the supervisor will remind him/her that refusal will result in discharge. The supervisor will coordinate with Security a safe escort of the staff/faculty member off Medical Center property.
 - g. If testing is accomplished, the staff/faculty member will be placed on administrative leave until test results are received. (See [Performance Management Policy](#).) The supervisor will coordinate with Security a safe escort of the staff/faculty member off Medical Center property.
 - h. The meeting will be documented by the supervisor. The Security supervisor or designee will note in the documentation the procedure, especially describing any unusual acts or behaviors by the staff/faculty member, or the staff/faculty member’s failure to cooperate with the testing process.
 - i. An Employee Assistance Program (EAP) appointment is

scheduled by either the supervisor or the HRPB.

- iv. With any “for cause” medical evaluation or drug or alcohol screen test required, the following is expected to occur:
 - a. The staff/faculty member’s time spent related to any drug testing is paid time.
 - b. The Medical Review Officer notifies the staff/faculty member of the test results and determines if an acceptable medical explanation exists. (Thereafter, the Medical Review Officer will notify EHS of the final results. EHS notifies the HRBP and EAP.) The HRBP informs the supervisor of positive/negative results.
 - c. Tests with unacceptable outcomes require mandatory EAP involvement with a referral to an appropriate substance abuse professional and may require corrective action based on circumstances. With this outcome, consideration for random testing for a designated time period may also be required for continued employment under the guidelines of the Last Chance Agreement.
 - d. Drug tests will be administered by a laboratory certified by the National Institute on Drug Abuse.
 - e. All positive tests will be confirmed using gas chromatography-mass spectrometry or an equivalent test.
- v. Guidelines for certified Medical Review Officers are followed.
- vi. Department of Transportation guidelines are followed for those positions required in the organization. For licensed professionals, the Medical Center follows the licensing board’s recommendations for treatment and return-to-work programs. The licensed professional will undergo random testing through EHS, consistent with the random testing process, as for non-licensed staff/faculty members.

c) Counseling and Rehabilitation

- i. Voluntary Referral
 - a. When no reasonable suspicious or abnormal/impaired behavior is present on the job, staff/faculty members are encouraged to voluntarily request counseling or rehabilitation through the EAP. Such requests are strictly confidential.
 - b. Requests for time off without pay to participate in approved counseling and rehabilitation programs will be considered on a case-by-case basis.
 - c. A staff/faculty member’s job security will not be jeopardized by a request for counseling or assistance. However, corrective

actions may be administered to address behavior or performance issues in accordance with the [Performance Standards Policy](#).

ii. Medical Center Mandated Referral

- a. A staff/faculty member who has been referred for counseling or rehabilitation under this policy will be required to fully cooperate and participate in the program.
- b. The staff/faculty member may be instructed to undergo a medical evaluation or a drug or alcohol test at any time for a period of one year after being referred under this policy.
- c. Failure or refusal to fully cooperate and participate in the program or submit to a medical examination or drug or alcohol test as outlined in the Last Chance Agreement will be grounds for discharge.

iii. Time Off for Counseling/Rehabilitation

Work time lost will be paid according to eligibility for Benefit Time Off (BTO), FMLA or applicable short-term disability benefits.

iv. Effect of a Positive Test After Referral

- a. After a staff/faculty member has been referred for counseling through EAP to an appropriate substance abuse professional, a condition of the staff/faculty member's return to work is his/her promise to remain drug- or alcohol-free by signing a Last Chance Agreement. If the staff/faculty member is instructed to take a random drug or alcohol test and the results are positive, he/she may be discharged for violation of the Last Chance Agreement.
- b. Staff/faculty members identified as substance users through testing will be referred to appropriate evaluation and recommendations through coordinated efforts of EHS and EAP.

d) Confidentiality

All information concerning drug/alcohol testing results or rehabilitation and treatment of an individual staff/faculty member will be treated as confidential information. All such information will be accessible only to those Medical Center officials and designated medical or professional persons with a specific need to know. It will not be provided to any other party without the written consent of the staff/faculty member except pursuant to administrative process (such as a formal employee appeal) or legal procedure or process. Any staff/faculty member who willfully discloses such information in violation of this policy will be subject to corrective action.

4) Questions

Questions regarding how the policy applies to a specific situation should be directed to the Human Resources Business Partner.
