From Fall 1975 - Summer 2001, the undergraduate schools awarded course credits. Credits may be converted into conventional semester hours by multiplying the assigned credits by 0.9 (i.e., 4 credits = 3.6 semester hours). Students matriculating in the undergraduate schools beginning in Fall 2001 receive semester hours. The graduate and divinity schools award conventional semester hours.

The undergraduate and graduate schools changed to a plus/minus grading scale in Fall 1998. At that time, the graduate school also changed from a 3.00 point scale to a 4.00 point scale. Graduate students who matriculated before Fall 1998 but were still enrolled as of Fall 1998 had all earlier grades converted to the 4.00 point scale.

Transfer credit may be counted toward the graduation requirements, but grades earned in transfer are not used in calculating the Wake Forest grade point average. The grades appearing on the Wake Forest transcript are the actual grades earned, but the units shown are only those accepted for transfer by Wake Forest.

Departmental abbreviations are listed in the Bulletins. Some courses transferred from other institutions may have abbreviations not found in the Bulletin.

Repeated courses are flagged I (included in gpa) or E (excluded from gpa). For classes taken and repeated at Wake Forest, only one grade remains in the cumulative grade point average, based on Bulletin regulations.

TO TEST FOR AUTHENTICITY: Translucent globe icons *MUST* be visible from both sides when held toward a light source. The face of this transcript is printed on old gold SCRIP-SAFE® paper with the name of the institution appearing in white type over the face of the entire document.
