Planning Context

Wake Forest is a student-centered Collegiate University.

- Dynamic institution – new programs, changing needs of pedagogy and scholarship
- Current conditions do not adequately support existing programs
- Flexibility to accommodate future opportunities

Planning Context

- Clarify Campus Circulation
 - Entry/Arrival Sequence
 - Daily Circulation
 - Connections to Reynolda Village and Deacon Blvd
- Campus Open Space Network
 - Linked quadrangles
 - Forested perimeter
- Implementation of Transportation Management Program
 - Parking
 - Alternate Modes: pedestrian, bicycle
 - Transit and Shuttle
- Physical Limits to South Campus Development
 - Existing Development
 - Topography
 - Near Neighbors

Planning Principles

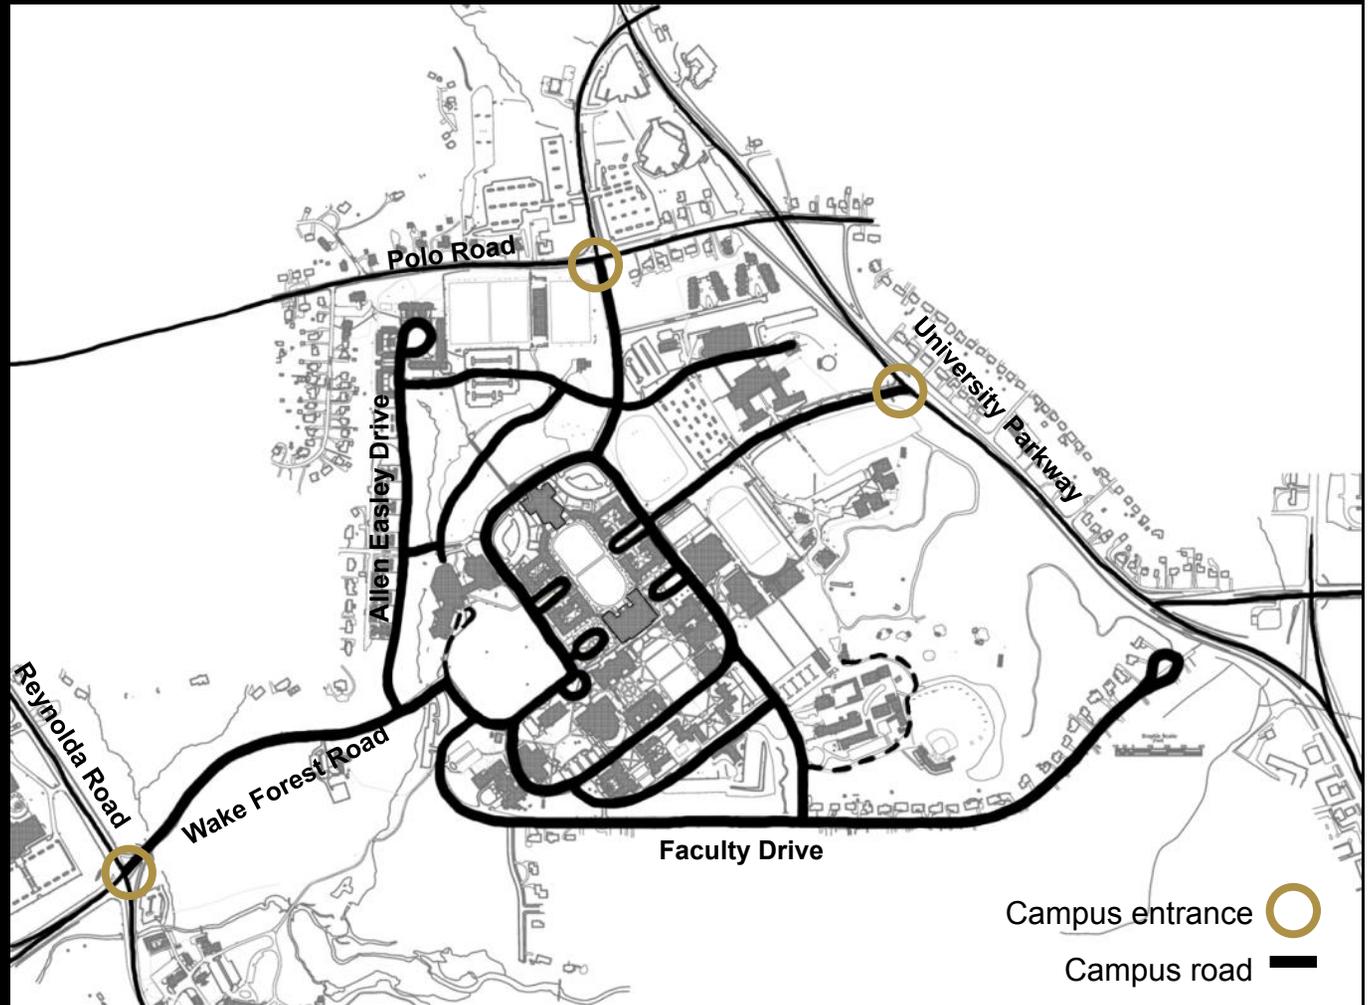

- Support Mission and Enhance Community
- Foster Connections
- Create an Inspirational Environment
- Respect Natural and Historic Beauty

Plan Goals

- Extend core “feeling”
- Expand pedestrian network
- Create a variety of open spaces
- Enhance campus ecology
- Connect to Deacon Blvd and Reynolda Village
